port of that organization in order to perform its duties. In fact, when NFCUS renewed her influence in the CUDA during 1953-54, the management of the debating association stumbled into a can decide! morass of confusion which is yet to be equalled. The Canadian University Press, too, conducts its affairs without recourse to the

organizational or financial assistance of NFCUS. Those who at- to ing to deceptive arguments.

2. Federal Government Scholarships: NFCUS, together with innumerable other organizations, was heard by the Massey Commission. NFCUS recommended that the Government prodecision of the Rockefeller Foundation to withdraw its financial aid to Canadian education unless the Canadian Government exerts itself in this field. The benefits, if any, which will accrue to us will hardly be the result of spasmodic activity on the part of NFCUS.

3. Overseas Travel: This bureau of NFCUS obtains booking at slightly reduced rates for students desiring to travel abroad and assists in the planning of their foreign tours. NFCUS pays

THINK!

NFCUS as an organization, and as an idea has been discussed at length in countless SRC meetings, has provided topic for many an argument and has been responsible for flaring tempers, usually "Government is a trust, and the officers of the government virtually unknown to the average student; NFCUS! What is NFCUS?

this has become a familiar phrase. The "Brunswickan", because of certain discrepancies it feels are implicit in the federation, has "Ignorance never settles a question."—Benjamin Disraeli. It is with the above in mind that we who are opposed to continued membership in the National Federation of Canadian University Students take to pen and platform in an attempt to

be put to other and more advantageous ends.

NOTICE!

Next week students at the University of New Brunswick will be asked whether they think U.N.B. should remain a member of the National Federation of Canadian University Students. This is a very important question and before you make your decision, please consider very carefully the ideal NFCUS stands for, what it has done, what it is doing, and what it could do. The letters NFCUS have had an unfortunate tendency to get lost in the shuffle of alphabetical agencies that bombard us; but these letters have a very special meaning for the university student. The aim of this article is to show you what these letters stand for.

N-for national is the first and perhaps the most important of very easily to isolationalism and provincialism. Fighting this re-Canadian students. The withdrawal of any university considerably weakens that bond and affects students all across the country.

bers, produced by the inherent weaknesses of the organization itself, have acted to preserve NFCUS through the onslaughts of its critics. Whenever the question as to whether one should become a donor to an organization arises, the logical course is to ask: "What benefits do I, or some other person whom I wish to help, receive from this institution?" This method will lead one to a conclusion as to the value of the organization. Let us examine the supposed benefits do I, or some other person whom I wish to help, receive from this institution?" This method will lead one to a conclusion as to the value of the organization. Let us examine the supposed benefits do I, or some other person whom I wish to help, receive from this institution?" This method will lead one to a conclusion as to the value of the organization. Let us examine the supposed National activities which NFCUS organized include the so-badly-needed, so-often-cried-for enigma-Canadian culture.

NFCUS also holds a national conference each year at which representatives from every Canadian university come together to discuss the problems which concern them all. Such things as national scholarships, the cost of textbooks, a national student insurance plan, and student administration relationships are examples of these problems which NFCUS has undertaken to work out.

NFCUS, then, is a national organization, to which we, as Canadians in the university community, should belong.

F-for federation-is the second word in the name. Like Remember that several universities have seen fit Canada, NFCUS is a federal organization. It has a national office withdraw from the federation. Their problems and committees in each member university. The job of the natempt to justify our continued membership in the federation on paralleled ours. It's no disgrace to withdraw from a tional office is to administer affairs of a national and international the grounds of the success of these two organizations are resort- federation, if that organization is not doing a useful job. level, while the job of the local committee is to implement national Also, it's a mistake to forsake such a body if there is plans on a local level and to deal with indegenous problems which Also, it's a mistake to forsake such a body if there is might arise. If one university withdraws from NFCUS, the whole federation and all the other Canadian universities are affected, is an ambitious task; if it succeeds, there are many as the whole of Canada is affected if one province fails to covide scholarships for students. To date no action has been taken. benefits to be derived from it; if it fails, its members operate. NFCUS spokesmen may go to the proviment at Ottawa If any action is taken, it will be taken as a result of the recent are deprived of money, time and effort which could asking for national scholarships and if they must say "We speak for Canadian university students except for those at the University of the whole request is considerably weakened. Don't let UNB be that weakening exception! A federation, to be strong

and effective, must have the wholehearted support of its members, and if it gets this support, and can speak with the united voice of Canadian students, it will provide them with the welfare and benefits that are its aim. And it must be emphasized that the

can participate.

Photographs, Art and Short Story Contest: NFCUS has 4. Photographs, Art and short story contest. INFCUS has budgeted \$100.00 to sponsor these undertakings. It is illogical to attempt to justify the gross deficiencies of NFCUS on the grounds that the federation supports these contests. They could easily be sponsored by an executive University and arrangements for same sponsored by an executive University and arrangements for sponsored by an executive University and arangements for sponsored made by an exchange of letters between the various student unions. 5. Income Tax Exemption for students: For 29 years

students have been promised such exemptions by NFCUS and for 29 years no such exemptions have been forthcoming. It is highly unlikely that NFCUS will ever be able to persuade the Government to give such exemptions.

Fifteen of NFCUS's 42,000 members took part n an Inter- February 14, 1956. regional Study Exchange Plan last year.

What, then you may ask, does NFCUS do with the approxi-ly \$18,000.00 it receives each year? The administration and salary expenses of the national office use up approximately \$11,500.00 of this income. To bring delegates back and forth from its annual conference NFCUS spends \$5300.00. Propaganda publications which until this referendum have reached only executive members of the various student councils, cost \$1200.00. This leaves approximately \$1,000.00 which NFCUS proposes to use to print membership cards, send delegates to various international student organizations, organize the art contest and defray unforeseen expenses. The above figures are taken from the 1955-56 NFCUS budget and show that it costs NFCUS \$17,000.00 to administer \$1,000,00 of your money.

And so we approach the conclusion of our argument against our continuing as members of NFCUS. It must be realized that the majority of those who ask you to "Vote No to NFCUS" are not opposed to the idea of a federation of Canadian university students. We are opposed to THIS federation of Canadian university effective and wasteful organization. U.N.B.'s withdrawal will not mean the disintegration of NFCUS, but rather may serve to make it aware of its responsibilities and duties-an awareness which has not been brought about by the speeches urging reform which have been made in the past by our delegates to its annual conferences.

And so we urge you to mark your ballot "NO" when you go to the polls on February 29th.

HAZEN MARR

but forced to go along with the

idea. This is the sort of thing

If I am elected, I will endea-

vour to put these ideas into ef-

fect. Also, I strongly urge you to consider the candidates for

that should be changed.

JIM MacDONALD

(Continued from Page 1) (Continued from Page 1) I urge all students to get out of the situation. The S.R.C., inand vote for the candidates that stead of promoting it from the will represent, faithfully, and beginning, waited until it was all protect your views.

In closing I should like to say that I am prepared to serve the students for the coming year if they feel that I am qualified to be their president.

Thanking you, I remain,

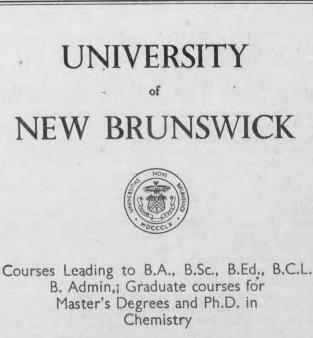

Yours very truly,

Jim MacDonald.

Although there is an inconspicuous notice to the effect that only reason NFCUS exists is because it was set up by Canadian \$2100.00 salary to a travel secretary who spends his time organiz-ing an activity in which less than 1% of the Canadian student body quite common for students to take the bottles up to the common C—is for Canadian. NFCUS attempts to overce room.

These bottles mark the table tops, and since accidents are voice for their needs.

J. C. MURRAY, Director Memorial Student Centre

C-is for Canadian. NFCUS attempts to overcome the divisions that afflict Canadian students and to speak with a united

plan is another of the valuable things NFCUS does NFCUS also brings students together in seminars between

As I believe that the majority of the students are in favor of it, French and English-speaking universities. This helps people of I request everyone to observe the rule that soft drinks not be the two main heritages in Canada to appreciate and understand each other more fully.

The national federation tries to help Canadian students in all parts of Canada to understand each other and to co-operate on mutual problems as Canadian students.

U-the very word "University" implies catholicity. All universities belong together; they all share the same enterprise, as do university students. The word implies a universality which does not stop at national boundaries. This article has already mentioned the catholicity which is so needed within Canada, and just as we are members of the Canadian university population, so we are members of the international student population. NFCUS provides us with very respected representation at international student conferences.

At conferences such as the International Student Conference, where national unions of students from almost every country in the world are represented, Canada speaks with an authoritative and respected voice. With the world situation as it is, with two camps facing each other, it is imperative that a country as important as Canada should have representation in international student affairs.

It is a fact that several national unions of students send representatives to NFCUS conferences, indicating the importance and esteem in which NFCUS is held in international circles. S—for student is the final word. All this is at the student

level. We think this is not a weakness, but a strength. Students are generally the more intelligent part of the population. Among them, with few exceptions, are the leaders of tomorrow. They should affirm national unity—which you will do on Feb. 29 by voting "yes." The cost, which you have already paid in your crudent face in fifty cents. It's a hargain made possible only by student fees, is fifty cents. It's a bargain made possible only by numbers. You can make the assertion and have the reality of national unity at the student level by voting YES on the NFCUS ballot, February 29.
