### RELICS.

A visitor calling on an Irishman who had the credit of being a lively heckler at political meetings, said:—"What's that, Mike, that you have in the glass case?"

"Oh, that's the brick I got agin' my head at the last election."

"Oh, and what's that little flower on top of it for?"

"That's the flower from the grave of the man that threw it."

### THE MUCK RAKE MAN.

Madam, might I rake your lawn? The speaker, albeit he had a festive eye, did not look like a regular tramp.

What will you charge me for the woman asked.

The usual space rates, thus replied the applicant.

Thinking that he was crazy, she slammed the door in his face. How could she know he was but a magazine muck rake out of a job?

# Cool Things to Tuck Hot Feet Into

The man, woman or child who is wise enough to wear White Canvas Shoes can watch the thermometer work overtime without a quail.

From 75c to \$1.00 for Child.

\$1.00 to \$1.25 for Girls.

1.25 to 2.00 for Women

2.00 to 2.50 for Men,

These Goods are Special Value. Call and See Them.

## BURNS TO THE WATER'S EDGE

Gasoline Launch Lady Grey  
Blows Up in Toronto

### EXCITING FEW MINUTES

Toronto, June 18.—The explosion of a ten-gallon tank of gasoline caused the burning of the new \$1,000 launch, Lady Grey, owned by Henry Larkin, contractor and builder, of Sunnyside, in the bay Saturday night. No lives were lost.

The incident occurred about 8.30, just as the Lady Grey was opposite the Canoe Club and heading for Hamilton's.

Mr. Larkin was forward at the wheel. He heard a slight explosion at the engine and turned to look that way, when he received a violent shock from behind, which threw him over the engine and landed him all in a heap at the stern. The boat was then completely enveloped in flames.

Engineer Angus Todd called out "Jump!" and ducked into the water. Mr. Larkin didn't jump, but rushed to the bow, grabbed the heaving buoy and started back through the flames to the stern. He was going to use the heaving buoy as a life-preserver, but the big "was canoe" came up opportunely and he stepped in.

Todd in the meantime caught the rear of a small canoe and was landed at the dock. The force of the explosion blew her stern off and other wise wrecked her before the flames completed her destruction. Mr. Larkin was rescued by another canoe.

**The Crew is Safe.**  
Victoria, B. C., June 18.—The arrival at Quilley of Capt. Maloney of the burned gasoline schooner Argus, with Mrs. Maloney and all of the crew, minimized the importance of the latest marine disaster of the northwest Pacific. The destruction of the vessel occurred through an explosion of gasoline.

**Sacrifices Life.**—John Colbert, of Dominion Mine No. 2, met with a fatal accident Saturday afternoon. He tended Sydney and Glace Bay crossing where electric and banking station roads cross at right angles. He had just stepped from an electric car to pass when he noticed three runaway cars coming down the grade. To avoid a smashup he removed the frogs, but was run over before he could get away. Both legs were terribly mangled. He died yesterday.

**Small Boy Drowns.**  
Smith's Falls, June 18.—A drowning occurred Saturday afternoon. Several small boys went in swimming in the old near McCreary's locks, when one of them, the 11-year-old son of James Bigford, got out of his depth, and was drowned.

**Woman and Man Drown.**  
Montreal, June 18.—Emilie Picotte and Mrs. Yvonne Gagnon were drowned in the St. Lawrence opposite Dominion Park yesterday afternoon by the upsetting of a rowboat, in which, at the time, were Picotte, Mrs. Gagnon and a man named Money. As soon as the boat upset the woman disappeared, but the two men held on to the boat, and a party put out to their assistance. Picotte, however, was overcome by exhaustion, and sank before he could be rescued.

**Babe Drowns in Cistern.**  
Stratford, June 18.—The two-year-old son of John Kergus of Listowel fell into a cistern and was drowned.

**Sailor Chokes to Death.**  
Kingston, June 18.—Saturday evening at 7 o'clock John Kane choked to death while swallowing a piece of beef steak in Walker's restaurant. The piece was so firmly in the gullet that all efforts to get it up or down were unavailing, and the man died in a few minutes. The deceased was 70 years of age, and was an old sailor.

**37 Firemen Overcome.**  
St. Paul, Minn., June 18.—The six-story Ryan annex building was gutted by fire yesterday. The damage to the building and stocks of the occupants is \$450,000. Several firemen were cut by flying glass, and thirty-seven were overcome by heat and smoke. All of them will recover, with the possible exception of Lieut. Edwards.

**Ground Alive With Cement.**  
Easton, Pa., June 18.—Jared B. B. 18 years of age, fell into a mill at the plant of the Alpha Cement Co., at Martin's Creek, Saturday afternoon, and was ground to pieces alive.

**Big Mine Affre.**  
El Paso, Texas, June 18.—Word has been received from Santa Eulalia, a mining camp in Chihuahua, Mexico, 300 miles from here, that Buco Tierra mine is afire and the seven men known to have been asphyxiated.

**WASHOUTS CAUSE WRECKS.**  
Flooded Tracks in New York State Stall Trains.

Ballston, N. Y., June 18.—Relief trains which were sent to the assistance of a Boston & Maine Railroad passenger train, wrecked near Schuylerville Saturday, are stalled several miles from the scene of the wreck. There are several washouts on the line.

The passenger train, which was due to reach Saratoga at 6.40 a. m. Saturday was derailed in a washout. Martin Welch, the fireman, jumped when the engine left the rails and was badly hurt.

None of the passengers were injured. 20th Century Flyer Wrecked.

Buffalo, June 18.—The Twentieth Century Flyer on the Lake Shore Railway, was wrecked near West Seneca, two miles west of here, yesterday. The wreck was a bad one, and it is considered miraculous that no one was killed. One day coach and five sleepers were badly smashed. There were 67 passengers on the train. All of them were badly shaken up and a few slightly bruised.

**Big Steamers Collide.**  
Detroit, June 18.—The 318-foot steamer Manchester of Milwaukee is reported to have been damaged on Lake Huron, in a collision with the steamer Steel King. The collision occurred off Harbor Beach in a fog. The Manchester was beached at Harbor Beach, and it is thought she will be able to proceed under temporary repairs when she has been lightened of enough cargo to raise her 5 feet.

**Ocean Liner Aground.**  
Whitehall, Mich., June 18.—The steamer George of the Goodrich Line, ran aground during a fog Saturday, on the shore of White Lake, while en route from Chicago to Whitehall. The passengers are in no danger, but it may be difficult to release the vessel.

**Jap Transport Strikes Mine.**  
Tokio, June 18.—The Japanese transport Toyotomi struck a mine Thursday evening near 24 miles off Ioshima, Corea, and sank immediately. Fifty of the crew are missing.

**Another Death.**  
Liverpool, Eng., June 18.—There was another death Saturday afternoon as the result of the explosion on June 14 on board the steamer Haverford, bringing the total deaths to eleven. Several others of those injured are in a serious condition.

## FINED FOR THE FRAUD

County Judge Wells Regrets Canada's Lenient Law

### ACT IS DECLARED BAD

St. Catharines, June 18.—The case against George H. Clark, the manager of the Ontario Silver Plating Co. of Niagara Falls, was called before County Judge Wells in the Welland County general sessions of the peace Saturday morning. The defendant pleaded "not guilty" to a charge of conspiracy to defraud, and the Crown offered no evidence and the judge dismissed him.

The plating company was indicted on four separate charges—one of manufacturing goods for the purpose of defrauding the general public and three of having disposed of the goods illegally stamped. A plea of guilty on each count was received and a fine of \$150 for each, making the total \$600, was imposed.

**Judge is Severe.**  
Before passing judgment, His Honor took occasion to make very strong comments upon the case before him.

He contrasted the difference between the fraudulent marking of goods and movements toward the better observance of Sunday and license acts, the former being termed the most vulgar, disgusting and degrading thing for men to perform, and stated that the greatest curse of the present day was that men would sacrifice their character, their integrity and their souls for the gaining of a few paltry, miserable dollars.

Continuing, His Honor said that preachers of the Gospel should cease talking of laws that are not laws in men's hearts, and preach according to the principles of integrity.

The effect would be felt throughout the land. Furthermore, he expressed the belief that the laws should be changed to conform more with those of the United States, where officials and companies found guilty of having knowledge of illegal acts can be punished by imprisonment.

In Canada nothing more serious than the imposition of a fine is permitted. He drew a parallel between the action of a company putting out goods wrongfully marked and that of a chartered bank issuing counterfeit money to its patrons.

# An Undivided Responsibility

We accept the whole responsibility for the clothes we sell. In our magnificent factory in Hamilton we design, cut, sew, tailor and finish all garments we sell in our stores. There is no sweat shop work in our garments, every article is made in one of the most sanitary and splendidly constructed buildings that it is possible to conceive of.

Our own system of retail stores brings us into direct touch with our friends—the public, and enables us to closely follow their demands
