BATHURST BURGLARY.
The general store of Mr. J. B. Hachey, Bathurst Village, was burglarized Thursday night and about twenty dollars in silver taken from the cash drawer. It does not seem as if any of the stock was disturbed or taken. Entrance was effected by breaking the glass over the front door.

LEPREAUX DEPOSITS.
Mr. F. J. Jones, of the Dominion Iron and Steel Company, while in St. John on Tuesday, said his company has already started work at Lepreaux drilling the iron deposits. It depends altogether on what the preliminary work shows, whether a smelter will be erected there or the ore be shipped to Sydney. For the present it will be shipped to Sydney.

LEAP YEAR SKATE.
The leap year skate in the rink last evening proved a most enjoyable affair. About twenty couples were present and skating was indulged in until ten o'clock, the ladies always asking the gentlemen for the pleasure of the next hand or intermission. At ten o'clock the party repaired to the W. C. T. U. Hall where the ladies served refreshments after which they escorted the gentlemen home.

OPPOSITION MEETING.
The opposition held forth in No. 2 School District, Bathurst, last evening. Daniel McAllister of Jaccot River acted as chairman and a fairly good record was presented. Messrs. Stewart and Culligan spoke and were followed by M. Robidoux of Richibucto, who made the principal address of the evening. He stated that he wouldn't have come to Restigouche if Mr. LaBrosse hadn't gone to Kent.

MR. CURTIS PROMOTED.
Arthur B. Curtis, who has been manager of the New Brunswick Telephone Company at Campbellton for some time has been promoted to the inspectorship of that company's whole line. Before entering upon his duties Mr. Curtis will spend two months with the Bell Telephone Company at Montreal. Mr. Curtis is universally liked on the North Shore. As an official of the Telephone Company he is always courteous and obliging and socially he is a jovial companion. He expects to leave for Montreal the first week in March.

A BIT OF LRY BATTERY.
The Times discovered today a stick of dynamite in the coal at the I. C. R. boiler shop, but the dynamite turns out to be no more explosive than some of the Tery scandal bombs. A piece of dry cell battery in the coal was the cause of the trouble, and when one of the officials found it there, he jokingly said an employee that it was dynamite. The Times accounted of late to dealing with highly explosive statements, immediately printed an almost-calamity, and proceeded to dilate on the occurrence to the extent of half a column. No one but Times reporter could have been so stupid with such a yarn. Dynamite as is well known, explodes through concussion, and how it could have been thrown about with the coal, piled in the cars, sent through coal chutes and otherwise banged about is not quite apparent.—Transcript.

MR. HANSON'S JOKE.
Mr. R. B. Hanson, who acted as secretary of the joint political meeting yesterday called for a party election has never been regarded as much of a humorist, but he certainly sprang a good joke on the meeting. He waited until a motion had passed bidding all present to sign the party resolutions, and then gathering up the documents made a hasty exit from the room. The most of the gentlemen present afterwards signed their names to a blank sheet of foolscap paper, but that is not considered very binding. Rev. J. H. McDonald was naturally very much annoyed when he found that the resolutions had been spirited away.—Fredericton Herald.

DEATH OF MRS. JOHN F. GALLIE.
The death occurred at Paspheiac West on the evening of Feb. 12th of one of the oldest and most highly respected citizens of that place, in the person of Elizabeth, widow of the late John F. A CORRESPONDENT'S VIEWS.
A Bathurst correspondent sends the Graphic the following:—A supporter of the Independent Liberal ticket in this county, after a review of the political situation, submitted to your correspondent the following estimate of the result of March 2nd. The Liberal ticket will lead by 200 votes in the parish of Bedford, 200 in the parish of Grand, 100 in the parish of Shippegan, and 60 in Paspheiac. In New Brunswick it will take about the same vote as in 1903. Here the government ticket will lead, closely followed by the opposition. The Government ticket will have a small majority in Bathurst. The large majority taken by it in Tracadie in 1903 will be considerably reduced by income made by the opposition ticket, while the Liberal will poll a splendid vote. St. Isidore will give about an equal number to Independent and Government tickets, but the opposition vote will be very small.

It is just as easy for one firm in business as for another to "talk" but when it comes to "making good" that's different. It takes knowing-how, money and a good name to get the best lines of goods into a store. It is a mistake to think that any merchant can buy any line of goods he wants to buy. The makers of the best goods hunt for the best store in a town to handle their lines, and when a manufacturer has once placed his line in a store there it stays. This is where the knowing-how comes in. Then the store must give its patrons a square deal—good stuff for their money. That begets a good name. The store that has these two things—knowing-how and a good name—becomes the whirlpool into which the best lines of goods made drop and stay. Come in and look at the lines that have dropped into our "Whirlpool." What lines we keep we keep complete. Read below.

Showers of shirts and all kinds of spiring furnishings are now on our shelves. About our shirts we feel safe in saying that we have the best new assortment of shirts in this town. We'll be pleased to please you by showing them to you. All prices.
