Manager Harry Wolverton will Take the Old Timer South with  
the New York Americans—Barney Dreyfus Signs up  
Whole Gardner Family

New York, Feb. 3.—Jack Chesbro, time in the history of the diamond, formerly the crack pitcher of the New York American League Club, who has been out of harness for the last two years, will be given a chance to come back by Manager Wolverton. It was learned tonight. He will be taken on the training trip, and if he shows any of his old time form he will be retained. Chesbro is now on the club's ineligible list, and will have to apply to the National Commission for reinstatement.

Roy Hartsell, third baseman, and J. L. Curry, a recruit second baseman from Reading, sent in their signed contracts to the management today.

TROTTER PARK  
OFFICERS WILL BE  
ELECTED TONIGHTMeeting of the Directors of  
Frederickton Park Association  
CalledFREDERICTON SURE  
TO BE ON RACING MAPOffer to Guarantee One of Four  
Early Closing Stakes Already  
Made

The officers of the Frederickton Park Association will be elected at a meeting of the directors to be held this evening.

Several names are mentioned in connection with the presidency, which position was made vacant by the resignation of Recorder Thomas H. Colter.

The meeting called for this evening will necessarily be a brief one. The directors are to meet at 7:30 o'clock, but will not be in session more than half an hour as several of the directors are aldermen and the city council meets at 8 p. m.

In addition to electing officers the directors will have to come to some decision tonight as to what way they wish their representative at the National Trotting Association congress to vote on the hopple rule when the meeting takes place in New York next week.

The prospects for racing here next season are looking up all the time and Frederickton seems sure to be on the racing map as usual. The arrangement of a racing programme for the season will hardly be taken up tonight but a committee will probably be named to look into the question and report in a couple of weeks.

A day or two ago the secretary received an offer by mail from a gentleman willing to guarantee one of four early closing stakes of from \$300 to \$500 each. It is believed that Gallagher (203½) is to be disposed of by drawing in a short time by his Halifax owners.

## THE NEW YORK SALE.

Horsemen Going to New York for the  
Winter Auction This Week.

The annual New York Sale, the mid-winter auction at Madison Square Garden, is to take place this week.

It is likely that Jack Sullivan and other local horsemen will attend the sale, leaving this evening. It is said that Jack Leonard is going from Halifax to make some purchases for horsemen there.

A report has also reached here that Gallagher (203½) is to be disposed of by drawing in a short time by his Halifax owners.

## THE HOPPLE RULE.

Contentious Question to be Decided  
in New York Next Week.

(Bangor Commercial.)

Bangor horsemen and those interested in trotting all over Maine are awaiting the action to be taken at the biennial congress of the National Trotting Association, which meets in New York the second Wednesday in February. An agitation to remove the present edict against hopples will be made on the part of half mile tracks all over the country. Hon. F. O. Beal of this city is at present a member of the board of appeals for the eastern district, the association dividing the country into five separate districts.

With a membership of over 700 clubs the possession of proxies by the mile tracks usually control the congress. The owners of most of the half mile tracks do not care to stand the expense of sending a representative to the meeting. Each track belonging to the association is entitled to one vote.

At the biennial meeting two years ago the rule regarding hopples was amended in this manner. Hopples shall not be used in races or performances against time on two year olds in 1910, on three year olds or under in 1911, on four year olds or under in 1912, or five year olds or under in 1913, or six year olds or under in 1915, after which date hopples are barred.

At the December meeting of the Board of Review two tracks were fined for having announced that hopples would be permitted in races on three year olds, providing that the National trotting association is determined to stand by its guns and also that there is an opposition against the remedial legislation.

The owners of mile tracks, who have no trouble in getting entries, and the breeders are united against hopples and they claim nothing but the purest of humanitarian motives. The owners of half mile tracks are in a different situation. They must have more than three or four entries in a race and they claim this is impossible with the hopple races barred.

In view of the interest at stake more half mile tracks will be represented at the coming meeting in New York than usual. They will try to have as many proxies from their allies as possible. The wealthy owners and breeders with the clubs having mile tracks have always been in control and to overthrow this element now would be a revolution beyond conception in the National Trotting Association.

## Fighter is Matched

HUGO KELLY.

He Will Meet K. O. Brown of Chicago  
in Wisconsin This Month.

A good many horsemen from the Maritime Provinces will be at the Old Glory Horse Sale in New York this week.

"Ping" Bodie, the fence breaker, has permitted a beer manufacturer in San Francisco to use his picture as an advertisement. "Bugs" Raymond is just green with envy.

"Tom" Connolly, the American League umpire, proposed establishing a school for umpires. "Tim" Hurst, well versed in ring lore, is to be professor of "scatology" and "Bill" Klein, of the bull bass voice, instructor in elocution.

Eddie Lennox, outfielder, formerly of Brooklyn, has signed with the Chicago Nationals, and Ray Powell, outfielder, whom the Chicago Americans procured from St. Joseph in the Western League, has also signed.

London, Ont., is out with a programme of five purses of \$1,000 each for the trotting meeting to be held there on July 2 to 5. The races will be for 2:30 and 2:30 trotters and for the 2:10, 2:14 and 2:30 classes.

"Barney" Dreyfus, president of the Pittsburgh club, says he will enforce total abstinence this year among his players. He says this rule greatly benefited "Fred" Clarke last year.

Has Alfred De Oro hit the toboggan or was it the rare Denver air? Right on top of his defeat for the third cushion title at Denver a local player trounced him at pool 510 to 45. The winner was James Maturo. In other words, Colorado Maturo.

If Joe Crockett and Lee Wortman of the Moncton club have a right to play total abstinence this year where can be the objection to Mike Murphy playing with the Frederickton team? From this distance, and that's pretty close up, it looks like a case of St. John squealing.

Many a fighter has been accused of picking soft ones. Not so "Con" Carroll, an old Philadelphia lightweight. Recently he tried to knock out a lamp-post because it would not stay in the one spot. A brass buttoned referee awarded the decision to the post before taking Carroll to the "cooler."

The Illinois Valley Circuit, one of the oldest organizations of the trotting turf, has arranged the following schedule of horse racing for 1912: La Salle, July 2 to 5; Medota, July 9 to 12; Aurora, July 16 to 19; Ottawa, July 23 to 26, and Streator, July 30 to August 2.

Robert Lee Hedges, boss of the Browns, has opened an office on the thirteenth floor of a building in Saint Louis. He says he is not a bit superstitious. Well, it is hard to figure how a jinx could make the Browns any worse.

Ever hear of the "dodo ball"? Well, just like the famous bird after which it was named, it is to become extinct after the next meeting of the American Association.

The American Association is in the same boat as the National and at the meeting during the same week will encounter a similar opposition from the half mile tracks to the bar against hopples. There is even talk of a cessation of half mile tracks and the formation of a new organization to be independent of the other racing bodies and to race under its own rules.

This is regarded by some as impractical, for it would oust the wine members and the horses taking part and there would be but little profit in following the half mile circuits should they cease to be training grounds for the big purses and stakes of the mile tracks. The issue would be fought out at the two meetings, without doubt, and the ballots will decide whether the rule against hopples is to stand or to be repealed.

## TWO GAMES THIS WEEK.

St. John and Marvsville Teams on  
Tuesday Night and Frederickton  
and Marvsville on Thursday—  
Both N. B. H. L. Games.

There will be a couple of hockey games played here this week. The St. John and Marvsville teams will meet tomorrow night and on Thursday evening the Frederickton and Marvsville teams will clash; both games are in the N. B. H. L. schedule and should prove good attractions.

It is announced that Lennie Inch will play in goal for the Marvsville during the balance of the season, and Manager Sandy Stevenson expects the Crescents to take on new life from now on and win their share of games.

## THE N. H. A. GAMES.

Wanderers Lost at Quebec, While  
Canadiens Gave the Ottawas An-  
other Trimming in Montreal.

Montreal, Feb. 3.—By defeating Ottawa decisively the Canadiens tonight took the lead in the National Hockey League Association. The Frenchmen had it on their opponents at all stages and the final score was 3 to 1. There was only one major fault, this coming with only a few minutes left to play, when Lesueur jumped out of his nets and hooked Pitre, Canadiens' lightning forward, viciously. Pitre was not badly hurt. Ottawa tried out a new arrangement of players, changing their team continually, but without effect.

The Wanderers were beaten at Quebec by Joe Hall's team, the score being 7 to 2.

## McGILL BEATEN.

Beaten for First Time This Season  
by Harvard Septette in Boston.

Boston, Mass., Feb. 3.—Unexpected strength by the Harvard University hockey team resulted in first defeat of the season tonight, for the McGill University seven, of Montreal. The score was 3 to 0. Harvard's forwards outskated and outmanoeuvred McGill and the crimson backs checked all advances of the blue and white. Harvard was the bright star of the night. He scored two of Harvard's three goals, Blackhall caging the puck the other time.

can Bowling Congress. It is loaded like the dice in a crooked craps game, and it is as destructive to the pins as the fixed dice are to a bank roll.

"Tom" Gallagher, the veteran billiard player, was giving an exhibition in Washington recently, in which he had made an intricate three cushion shot, the ball hugging the rail and taking the English in startling fashion. A darkey who was looking on said, "Ah don know how yuh made dat shot, Mister Gallagher, but it seems to me yuh had de English on bofe sides of de ball."

The Frederickton High School team look more like winners in the Inter-scholastic League all the time, while Capt. Leo Dolan's future greatness don't win their games by large margins, they always manage to bring home the bacon—and that's what counts. In their game at St. John they set a worthy example for their older and more experienced fellow players in not having a player sent to the penalty box throughout the entire game and the overtime play. The citizens contributed to the High School team this season more generously than ever before and the youngsters are doing their part towards bringing another interscholastic championship to Frederickton. May they be able to repeat their success of the football season!—J. D. B.

Won Glace Bay Bout

Sydney, N. S., Feb. 3.—The bout at Glace Bay between Tommy Furey of Attleboro, Mass., and Mickey McIntyre of Glace Bay resulted in a draw after ten rounds of fast milling. McIntyre had the better of the earlier rounds, but in the third he broke his hand and had to stall considerably during the remainder of the bout.

In the eighth round Furey took the lead and punched McIntyre severely with hard rights and lefts to the body and had the bout gone 15 rounds it would be a question whether McIntyre could have lasted or not under the rain of blows.

The bout was scheduled to go 15 rounds, but owing to the lateness of the hour of starting and the small crowd present the men would go only 10 rounds.

At the conclusion McIntyre asked Referee Francis to award the decision to Furey, who had done all the leading since the fourth round, but Francis thought otherwise and called the bout a draw.

## Pedagogues Beaten.

Two interesting matches were played at the Curling Rink on Saturday afternoon, when the All-comers led by Skips R. Randolph and Collector Macnutt, defeated the Pedagogues, led by Skips McFarlane and Bridges, by a total of three points. The All-comers have now won two and the Pedagogues only one of the games played between these two teams, in this series.

Tom McCarey, the Los Angeles promoter, figures on having Bill Papko meet some good middleweight on Memorial Day at his arena in Vernon, Calif., and he is keeping that date open for such a match.

If Carl Morris does not agree to box Al Palmer at the National Sporting Club in New York, there will be no match between that pair of "hopes," declares Tom O'Rourke, manager of Palmer.

Jimmy Carroll, the California lightweight, will return to his home in San Francisco, and go to work at his trade. His bouts in New York satisfied him that he will not do as a boxer.
