WILL JOIN WESTERNERS

Maple City Cricket Club Will Send Representatives on the Touring Team.

Local rip Wil Probably be Postponed Until Next Season.

At the meeting of the Cricket Club held on Saturday evening at the Garner House it was decided that it would be impossible to follow strictly the outline of the proposed tour. Two W. T. Gregory, of Learnington, was very important questions were considered, viz., the ability to get the out-Thomas Glasgow, of Tupperville, is side men, which were being depended Barron Reddick, of Detroit, is vis upon, and the advisability of sending a purely Chathan team or uniting with the Aylmen team in the "West-erners for Toronto." Bert White and Jas. Glover are

Letters of regret were received from Messrs. Stuart, Marcon, Grylls and T. Bamford, but none of them were to the point in definitely refus-

The idea of sending a purely Chatham team would be suicidal to cricket, for the simple reason that a good showing would be expected and the batting is not of the highest order, while the Toronto teams are stronger in this respect than in bowling. It would also be necessary to play the Toronto and Parkdale teams, which are considered stronger than the Gordon McKays, although the honors were evenly divided between the Chatham and the Gordon McKay teams still it is generally conceded that they are superior to our team in batting matters have been fully consid Fire broke out just about 4.10 in the the barn belonging to Mr. Milner, on Harvey street, and has spread to his ered by the club and it was the gen eral opinion of the meeting that for the present year it would be advisable to send representatives on the team

Westerners for Toronto" instead of purely Chatham team. The prospects are bright for an en-couraging trip next year, which will do honor to our good old city and not reflect upon the time-honored reputation of cricket in Chatham. It is a matter for congratulation that so many of the young men are gradually developing into cricketers of repute, and it is getting to be an every-day question not the least uncommon to know who is the latest "phenom." With the natural advantages which Chatham possesses the

parents should make it a point to see that cricket is part of the son's It is the associations connected with the game that will brook anything but good conduct and gentlemanly be havior on the field, where games bring out so forcibly a deteri-

orating influence in this respect. Messrs. Kenny, Richards, Aitken and others have been invited to play on the Westerners. The interest in this team will, no doubt, be more general, as the team will comprise the best players of the west, and it will bring out the comparison of the relative standing of the east and west, and possibly representatives will be chosen on the International from the

FINE TRIP

Those who took in the C.O. F. Excur s'on Yesterday Spent a Most Enjoyable 1 ime.

St. Joseph's Court, No. 241, C. O. F., gave a very successful excursion to Algonac on the Str. City of Chatham yesterday. A very large number at-tended and about \$300 was realized. The excursionists enjoyed a very pleasant trip both coming and going. Lorriman's orchestra was in atten-dance and furnished excellent music for the dancers, who occupied the floor during the whole trip. The Ladies' Aid of St. Joseph's Church sold

refreshments on board.
Arriving at Algonac a number races were run off, for which suitable prizes were offered. The most interesting of these were, the fat man's race, won by Albert Doyle, second Matt. Doyle, and the Foresters' race, also won by A. Doyle, srcond T. J. Doyle, and third W. O'Brien. There were also free for all and boys' races. In the open race H. Northwood carried off the prize.

WIN AGAIN

Maple City Bowlers & fier. First Place in County Series.

The Chatham bowlers won the game with Thumesville here yesterday afternoon by 10 shorts. The game was very closely contested and very interesting. The following is the

THE RACE.

To-day's Contest Between Invad er and Cadillac.

he Challenger's Stock is Now Going up- 4 Brisker wind to-day. Special to The Planet.

Chicago, Aug. 14.-The fourth day of the international yacht races for the Canada-s cup broke clear and warm, with all the weather signs favoring light sailing breeze, and an almost smooth sea. Although both boats were built for

just such conditions it was generally conceded they suited the Canadian challenger better than Cadillac, and there was considerable apprehension that Invader might win again to-day and lift the cup. This feeling was not altogether

founded on a belief in Invader's superiority in anything but heavy weather, because it had come to be realized that the Canadian yacht has the better crew.

However, the great uncertainty which enters so largely into yacht racing was not overlooked by shrewd sailors, who by no means were ready to concede ultimate victory to the Canadians.

To-day's course is nine nautical miles to windward and return or just the opposite.

If the wind holds as at present the rival yachts will start with a light beat to weather out into the lake with a spinnaken run for the return trip; but a shift of the wind may make it necessary to sail to leeward along the shord and beat back.

Chicago, Aug. 44.-The challenger and defender of the Canada's cup started on their fourth race at 11 a, m., to-day, with an off-shore wind, blowing 12 miles an hour in the southwest.

George Wilds says a southwest wind off shorts has beretefore left the Cadillag with scarcely any wind at all out in the lake. Weather bureau says the wind will tend lowards the east as the sun rises but there are no indications of in-

creased velocity.
Invader, having two races, gets the cup if it wins to-day. Off short wind is uncertain, and more apt to be puffy, which is to Cadillac's advintage, as Invader is more tender. Shaw did not sail on the Cadillac.

(Special to The Planet.) Chicago, Aug. 14.-Once again Invader out-jockeyed the Cadillac at the line and secured the lead on the start, which she increased.

At 1.05 Invader was leading by

KNIGHT VS. SCOTT

Trouble Arising out of an Act on Tried Before Judge Bell Last June

The executors of the Knight estate, through their solicitor, J. B. Rankin, have issued a writ against Mrs. Scott and James Wright, of Chatham township to set aside the transfer of her property to Wright, also of Chatham township. This is a continuation of the case of Knight vs. Scott which was tried before Judge Bell lasy June.

The legal affairs of these two parties are now in a very complicated condition. The facts of the case are these. When Ches. W. Knight, late of Chatham township, died, he left a will leaving certain of his property to Mrs. Scott. Later he had one drawn out leaving the estate to his family Immediately upon his death, Mrs Scott tried to set aside the second will and put in her claims, which were drawn out in the first one.

The executors of the estate, how-

ever, brought an action to set aside the first will, which was against the family.
(Mrs. Scott fought the case and lost it, the judgment being given against her with costs.

Just before the judgment was given, however, it appears that she transferred her property, on which there was a mortgage of about \$3,500, to one James Wright, so that she had no land from which to recover the costs of the case. The account was given to the sheriff, but he could do

nothing toward collecting it.

M.s. Scout, through her solicitor,
F. W. Smith, then tendered the executors of the Knight estates a corthey refused to take it as they said, that according to their computation of was not enough. Mr. Smith on Monday issued a writ

Mr. Smith on Monday issued a writtagainst the executors of the Knight estate to compel them to allow Mirs. Scott to redeem the mortgage. On the following Tuesday J. B. Rankin, solicitors for the Knight estate, issued a writtagathest the defendants, Mirs. Scott and James Wright, to set aside the transfer of the property from Mrs. Scott to Mr. Wright. These is the situation of affairs at the present time, and it is now a matter of speculation as to what will be the outcome.

LOSS OF APPETITE. Is commonly gradual one dish after another is set aside till few remain. These are not eaten with much relish, and are often so light as not to af-
