The Patent Fused Joint

AS USED IN OUR

HECLA FURNACE

is the most valuable improvement in furnace construction in recent years. By means of this patented method we fuse the steel and iron which go to make up the dome and radiator into **ONE SOLID CASTING.** There is no danger of cement falling out, to let the dust, smoke and gas escape into the house. Another feature of the Hecla is that it will burn

EVERY KIND OF FUEL

COAL, WOOD OR PEAT.

Send us a sketch of your house, and let us give you an estimate.

"Making Fast Time"

We are making a great record. No other fence can compete successfully with the "Page." We now make our own wire and so get just the peculiar quality we need. Hence, we now furnish a still better fence than ever. Prices lower this year. Better look into it. Not room here for prices. We also manufacture lawn fences and gates. High in quality and low in price.
