### Miscellaneous.

It is a little trouble to examine the pamphlet wrapped around each bottle of the true Murray & Lanman's Florida the true Murray & Lanman's Florida Water, so as to find the words "Lanman & Kemp, New York," which are water-marked or stamped in pale letters on every page, but it is better to take this small amount of bother rather than to be imposed upon by a worthless counterfeit. Every leaf of the pamphlet around the genuine has these words in it, which though pale and faint, can be easily seen when held up to the light, and no Florida Water is genuine that does not have this test mark.

Immigration to the United States is largely and steadily declining. In 1882 no less than 788,992 immigrants arrived in that country. The number fell off in no less than 788,992 immigrants arrived in that country. The number fell off in 1888 to 603,322. Then in 1884 the number was only 518,992. And this year again it is evident that the number will not exceed 396,500. If there were any Grits among our neighbors, what a fine cry this would afford them.

A Cure for Diphtheria.—Mrs. Ellen B. Mason, wife of Rev. Francis Mason, Tounghoo, Birmah, writes:—My son was taken violently sick with diphtheria, cold chills, burning fever, and sore throat. I counted one morning ten little vesicles in his throat, very white, and his tongue, towards the root, just like a watermelon, full of seeds; the remainder coated as thick as a knife-blade. I tried the Pair Killer as a gargle, and found coated as thick as a knife-blade. I tried the PAIN KILLER as a gargle, and found it invariably cut off the vesicles, and he raised them up, often covered with blood. He was taken on Sunday; on Wednesday his throat was clear, and his tongue rapidly clearing off. I also used it as a limiment, with castor oil and hartshorn, for his neck. It seemed to me a wonderful cure, and I can but wish it could be known to the many poor mothers in our land who are losing so many children by this dreadful disease.
