WHO IS MRS WINSLOW?

As this question is frequently asked we will simbly say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female physician and nurse among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effortand practical knowledge, obtained in a lifetime spent as a physician and nurse, she has compounded a soothing the bowels. In consequence of this article, Mrs Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the syrup are daily sold and used here. We think MrsWinslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children been saved from an early grave by its timely use, and that millions yet unborn will share its benefits and unite in calling her blessed. No mother has discharged her duty to her suffering little one until she has given it the benefit of Mrs Winslow's Soothing Syrup. Try it, mothers-try it now .- Ladies Visitor, New York City.
