THRASHING MACHINES.

LETTERS PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others to use within the territory of Upper and Lower Canada,
SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,
one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed a new and extensive manufactory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodations they had in the old shops, which will accommodate them, they trust, enable them to supply their friends and customers, and the public generally, with machines with a dispatch unknown in a farming community of the United States. Machines that will thrash and clean more grain in a day, with less expense and with greater cleanliness, than any other known invention—only requiring two horses.
In return for the favors of our customers and friends, that we are again prepared to furnish those in want of Thrashing Machines with an article superior even to those heretofore manufactured by us.
Long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying, that for durability, neatness of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and none of it broke, or wasted, it is, at the same time, perfectly cleaned, fit for the Mill or any Market.
All orders addressed to us, or our Agent, Wm. JOHNSON, will be promptly attended to.
Machines shipped to any port in Canada, and every one warranted to be as good as represented.
Liberal terms of payment required.
H. P. PAIGE & CO.

Whereas Letters Patent were obtained, bearing date March 5, 1849, on said Machine, the public are cautioned against purchasing, using, or counterfeiting any imitation article, as all infringements will be dealt with according to the law of the land.
All genuine Machines will be accompanied by a Deed signed by H. P. Paige, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using said Machines.

BUTCHART'S RESTORATIVE BALSAM.

THIS invaluable Medicine has been sixteen years before the public, and has invariably been attended with unparalleled success,—indeed it may be justly considered INFALLIBLE in the cure of Bloody Flux or Dysentery, and all Looseness of the Bowels, in old or young. Its effects are palpable. Within a few minutes after a full dose has been taken complete relief is obtained. This Medicine is the invention of the late Doctor Butchart, Dundee, who, from long experience and extensive practice, has brought it to its present state of perfection in the cure of the above diseases. The ingredients of which this Medicine is composed are most salutary and beneficial to the human system. A single trial will satisfy any one as to the truth of this statement, and we can with the greatest confidence recommend it to the public as a sure and safe remedy.

FAMILY TEA, COFFEE AND SUGAR WAREHOUSE,
No. 109, Notre Dame Street.

SAMUEL COCHRAN invites the attention of Customers to his stock of TEAS and COFFEES, which have been selected with the greatest care, and on such terms as allow him to offer them at unusually low prices.
The MACHINE from the Premises, worked by a Four Horse Power Steam Engine, for Roasting and Grinding Coffee, is on the most approved plan, the Coffee being closely confined in *polished* and *tinned* spheres, which are constantly revolving and mellading in *heated air chambers*, is prevented imbibing taint from Smoke, danger of partial carbonization of the Bean and loss of Aroma, so important to *Connoisseurs*, which is further ensured by attention to Grinding at the shortest time prior to Sale. To this elaborate process SAMUEL COCHRAN owes the high reputation his Coffee has obtained through a large portion of the Province.
CRYSTALIZED SUGAR (much admired for Coffee); REFINED SUGAR in small loaves, and WEST INDIA SUGARS, of the best qualities, always on hand.
A few of the choicest selections of TEAS may be had at the CANTON HOUSE, in Native Catty Packages, unrivalled in flavor and perfume, at moderate terms.
Families residing distant from Montreal will have their orders scrupulously attended to, and forwarded with immediate despatch.

PRICES OF BOARD FOR THE SEASON OF 1851:—
FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.
Caledonia Springs, 2nd June, 1851.

(Extract of a letter from P. J. Larroix, Esq., of Montreal.)

I beg to state that in July, 1840, I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, and, in the observation of many years' experience, most invigorated as they have been by a great many patients of mine and others, labouring under formidable affections and the different forms of debility to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from that dreadful malady, can justly appreciate their wonderful salutary effects. I can testify from personal experience in this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on this Continent, resort to the Caledonia Springs, and other celebrated Mineral Waters, and others that could do more harm than good, and at last was left to drag on my weak and emaciated frame, and with health, strength, appetite, and activity entirely destroyed. Striking as such results are, the restorative action of these Waters, the intermittent and sulphur Springs in particular, have been almost equally efficient in other diseases, such as Leprosy, generally related to other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of these cases that have hitherto been pronounced incurable, would have been cured by a more extended use of the Springs. These three Waters have proved in many diseases as a specific, hence to be generally admitted, and the most respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.
H. MOFFAT,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 13th December, 1849.

DEAR SIR,—I have to congratulate you on the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable Certificate with more than usual propriety, many of my own Patients having derived benefit from the use, of the efficacy, and from which few have come under my notice, in which a perseverring use of the Caledonia Waters promised to be attended with results. Chronic Rheumatism tasks the first. Many of the cases in this disease have been truly astonishing. I met with a case last summer, where the individual, a delicate female, had been suffering severely more than nine months; she had completely lost the use of her hands and could only walk a few steps with great pain and difficulty. After a residence of three weeks at the Springs, she returned free of pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspepsia and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.
In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the acknowledged virtues of the Waters) the great outlay you have made in the improvement of the place, and the attention paid to in the management of the Springs, which you bestow to the unwearied care and convenience of your Boarders, justly entitled you to a large share of public patronage and support.
I remain, dear Sir, very truly,
GEORGE W. CAMPBELL, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

MONTREAL, December 5th, 1849.

SIR,—I beg to state that I consider the Caledonia Waters efficacious in cases of Dyspepsia, Chronic Rheumatism, or where the constitution has been impaired by the injudicious use of Mercury, and ill-treated Syphilis; I would also add, Chronic Affections of the Liver. I have frequently recommended their use in the above complaints, and witnessed their great efficacy. I hope that the benefits that are derivable from them may not be lost to society, for the unfortunate and almost universal use they have been lately put to, and like the fate of many of our other excellent remedies, fall into unmerited disrepute.
I have never visited the Establishment, but I have often heard it most favorably spoken of.
I am, Sir, your obedient servant,
JAMES CRAWFORD, M.D.

To the Proprietor of the Caledonia Springs.

☞A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.

EDUCATION.

THE central position of Three Rivers in Eastern Canada, its quietude and healthfulness, and its possession of the advantages of ready communication with other parts of the Province by means of Telegraph, Stage and Steamboat, seem to point it out as a place well suited for the establishment of Seminaries for the education of youth.

* The Rev. James Tate, latterly Canon Residentiary of St. Paul's Cathedral, in addition to many other contributions to the cause of literature, was the father of Bernhia Bethlehem, of an Introduction to Greek Metres, and of a Contemporary History of St. Paul, works all favorably known to men of letters.
Out of a small number of pupils, completed with the present Settlement, that (independently of the acknowledged virtues of the Waters) the great outlay you have made in the improvement of the place, and the attention paid to in the management of the Springs, which you bestow to the unwearied care and convenience of your Boarders, justly entitled you to a large share of public patronage and support.
I remain, dear Sir, very truly,
