

INDEX

introduction	1
Field Experimental Work	2
Weather Conditions in 1914	4
Comparative Yield of Different Classes of Farm Crops	5
Rotation of Crops	6
Increase in Farm Crops	7
Continuous Growing of Varieties without Change of Seed	8
Increased Production Resulting from Superior Varieties	8
Influence of Seed Selection	10
Improved Varieties by means of Selection and of Hybridization	12
Co-operative Experiments in Agriculture	13
Loose Smut in Oats, and Stinking Smut in Wheat	14
Smut Resistance in Oats	17
Amounts of Oats to Sow per Acre	18
Grains Grown in Combinations for Grain Production	19
Varieties of Spring Barley	19
Varieties of Winter Barley	22
Varieties of Oats	22
Two New and Popular Varieties of Oats	26
Percentage of Hull in Oats	29
A Test of the Stooling of Oats	30
Classification of Wheat	31
Varieties of Winter Wheat	32
New Varieties of Winter Wheat	34
Varieties of Spring Wheat for Flour Production	34
Varieties of Macaroni Spring Wheat	35
Emmer and Spelt for the Production of Grain for Feeding Purposes	36
Wheat of Other Species	37
Varieties of Rye	38
O. A. C. No. 61 Rye	39
Varieties of Buckwheat	39
Varieties of Field Peas	40
Varieties of Field Beans	41
Varieties of Soya or Soja Beans	42
Vetches for Seed Production	43
Grass Peas	43
Cow Peas	44
Varieties of Flax for Seed Production	44
Varieties of Millet for Seed Production	44
Sunflowers for Seed Production	46
Varieties of Corn for Grain Production	46
Varieties of Sorghum for Seed	47
Experiments in Potato Growing	47
The Production of Root Crops in Ontario	49
Varieties of Mangels	50
Varieties of Sugar Beets and Sugar Mangels	52
Varieties of Swede Turnips	53
Varieties of Fall Turnips	54
Varieties of Field Carrots	56
Varieties of Kohi Rabi	56
Varieties of Parsnips	56
The Production of Field Root Seed in Ontario	57
Varieties of Corn for the Silo and for Fodder	59
Varieties of Sorghum for Fodder	64
Varieties of Millet for the Production of Fodder	65
Dates of Sowing Millet	67
Sunflowers for Fodder	67
Varieties of Rape, Cow Cabbage, Kale, etc.	67
Miscellaneous Leguminous Crops for Green Fodder	69
Pasture Crops in Ontario	70
Annual Crop for Pasture	70
Pasture Crop for Two or More Years	72
Cror. for Permanent Pasture	72
Alfalfa Growing in Ontario	73
Conclusion	75
