"I've Got Wise--Know Enough Now to Wear Gloves."

"Used to have my hands all crippled up—
"Everlastingly peelin' my knuckles—always
scratching my hands on the edge of metal plates—
"But now I wear gloves; and say, it's far
better than nursing hurt hands. These are

"Asbestol" Gloves.

"I've worn 'em every day for Lord knows
how long—Don't look like they'd ever wear out,
do they? Not a sign of a rip any
place.

"I'm just as nimble-fingered as
can be, and they fit well too.
"Wash like cloth—dry soft as new
"Never get hard or stiff, sweat,
oil, grease, or water don't injure
them.

"You certainly get splendid value
every time in these "Asbestol" gloves.
Look for that "Asbestol" trademark—
it's the only way you can be sure of
the genuine. The prices are low.

"A Great Record."

Out of the hundreds and hundreds of FRASER engines we have sold using kerosene as fuel exclusively we do not know of one owner who would not give us his unqualified endorsement that the FRASER is the best engine made, and the easiest to set going and keep going. We have over one hundred letters from parties who bought FRASERS in places where there was no other engine, these parties set them up without any assistance and ran them all summer without the slightest trouble and never a stop.

This is the kind of engine to buy. FRANKLIN'S AGENCIES LTD., ST. JOHN'S, N.F.L.D., AGENTS.—Jan 24, 14
