Washed in 1 minute

Count the pieces - notice the difference-and you'll understand why the one who has to do the cleaning prefers the simple Sharples Tubular.

There are other advantages just as much in favor of the Tubular. Write today for catalog V-186-it tells you all about the gain, use, and choice of a separator.

The Sharples Separator Co. West Chester, Pa.

Toronto, Can.

One Minute's Washing as compared to at least fifteen. Wouldn't you like to save at least fourteen minutes twice a day?
One minute with a cloth and brush cleans the absolutely simple Sharples Dairy Tubular Cream Separator bowl shown in the upper picture. It takes fifteen minutes to half an hour with a cloth and something to dig out dents, grooves, corners and holes to clean other bowls-one of which is shown in lower picture.

Washed in 15 to 30 minutes

Jersey Bulletin:

THE VERY LATEST TREATMENT

FOR MILK FEVER. George F. Weston, of North Carolina, contributes the following article to the

Driving by the house of a small neighboring farmer the other day, I noticed frantic signals from his betterhalf-evidently of distress, so I stopped, although on my way to take a train.

Her cow-a good one- was sick, and they did not know what was the matter, although they thought she "might have eat something." It was a plain but not a very severe attack of milk fever, and inquiry as to past treatment brought the information that they had done "everything," and everything here consisted of the following, administered internally, between 11 and 11.45

One quart melted lard.

One "dose" turpentine

One-half of one black draught (?). One pound of Epsom salts.

One-half dozen raw eggs

One quart linseed oil (did not know if boiled or raw)

Tongue scraped, and "vou never saw such a lot of black-beaded worms as I

External application of turpentine

There was fight in the old cow's eves; nothing to use to give air treatment; and I had to catch the train; so I told them to give her a rest, keep her warm through the night, and she would prob- were weeks or months ago. When ably recover.

WEAK MEN, LOOK!

Chicago, III.

Take This Belt for What it is Worth. Wear it Until You are Cured—Then Pay Me My Price.

I have learned to put a lot of confidence in men, especially men who are weak, sickly and delicate, who have tried everything to restore their vitality and failed, who have lost faith in themselves and rumanity in general, because they have been led to try so many remediate which were no more was they have been led to try so many remediate which were no more was they have been led to try so many remediate. dies which were no more use than as much water. These are the men I want to wear my Belt, and I will wait for my pay until they are cured. All I ask is that they give me reasonable security while the Belt is in their possession and use. If it don't cure you it costs you nothing. Is there anything more fair?

Where there is any physical constitution to work on, my treatment will develop perfect manhood. It will take the slightest spark of manly vigor and fan it into a flame which will encompass the whole structure and charge every nerve and muscle in the body with

whole structure and charge every nerve and muscle in the body with the vigor of youth.

Every man should understand that physical power, large muscles, strength and endurance come from animal electricity. My treatment will pump every part of the body full of that, and perfection will result.

It not only restores vigor and increases nerve power, but it cures Rheumatism, Pains in the Back and Kidneys, Indigestion and Consti-

Rheumatism, Pains in the Back and Kidneys, Indigestion and Constipation, and all troubles which result from weakness of any vital organ. Dr. McLaughlin:

Dear Sir,—The trouble for which I purchased your Belt has entirely disappeared. It was only after a great deal of hesitancy and enquiry from your patients that I bought one of your Belts, but I am now glad that I did. My back is perfectly well, and I never was so strong or felt so well as I do now. Yours very truly,

GEORGE A STARK.

Dr. McLaughlin:

Dear Sir,—I have worn your Belt for 4 weeks, and am well pleased with it. It has done me a great deal of good. My back don't bother me so much, and I have had no losses this last fortnight. Wishing you success with your Belt. I remain, yours truly,

JAMES FOWLER
