CASTORIA FOR Infants and Children. The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Watson*

An old negro preacher in Kentucky was dilating upon events in the bible which had a zoological trend. Then he discussed the incident of Jonah and the whale, Balaam's ass, and finally the exploit of Daniel, who entered the den of lions and emerged unharmed.

Finally one of the younger negroes rose up and inquired:

Say, pakeon, was dem lions jest the kind we has now?

Cose not, cose not, retorted the preacher, irritated at having his discourse interrupted. Dey was B. C., meaning befo circuses.

Wire Wounds.

My mare, a very valuable one, was badly lamed and cut by being caught in a wire fence.

An inspector was examining a youthful class of boys, and among other subjects he requested the teacher to ask her pupils a few questions in Nature knowledge.

"Now, children," she said, "I want you to tell me something very wonderful about chickens."

"How they get out of their shells?" promptly responded one little chap.

"Well," said the teacher, "that is of course, wonderful; but I mean something more wonderful still."

There was silence; then up spoke Johnny.

"Please, ma'am, it's real wonderful how they ever get outta their shells!"

It's easy to grow plants in a Sunshine-heated home
Pure Warm Sunshine Air
PEOPLE living in homes heated with ordinary furnaces often claim they cannot grow plants with any degree of success. This is due to the fact that ordinary furnaces are not provided with an Automatic Gas Damper. There is nothing to prevent coal-gas, which is deadly to plant life, being forced up through the registers.
Now, when the gas in the combustion chamber of the Sunshine reaches a certain pressure it is forced through the Automatic Gas Damper and passes up the chimney, consequently there is no chance for it to seep through the registers. Instead, the air that passes through the registers is pure, warm, Sunshine air, laden with the proper degree of moisture from the water-pan. It's the kind of air that makes plants thrive and is good to breathe into your own lungs.
If you want to guard your home (and who doesn't) against evil-smelling, deadly coal gas, order our agent to install the Sunshine furnace (patented) in your cellar.

Hang Week's Wash in a Few Minutes on a Hill Clothes Dryer
Clean Compact Capacious Convenient
Why continue to fuss with unsightly, ungainly clothes lines and poles when you can get this neat, convenient Hill Dryer. Instead of being spread all over the yard and supported by numerous posts, every inch of every line on the Hill Dryer is within easy reach—so you can hang the whole wash without moving a step, without having to drag the heavy load up and down the yard through snow or damp grass.
Set up a Hill Dryer in a convenient spot near the house and see how many days, how much time, work and bother it saves. Once set up and so one could ever coax you back to the old-fashioned clothesline method.
Hill Dryers are made in several sizes and are suitable for balconies and roofs. Hold 100 to 150 feet of line—revolve so line comes to you—taken apart, folded up and put away, keeping your lawn entirely clear of obstructions.
Let us put one up in your yard ready for next wash-day. Or call and see it. Quotations gladly furnished on application.

Children Had Eczema

Treatment prescribed had no effect—DR. CHASE'S OINTMENT cured.

Mrs. Oscar Vancott, St. Antonio, Sack, writes: "I have found Dr. Chase's Ointment to be a permanent cure for Eczema and other skin diseases. One son, while nursing, broke out with running watery sores all over his head and around the ears. Many salves were prescribed to no effect. The child's head became a mass of scabs and he suffered agony untold. He became weak and frail and would not eat and we thought we would lose him.

Provisionally we heard of Dr. Chase's Ointment and it soon thoroughly cured him. He is seven years old now and strong and well. An older boy was also cured of eczema by this ointment and we hope more people will learn about it so that their little ones may be saved from suffering.

As a cure for eczema and itching skin diseases there is no treatment to be compared to Dr. A. W. Chase's Ointment, 60 cents a box, at all druggists. Dr. Chase, Bates & Co., Toronto. Dr. Chase's Recipes sent free.

"I tell how furious Louis Cyr, the strong man, used to get when I asked him confidently, 'what kind of liquor do you take before you appear on the stage to lift those thousands of pounds?' To which the strong man replied, blushing with wrath, the sparks coming out of his eyes, 'Doctor, who tells you that I use strong drink, he is a big liar!'"

Dr. Dube said that the fight against the use of alcohol was on in earnest. It is the duty of every physician to fight against it and explain to his patients the harm, which it most surely does them. This cannot be made too strong, especially in the country districts, where most of our successful and business men are drafted from.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by Rand's Drug Store.

A Victoria, B. C., hotel-keeper was recently fined \$25 and costs for selling liquor to a drunken man. In imposing sentence the judge declared that "for a long time the chief efforts on the part of the authorities seem to have been to keep people from getting a drink after hours, whereas anyone can see that it is far more injurious and immoral to sell it to a drunken man." The judge, it may be, is legally right, but it does strike some of us as strange, very strange, that it should be legally righteous and moral to sell enough liquor to a man to make him drunk and legally "iniquitous and immoral" to sell him the next glass.

It affords me great pleasure to be able to add my testimony to those of the many hundreds for whom Father Morrisey's Medicine has wrought wonders.

For several years I was a great sufferer from Rheumatism; I tried many remedies but they proved unavailing, until in the fall of 1907 I tried Father Morrisey's No. 7 for Rheumatism, and after using it a short time I was cured. I shall be glad to answer any inquiries from the suffering ones.
