### Get the Most Out of Your Food

You don't and can't if your stomach weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are uneasiness after eating, fits of neryous headache, and disagreeable belch-

ing.

"I have been troubled with dyspepsia for years, and tried every remedy I heard of, but never got anything that gave me relief until I took Hood's Sarsaparilla. I cannot praise this medicine too highly for the good it has done me. I always take it in the spring and fall and would not be without it." W. A. NUEENT, Belleville, Ont.

Hood's Sarsaparilla Strengthens and tones the stomach and the whole digestive system.
