That Dike Hoad.

The read over the Pers Williams dike is said to be in a fearful state we strippin :-The read has been in a had condition. To Mr and Mrs. Minard : for some time back and this year the DEAR FRIERIE, - We have been Government undertook to put it in Condition and make a good road of it.

The Provincial Engineer was up and we eminace the opportunity to make a large sum of money was expended.
We do not know just how much, but good will toward you; and also it is reported all the way from \$1200 in ghten you home comforts as best or one, perhaps one of the most so in the second throw on your pathway through secondary, and should be a good one. The course pursued in its repair by the engineer was one quite at variance with the opinion of loss) road-builders, but we were told that in the autum when the road became settled it would be all that could be desired. It seems a pity that so much money should be thrown away and the people still inconvenienced with an almost impassable piece of road. There has evidently been a mistake on the part of you happines is secured for such that impassable piece of road. There has evidently been a mistake on the part of you happines is secured for more attention were paid to the needs of the public generally and less to party ends, we would have our public business done in a more satisfactory manner,
