Sur-face development determined the dip of the ledge. J. H. Hughes of the banking firm of Strong & Hughes, died Sunday afternoon, the cause being inflammatory rheumat-ism. He was 53 years old, and had been confined to his room several weeks. He will be buried here, under the auspices of the Masons. He was a live, energetic business man, who has left many friends in the camp he contributed so much to build up. Charles Liftchild, Van B. De Lashmutt, and several parties arrived this afternoon to look over their mining interests, both in this and surrounding camps. THE REPUBLIC CAMP.

News From That Camp and Those in That Neighborhood.

Republic, May 10.—[Special.]—The fun-eral of Banker J. H. Hughes today was the largest Republic has yet seen. He was buried under the auspices of the Masons. There is no lodge in Republic, but Masons of high degree were here; Rossland contributing J. C. Caie, E. S. Larsen, M. A. Green and others; Knights Templars attended also, and the white aprons as the men marched along under the green branches of the pines and tam-aracks was rather a picturesque sight. acks was rather a picturesque sight. On the Malbra, the property of the Un-

ited States & Canadian Gold Mining company, principally owned in Rossland, work is progressing in good shape. Here the management is doing the sensible work of the camp, that is, stripping the ledge to find the rich pay chute. All the large companies are now adopting this method. When the Malbra chute is found

They are two well-known mining men and have mining interests here, which they are at present investigat ing. H. E. D. Merry of the B. A. C., has re-H. E. D. Merry of the B. A. C., has re-

H. E. D. Merry of the B. A. C., has re-turned, and is again looking over the mines in the camp. A tunnel is being run on the Pearl and a shaft is also being sunk on one of the rich chutes of the ledge. The Pearl is a close second and a more than probable rival of the Sunrise. Both are under the careful supervision of Superintendent tes of the ledge. The Pearl is a mine should be placed on the list of regu-sond and a more than probable lar shippers. Another Springer creek property, the Bavis is in town from Davis' a the south half, and reports his es looking very encouraging. The plies taken out. development work is progressing scealiny and satisfactorily. Dr. D. C. Newman and E. T. Steel of Spokane, are here looking over their var-ious mining interests, and are making a daily tramp through the hills, accom-panied by a kodak. C. C. Post is in from Eagle Rock, six miles southeast from Republic. He has been running a tunnel on the Bevis Croz-ier claim, and his assays today are \$5.17. As yet they are in only 10 feet, and the assay is considered unusually good, as the ledge is gradually widening. C. C. London, May 17.—Sir Henry Irving, who has been suffering from the effects of in-fluenza and throat trouble, is much better today.

His relations with the missing woman were a matter of much notoriety, culminating as they did in her disappearance, that Gibson got a hint from the authorities to leave town. He is said to have gone to Spokane. Many people here advance the theory that Miss Drake has quietly left town, and that she threatened suicide simply in order to get rid of Gibson. The missing Cyprian was about 22 years of age
