BUSINESS EDUCATION!

HAMILTON COMMERCIAL COLLEGE.

Corner King and James Streets.
(Over Federal Bank.)

THIS INSTITUTION offers special terms and advantages to

YOUNG GENTLEMEN AND LADIES

desiring a thorough, practical Business Education. Its course of instruction embraces all the branches necessary to complete commercial training, and is second to none. Its teachers are well qualified for their work, and the number of pupils is limited to what can be properly attended to. Everything connected with the school is the newest and best. No old system has any place in its curriculum.

The location of the College is in the best spot in the city of Hamilton, overlooking the Gore Park. The rooms are large, airy and newly furnished throughout. It will pay to call before applying elsewhere.

Send for circular.

BLUEBERRY PLANTS.—The Blueberry is a very profitable fruit to grow for market. It succeeds on high as well as low ground, and is an enormous bearer; will yield 100 bushels per acre under ordinary cultivation, and bears abundantly the first season after setting out; they are perfectly hardy, never known to winter-kill in this latitude. I am very anxious to have the Blueberry introduced in all parts of the country, and will send one dozen plants by mail for 60 cents, 2 dozen \$1, 100 by express \$2 50. Address,

Notices.

Our readers will notice by referring to our advertising columns that Mr. Henry Arkell, of Arkell P. O., near Guelph, intends holding a great sale by auction, on the 10th September of pure bred and high grade Shorthorn cattle, Cotswold and Oxford Down sheep, Berkshire pigs, &c., &c. The sheep are mostly imported stock. As a prize-winner, Mr. Henry Arkell's name stands high, and is a guarantee of the excellence of the stock which will be offered for sale.

The Directors of the Blanshard Agricultural Society intend holding their annual fall show at Kirkton on October the 9th and 10th, when liberal prizes will be given.

The attention of our readers is directed to the advertisement of the Alma Ladies' College, St. Thomas, Ont. The institution is deservedly popular and those desirous of making use of its many advantages, could not do better than to apply to Principal Austin for particulars.

We have seen an analysis of the Excelsior Fertilizer made by Thos. Aspdon & Son of London, Ont., which proves it to be fully worth its value to any farmer who uses it judiciously. So popular has this fertilizer become with those who have tried it, that the firm has difficulty in supplying the demand.

Good crops, steam threshing, and happy results.—Mr. Geo. White, of London, has recently started no less than five of his threshing engines within a short distance of Guelph for the following gentlemen, viz., Messrs. McPhee & Grant, Mr. John Clarke, Messrs. McLaren, Mr. John Lamb, and Mr. John Fisher. The White Engine seems to handle the various separators as though they were playthings. The turn out of grain is very satisfactory in some cases, threshing as much as three bushels per minute. These engines were sold chiefly through the reputation of one purchased from Mr. White by Messrs. Murphy and Gordon last year. Result, a lot of happy men and White taking home \$4,000 of gilt edged paper.
