## Prospectus of the "Herald."

I offer THE HERALD to the public, believing that a journal, liberal in its opinions, independent in its tone, and prompt in the matter of news, will be well received.

THE HERALD will give prominence to local news, and by having upon its staff an experienced city editor, who will devote his whole time to the local work, it will be able to give a complete and reliable report of the events which happen in Fredericton and vicinity.

In the selection of general news, regard will be had to those subjects in which readers of the HERALD can be reasonably expected to take an interest. Such news will be given in condensed, terse form, so that much will be compressed into a small space. No effort will be spared to make this journal, as nearly as possible, a complete record of current events.

Long editorials will be discarded as a rule, and in this department the subjects dealt with will be those of a present interest and which have some bearing upon the affairs of the people of Canada.

In politics the HERALD will be LIBERAL. Canada is essentially democratic in sentiment. Their manner of living, their education, the example set them by their fathers, are such that self-government and equal rights must ever be the birthright of Canadians. It follows therefore that anything in the political constitution which impairs the exercise of the functions of government by the people, any system of administration which favors monopolies, or has a tendency to exalt one class above another, are antagonistic to public sentiment and the best interests of the country. An important epoch in the history of this country is not far distant. Changes in the political status of the Dominion may be brought forward to be dealt with practically at any time. The HERALD will enter upon the discussion of such subjects as these with a determination to consider them from a Canadian standpoint, and to favor and advocate anything calculated to advance the material interests of the people.

In discussing the political issues now before the people, this journal will act in sympathy with Her Majesty's Loyal Opposition in Parliament.

The people of Canada cannot view with indifference the enormous expense attendant upon the administration of government. This is entirely out of proportion to the wealth and population of the Dominion, and as in a new country, seeking to build itself up by attracting immigration, it is all important that the rate of taxation should be kept low, the HERALD will join hands with those who advocate a reduction in the cost of government. The expense of administration and the large debt of the Dominion compel the imposition of a customs tariff, which, in order that sufficient revenue may be raised, must bear so large a proportion to the foreign trade of the Dominion as to be necessarily "protective".

The so-called "National Policy" is simply the outcome of past and present extravagance, and cannot be justified by reference to any principle other than that the country ought to meet its engagements as they fall due. The people not being willing to have resort to direct taxation, it follows, as a matter of course, that whatever party is in power will be compelled to continue a high tariff. Nevertheless such alterations ought to be made in details as will make the burden of taxation bear as lightly as possible upon the staple industries of the country and the laboring classes. The nearer we can approach to free trade the better, in view as well as of the interests of our own people as of the relations in which the Dominion stands towards the other parts of the Empire and the United States.

Upon the Temperance question the HERALD will occupy no uncertain position; but will give its assistance to any well devised attempt, either by legislation or otherwise, to suppress the use and traffic in intoxicating liquors.

The HERALD will endeavor to keep its readers informed as to the progress of thought in the domain of religion and philosophy, without occupying any extreme or partisan position: neither publishing anything merely because it is novel, nor omitting to do so because it assails some generally recognized opinion. Correspondence upon all subjects of public interest is invited upon the same conditions.

The Thursday edition of the HERALD will not be a simple reproduction of the bi-weekly editions. It will be made up by selecting the articles in those editions

of most interest to the public generally, as well outside as within the city. In addition to this, the local and foreign news will be brought down to the hour of going to press, and in this respect the HERALD will stand alone among the weekly newspapers of New Brunswick. It will also contain all the Church announcements for the next Sunday and the ensuing week, and such other features as may suggest themselves as calculated to make it a welcome visitor in every home, not only in this city, but along the valley of the Saint John. There is a field here for the right kind of a weekly paper, and the HERALD proposes to try and occupy it.
