The Medical Session extends over Michaelmas and Easter Terms.

Those who are desirous of attending particular courses of lectures, although not members of the University, may be admitted as occasional students, but such attendance will not be regarded as a qualification for a degree.

In October, 1846, the College Council established seventy-two Scholarships: three for each of the districts into which Upper Canada is divided, six for Upper Canada College, and six for the University. They are tenable for three years; and the advantages to be enjoyed during that period are, by the District and U. C. College Scholars, exemption from all dues and fees; and by the University scholars, in addition to the above, the privilege of rooms and commons without charge. The Examination takes place in October.
