BROKEN IN HEALTH.

**Williams' Pink Pills Restored
Strength After Medical Treat-
ment Had Failed.**

"I can truthfully say Dr. Williams' Pink Pills did for me what one of the best doctors in Halifax failed to do—restored my health." This strong statement is made by Mr. Wm. J. Weaver, 172 Argyle street, Halifax. Mr. Weaver adds: "A few years ago I took employment in a large factory as fireman. I knew the work would be hard, and friends told me I would never stand it, but as I was a strong man, weighing 180 pounds, I laughed at the idea of not being able to do the work. Anyhow I started and found the job a hard one indeed. There were a number of firemen employ- ed and men were taking and quit- ting the job every few days. I kept at the work for two years and during that time lost 60 pounds weight, and was a broken down man. I could not take my meals and often took my dinner back home with me without touching it. When I would be working on the day shift I could not sleep in the night, and this added to my trouble. Finally I became a total wreck and had to quit the work. I could hardly drag myself about, and yet had become so nervous that I could not sit still and would walk about the house until I was ready to drop. The doctor came to see me every day, and changed the medicine time and again, but it did me no good. Finally he wanted me to go to the hospital, and at this stage a friend came to stay with me overnight. While he was reading the evening paper he came across the testimonial of a cure wrought by Dr. Williams' Pink Pills. He said, 'why don't you try them, nothing else is helping you and they may do you good.' He got out and got me a box at once. When this was done I got a half dozen boxes, and before they were all gone I began to feel like a new man. I continued using the pills for a couple of months when I was again as well and as strong as ever I had been in my life, and I have not seen a sick day since. I feel confident there is no remedy in the world equal to Dr. Williams' Pink Pills for building up a broken down and nervous system, and for such trouble I would strongly re- commend them."

Dr. Williams' Pink Pill cure such cases as Mr. Weaver's because they make the rich, red blood that feeds the starved nerves and tones and strengthens every part of the body. That is why they cure anaemia, rheumatism, indigestion, neuralgia, St. Vitus' dance, paralysis and other troubles due to bad blood and shattered nerves. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Dorothy, aged 5, who had been very ill, was much impressed with the wisdom of the family physician. "Why, mamma," she said one day, "if I wanted to, I couldn't 'cause Dr. Blank wouldn't let me."

A Sound Stomach Means a Clear Head.—The high pressure of a nervous life which business men of the present day are constrained to live make draughts upon their vitality highly detrimental to their health. It is only by the most careful treat- ment that they are able to keep themselves alert and active in their various callings. Many of them know the value of Parmelee's Ve- getable Pills in regulating the stom- ach and consequently keeping the head clear.

Coal Merchant (anxiously)— "Hold on! That load hasn't been weighed. It looks to me a trifle large for a ton." Driver—"Tain't intended for a ton. It's two tons." Coal Merchant—"Beg pardon. Go ahead."

Used according to directions, Dr. J. D. Kellogg's Dysentery Cordial will afford relief in the most acute form of summer complaint. When- ever the attack manifests itself no time should be lost in seeking the aid of the Cordial. It will act im- mediately on the stomach and in- testines and all the irritation and pain. A trial of it will convince you of the truth of these asser- tions.

WAR LOSSES FROM DISEASE.
In a recent campaign of the French in Madagascar 14,000 men were sent to the front, of whom 29 were killed in action, and over 7,000 perished from preventable dis- ease. In the Boer war the English losses were ten times greater from disease than from bullets.

AS LIFE PASSES.

A little more grey in the lessening hair
Each day as the years go by;
A little more stooping in the form,
A little more dim in the eye.
A little more faltering of the step
As we tread life's pathway o'er,
And a little nearer every day
To the ones who have gone before.

A little more halting of the gait,
And a dullness of the ear;
A growing weariness of the frame
With each swift passing year.
A fading of hopes and ambitions,
Too,
A faltering in life's quest,
And a little nearer every day
To a sweet and peaceful rest.

A little more loneliness in life,
As the dear ones pass away;
A bigger claim on the heavenly land
With every passing day.
A little farther from toil and care,
A little less way to roam;
A drawing near to a joyful hope,
And a happy welcome home.

EMPRESS WAS HEROINE.

**Dowager Empress of Russia Twice
Saved Husband's Life.**

The reported discovery of the Czarina of a "Terrorist death sen- tence" lying on the bed of her sleeping son recalls two similarly tragic episodes in the life of her mother-in-law, the Dowager Em- press. On one occasion she found on her husband's dressing-table a curious and unfamiliar jewel case, and, on picking it up to examine it more closely, was both surprised and alarmed at its weight. Hur- rying with it to her own room, she plunged it into a basin of water, and summoned the Prefect of Po- lice, who pronounced the innocent- looking jewel case a bomb of a par- ticularly deadly type. On another occasion, on entering Alexander's study, the Czarina fancied she heard a slight rustling sound be- hind the window curtains. With a rare presence of mind she took her husband away under pretext of bidding his children "good-night" in the nursery. On leaving the room she locked the door and gave the key to a party of soldiers, who on entering and examining the study, made the startling discovery that some one had made his escape through the window.

ON THE OUTSIDE.

"Please pass me the salt," said the first boarder.
"Salt shouldn't be taken with this course," said the second boarder.
"I know it. I'm not taking it with this course. I'm taking it with your last remark."

The Olympic Games BOVRIL

Has been selected as the only Beef preparation to be sold at the FRANCO-BRITISH EXHIBITION. Throughout the whole world there is only one BOVRIL. Don't take a substitute.

G. E. LARNER, winner of the 2500 metres walking championship, July 14, ALWAYS TRAINS ON BOVRIL.

The 2,000 metres tandem bicycle race, July 29, was won by A. Schil- les and A. Auffray. Read what they say:

"Bovril is the best food for train- ing that I have ever used."
(Signed) A. SCHILLES.

"Bovril is excellent for athletes and I use it exclusively."
(Signed) A. AUFRAY.

BOVRIL gives strength to the weak and maintains the strength of the strong.

It doesn't pay to borrow trouble even on a friend's account.

Children who are pale and peevish want something that will make good rich blood; there is nothing so good as "Bovril" for this purpose. Mothers, be sure to get a bottle.

Folks who make a lot of fuss over their faith would be more convincing if they simply would express it in terms of friendship.

Teas come and go, but the tea that always stays, always leads, al- ways absolutely pure, always the best in quality is "Salada."

CHEWING THE FOOD.

Sixty or seventy chews to every bite of food is what we ought to give; instead of that, we scurry through our meals, we bite our food and hastily swallow it with the help of a mouthful of water or other fluid, and what is the result of this? First there is indigestion, from the stomach receiving improperly chewed food; secondly, all the evils which follow indigestion—namely, muddled complexion, red nose, and lustreless eyes. Then the teeth suffer from lack of use. The teeth are meant for chewing the food, and if not used for that purpose for which Nature intended them will surely decay. Note how much one's looks depend upon chewing one's food.

A Soothing Oil.—To throw oil up- on the troubled waters means to subdue to calmness the most bois- terous sea. To apply Dr. Thomas' Electric Oil to the troubled body when it is racked with pain means speedy subjugation of the most re- fractory elements. It cures pain, heals bruises, takes the fire from burns, and as a general household medicine is useful in many ailments. It is worth much.

PROOF POSITIVE.

"Are you sure that occurrence was on the seventeenth of the month?" asked the lawyer, in a tone which seemed to imply that cer- tainty upon such a point was almost beyond the reach of the human in- tellect.

"Yes," said the undismayed youth, who was being cross-exam- ined, "it was the seventeenth."
"Now, remember," continued the lawyer, with increasing solemnity— "remember, you are under oath. How do you know it was the seven- teenth?"

"Because the day before—"
"Be careful what you say, now. Go on."

"Because the day before was the sixteenth and the day after was the eighteenth."
