

FIVE JAPS SHOT DEAD

By Order of a United States Commerce Agent.

Were Unarmed But Caught Raiding Seals on the Island of St. Paul of the Pribiloff Group—Many Prisoners Taken—Captured Japanese Were Carried to Alaska by U. S. Revenue Cutter McCullough.

Dutch Harbor, Alaska, Aug. 8.—Five Japanese were shot and killed on the island of St. Paul, of the Pribiloff group, by order of the agent of the Department of Commerce and Labor on July 17, as the result of a raid by four Japanese schooners on the seal rookeries.

The revenue cutter McCullough reached here yesterday from St. Paul with twelve prisoners, two seriously wounded, who were turned over to Deputy Marshal Harmon.

The raiders were discovered lying near Northeast Point, St. Paul, by native lookouts of the North American Commercial Co., which leases the seal privilege from the Government. Word was telephoned from the patrol station near the rookery for which the raiders were aiming, and Special Agent Lempe, of the Department of Commerce, on duty in the Pribiloff Islands, arrived on the spot as the Japanese reached shore. He ordered the boat crew to surrender, which they did.

On climbing the promontory at the end of the cape, overlooking one of the larger rookeries, a schooner was seen close in shore. Looking straight down over the cliff, the patrol saw a dozen or more Japanese, skinning a great number of seal, which had been slaughtered indiscriminately.

Killed Unarmed Men. The raiders refused to surrender when Lempe reached the scene and tried to make off with their booty in small boats, several of which were drawn up on shore. The agent then ordered his guard of natives to open fire. The Japanese offered no resistance, being without firearms.

Three of the raiders fell dead on the beach, a fourth was seen to be thrown overboard from one of the boats that escaped, and a fifth body drifted ashore in another boat.

The men had killed more than two hundred seals, many of them cows. Those who escaped carried away about one hundred and twenty skins.

The raid is believed to have been a concerted effort by the Japanese, who have been hanging around the island for months and giving the revenue cutter much trouble.

The raid is the most serious that has ever occurred in the troubled history of the rookeries. Last attempt to rifle the island was made about ten years ago by a schooner flying the Mexican flag. She was intercepted by a cutter before carrying out her purpose.

The raid was supposed to have been planned by Albert McLean, who was known to be in Victoria, B. C., last winter but left there for parts unknown in the early spring.

No Apology. Washington, D. C., Aug. 9.—Acting Secretary of State Bacon has sent to Ambassador Wright at Tokio the substance of the despatch from Solicitor Sims at Sitka, Alaska. There is no intention of offering an apology.

WIPED OUT BY TORNADO. Canyon City, Texas, Destroyed—Several Persons Killed.

Port Worth, Tex., Aug. 9.—At Tolyra, Indian Territory, on the Atoka-Oklahoma City Line, almost a mile of track has been washed away.

Amarillo, Texas, in the Panhandle, reports a severe electrical storm, and has news that Canyon City, a small town, was wiped out by a tornado that killed several persons.

At Amarillo four of the family of a farmer named Riggs were killed by lightning. It is impossible to get even an approximate estimate of the crop damage, but it is believed the loss will reach hundreds of thousands of dollars.

Tenders For G. T. P. Ottawa, Aug. 9.—The next tenders for construction work on the G. T. P. will be asked for in about six weeks or two months. They will probably be for extensions eastward from Lake Superior Junction and westward from La Tuque. The conditions in Winnipeg as to terminals have not as yet been finally agreed upon between the Grand Trunk, Canadian Northern and Transcontinental Railway commissioners.

Whisky Thief Gets a Year. Galt, Aug. 9.—John Sullivan, 19 years, whose home is at Niagara Falls, was convicted of burglary yesterday morning in the Police Court, and sentenced to one year in the Central Prison. The prisoner is an ex-exporter of the Hotel Imperial, and forcibly entered the premises by way of the cellar, stealing a large quantity of liquors.

Million For Indians. London, Aug. 9.—About one million dollars is being paid out to the Indians of Muncey reserve by the United States Government, through the Dominion Bank here. It is being paid for lands expropriated by the United States nearly a century ago, at which time the Indians were deported into this province.

Wanted to See Train Wreck. Monoton, N. B., Aug. 9.—At Chatham's siding, near Campbellton, on the Intercolonial a few days since a freight train ran over a large iron bolt placed on the rail. A 16-year-old boy named Joseph Dalpé was arrested and confessed; He wanted to see a train wreck.

Standard Oil Indicted. Chicago, Aug. 9.—The Federal Grand Jury yesterday afternoon returned an indictment against the Standard Oil Co., charging it with having illegally received a railroad rebate on storage charges.

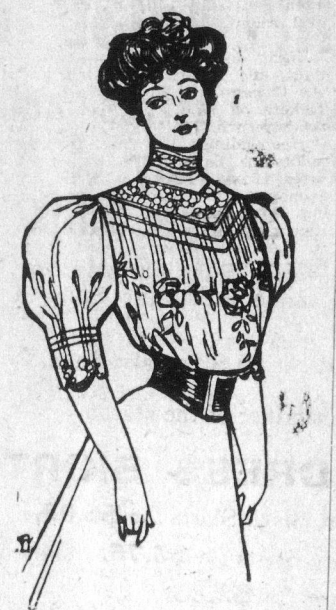

Equitable Will Stay. Paris, Aug. 9.—Paul Morton, president of the Equitable Life, has given out a statement that the company will apply for registration under the new insurance laws.

BOOTS AND SHOES.

Colored Shoes Not For Women With Large Feet—Irish Lace Slippers.

Girls whose feet are not of the small proportions will do well to leave colored shoes severely alone. Brown and black shoes are by far the safest mode for a girl who takes any size bigger than a small four. There is something very fascinating about a tiny red shoe peeping out beneath a white muslin frilly frock, while blue footgear allied to a blue gown is almost equally as dainty, but the whole effect becomes absurd if the foot is not built on the smallest lines.

The craze at present for evening shoes of Irish lace mounted over pale

EMBROIDERED BLOUSE.

colored satin is one of the chief features of the season, the heels being carried out in colors to correspond with the linings, while solitary paste buttons take the place of bows. Brocade slippers for boudoir wear carried out in the richest brocade in old French patterns represent another fancy.

To darkest brown boots they must be brushed with a weak solution of ammonia or soda in warm water. After drying apply with a brush a warm solution of bismark brown repeating till desired shade is obtained. Linseed oil will also darken. Finish with clean tallow or mutton fat, stiffly brushed.

Tan boots may be renovated by mixing a little ammonia water with half a pint of milk and bottling it. Shake well, apply with a sponge and allow to dry and then polish with a soft duster.

The lingerie blouse illustrated is tucked in tiny groups to form a pointed yoke. Below this point is an elaborately worked rose design.

WHIMS OF THE DAY.

A New Feature in the Dress World. Princess Dressing Suits.

Real hand painting on silk is an important feature in the dress world. Flower patterns are almost invariably chosen and the most fairylike effects are obtained. The silk treated in this manner is generally applied in the form of panels or insertions for evening

SILK PINAFORE FROCK.

dresses. Medallion insertions of hand painted mouseline de soie or chiffon are likewise introduced on lace dresses. A delightful dancing frock for a young girl is of painted muslin. The design is in pale yellow roses and foliage and hemmed with soft ivory duchesse satin. Above the hem are inch wide killings both of muslin and satin.

New linens for suits and dresses and a dozen purposes now come bleached instead of the half bleached kinds formerly used.

So popular is the princess model that even the bathing suits are being made up after that style, and so faithfully has it been copied that with the exception of the abbreviated skirt there is comparatively little difference noted.

The new waives are gayly enameled to match the gowns. Colors that do not harmonize with sartorial outfit are not smart. The works are less important, the time keeping qualities not generally considered if tones blend.

"Colibri," or hummingbird, is the newest shade of pink. It has a soft, dull tone with a suggestion of brick red in its makeup. In soft silk it is very effective trimmed with venetian lace or point d'alencen. It is much used for summer evening cloaks.

The pinafore frock illustrated is developed in the fashionable blue and white pinking silk. Little quillings of plain blue silk are effective as trimmings.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private life, even when these questions are asked by her family physician, and many

Dr. E. Montreuil.

continue to suffer rather than to submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female diseases.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they write for advice every detail of their illness, and from her great knowledge, obtained from years of experience in treating female life, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Della Emergentienne Montreuil, of 114 Latourville St., Quebec, Que.

"I suffered for eight months with what the doctors called prolapsus, which caused great weakness all over my system, with faint dizzy spells. I tried several medicines which they claimed would cure my trouble, but nothing was of the least benefit until I tried Lydia E. Pinkham's Vegetable Compound, and this helped me so rapidly that I could hardly have paid \$25.00 for that first bottle, for it started me on the road to health, and for my splendid, robust health, and shall remain in glowing terms to all my friends and acquaintances, for it is deserving of all the praise I can give it."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

MUST LOWER RATES.

Maximum Rate Toronto to Montreal on Cured Meat 18c.

Ottawa, Aug. 9.—The Railway Commission has issued an order reducing to 18 cents for 100 lbs. the maximum rate which the Canadian Pacific and Grand Trunk Railways are allowed to charge for the carriage of cured meats, and other packing house products in carloads from Toronto to Montreal for export. Proportionate rates are fixed for similar shipments from other points in Ontario.

An order has been issued permitting the Canadian Pacific Railway to construct a spur-line along the Leach Canal reserve, Atwater avenue, and St. Patrick street for the Canadian Sugar Refinery Co.

Leo Corrigan, 475 Ferguson Ave., N. Hamilton, had Eczema since childhood. He consulted specialists—lay doctors and in hospitals—and despaired of ever getting better.

"I thought Mira would be like other remedies I had tried," he writes, "but to my delight, a few hours after the first application I felt great relief. It has worked wonders for me."

Get a box of Mira Ointment at once and be relieved. Price 50¢—6 for \$2.50. At druggists—or from The Chemist's Co. of Canada, Limited, Hamilton—Toronto.

Ottawa Men Missing. Ottawa, Aug. 9.—C. N. Wiggins, a broker, and his clerk, C. E. Pampin, went to Constance Bay, 18 miles up the Ottawa on Friday night last, and haven't returned. They were to return Monday night, and there is felt that they were victims of Sunday's cyclone.

Forest Fires Still Burn. Toronto, Aug. 9.—Reports to the Crown Lands Department indicate that the forest fires in the north country have not abated. Settlers in the vicinity of Sudbury are abandoning their properties.

Will Look Into Claims. Ottawa, Aug. 9.—Hon. Sydney Fisher has promised to look into the claims of the laborers at the Experimental Farm who want either a change from 10 to a 9-hour day or more pay.

DEAFNESS CANNOT BE CURED. By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever. Nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Plundered For Years. President Stensland Looted His Own Bank Through Barefaced Forgery.

Chicago, Aug. 9.—The Tribune yesterday says: "A force of affairs more startling and shocking than had been hinted previously in connection with the collapse of the Milwaukee avenue State Bank was revealed last night, when it became plain that, through barefaced forgery, President Paul C. Stensland had plundered his own bank systematically through a period of years."

"At any rate, there has been discovered in President Stensland's safety deposit vault box memoranda detailing how the bank was looted. The amount thus taken is set down in Stensland's handwriting at \$1,003,000. The money went to support his real estate speculations, his co-operative building and business, and his fine household in Irving Park."

Two Hundred Forgeries. "The Tribune's informant saw the memorandum of forgeries, memoranda notes, and other fictitious papers. The thefts consist of nearly 200 items, ranging from \$1,000 to \$15,000 each. The names forged are those of directors and stockholders in the bank, and of persons associated with Stensland in other business ventures. Some dummy names are there, too."

"If the entire amount of \$1,003,000 is found on investigation to be composed wholly of forgeries, of course no part of it can be recovered. This discrepancy alone will mean the loss to each depositor of one-fourth of his savings. It is furthermore feared that Stensland may have taken with him in his flight a large supply of the bank's cash."

A Woe-Begone Crowd.

Yesterday a woe-begone crowd of depositors continued to crowd around the bank. As on previous days, the unfortunate, mostly working people, came early and seemed determined to remain indefinitely. Police were on hand to repress any tendency towards disorder.

POINTS A MORAL.

C. B. Wray Attributes His Fall to His Woman Companion.

Toronto, Aug. 9.—Clint Wray of Pittsburgh, who is detained here, pending extradition for embezzling \$125,000, is inclined to realize. He says that an honest job at \$12 a week is better than \$100,000 obtained dishonestly. He attributes his fall to his infatuation for Grace Loughrey, his female companion, upon whom he lavished a fortune.

The couple were nearly broke when Wray was arrested. He had but a few cents, and the woman only \$63. The latter has gone to Buffalo, but she left her old friend a parting souvenir in the shape of a pair of silk socks, for which she paid one dollar. She took with her the remaining \$62.

Wray was about to go to work at \$12 a week when the officers nabbed him.

JACKSON IN ORANGEVILLE.

Brother-in-Law of the Dead Girl to be Tried on Saturday.

Orangeville, Aug. 9.—Jackson, the man implicated in the death of Elizabeth Wells, arrived here last night. His arrival caused considerable excitement, as the town is well worked up over the case. He was caught in Winnipeg. When he came in last night he was immediately taken before Magistrate Pattullo and remanded until Saturday, when he will be arraigned with Douglas in the Court House. Ball was refused, Douglas is out on bail.

Jackson is a brother-in-law of the dead girl. He was removed to the county jail.

Asylum Patient Suicides.

London, Aug. 9.—Accustomed to wander about the country at will, working for farmers, James Guncher, a patient at the London Asylum, was not searched for persistently when missed on Tuesday from dinner. His body was found yesterday morning in the asylum reservoir, where he had drowned himself. Nearby, on top of a post, was found his coat neatly folded, with hat on top of it. There will be no inquest.

Oddfellows In Session.

Peterboro, Aug. 9.—The fifty-second session of the Grand Lodge of Ontario, Independent Order of Oddfellows, opened yesterday morning in the Grand Opera House. Mayor Best extended a civil welcome and Grand Master Blewett of Listowel replied. Last evening a monster grand lodge parade was held, 800 brethren being in the parade. The grand lodge will conclude its business to-day at noon.

Foot Crushed by Train.

St. Thomas, Aug. 9.—Leo Edwards, aged 23, of London, while attempting to board a moving Pere Marquette train last evening, had his leg badly crushed. He was removed to the Amasa Wood Hospital, where his foot was amputated above the ankle and other injuries dressed.

Crushed by Boat.

Kingston, Aug. 9.—Charles Turner was getting off the steamer Reindeer at Bonnard's wharf, on the Prince Edward shore of the Bay of Quinte, when by some means he slipped and fell between the boat and the wharf, sustaining injuries that speedily caused his death.

Body Recovered.

St. Thomas, Aug. 9.—The friends of Robert Peters of London, who was drowned at Port Stanley on Monday, recovered the body yesterday at noon by means of grappling hooks. The body was sent to London for burial.

SOCIETY GIRL'S ESCAPE.

Accident Reveals Luna Park Outlaw's Sweetheart As Friend of Goules and Rockefeller.

Luna Park discovered the other day says the New York Herald, that the person of young Miss Laurel Ormond society and wealth had contributed to the cost of "The Great Train Robbery."

The young woman, who is the star of the spectacular drama of Western life, had secured the position early in May by the assurance that she was fresh from the plains. Her skillful horsemanship and free and breezy characteristics apparently bore out the truth of her statement, and the managers of the piece congratulated themselves on the acquisition of one so admirably fitted for the part.

She donned red flannel shirt, divided skirt, cartridge belt and revolver, boots and spurs, topped her flowing black hair with a sombrero and endowed the character of Jane Rogers, devoted sweetheart of "Jim" Walton, outlaw, with a dramatic fidelity which has done much to bring about the success of the piece. Her riding was a revelation even to the cowboys with whom she was thrown into contact.

Miss Ormond entered heartily into all the plans of her rough and ready associates, but to curious interrogations as to the events of her past life she would have passed the summer identified had her horse, Buckskin, been less fractious on Saturday. The animal is a bronco of savage temper which none but the girl can control in stall or in harness and against which she had been repeatedly but vainly warned. Rider and horse had the fiercest struggle for supremacy on Saturday afternoon, and it ended with Miss Ormond very pale, but triumphant.

There was no word of complaint from her during two subsequent performances. Then "Marty" Cody, stage manager, discovered her faint fainting in her dressing room. Dr. Pierce, the Luna Park physician, conveyed her to

her humble boarding place and round a bone fractured in the lower spine. Violent contact with the rigid croup of the saddle had done the injury. She had continued at work suffering agonizing pain at every move.

It was hours before the girl would reveal to the physician the names of friends to whom the information of her plight should go. The damage was too slight, she reiterated, to warrant mention. Dr. Pierce finally convinced her of the wisdom of his suggestion, and then gasped in surprise when he learned that the alleged girl of the West was an Eastern girl of independent fortune, whose spirit for queer adventure and love of horses and all that pertained to them had led her to "The Great Train Robbery."

At midnight a big touring automobile dashed up to the Coney Island boarding house. It came from the beautiful summer home at Far Rockaway of Dr. William West, of No. 51 East Twenty-fifth street, and brought the physician and his wife, who is Miss Ormond's sister.

Miss Ormond was bundled into the car and hurried away from Coney Island.

Bit by bit the history of the Miss Ormond came to light yesterday. Her parents reside on a fine estate at Lakewood, N. J., where the daughter is a familiar equestrian figure. John D. Rockefeller has frequently congratulated her on her skill, and the George Gould boys often felt the discomfort of defeat in contests with her. She is a graduate of contests with her. She is a graduate of the Chase Art School, and her home in New York is a few days. The "train robbers" fear she has gone out of their lives for good and all.

A telephone message brought the information from Far Rockaway that Miss Ormond would be ready to resume her role in a few days. The "train robbers" fear she has gone out of their lives for good and all.

It's the quiet wedding that makes the most talk.
