### Your Soldier Boy Wants HICKEY'S TWIST

No matter where he is, or what other tobacco he can  
get, the Island soldier who smokes tobacco is never satisfied  
with anything but HICKEY'S TWIST.

In hundreds of letters from the boys in Flanders, France  
England and the training camps, they ask for HICKEY'S  
TWIST—and the 105th took along 20,000 figs with them.

Send your soldier boy a pound of HICKEY'S with the  
next parcel.

# FLEISCHMANN'S YEAST

### TO MAKE GOOD BREAD You must have Good Yeast

GOOD BREAD is, without question, the most im-  
portant article of food in the catalog of man's diet;  
surely, it is the "staff of life." Good bread is obtainable  
only by using the Best Yeast, the best flour, and adopt-  
ing the best method of combining the two. Compressed  
Yeast is in all respects the best commercial Yeast yet  
discovered, and Fleischmann's Yeast is indisputably the  
most successful and best leaven known to the world. It  
is uniform in quality and strength. It saves time and  
labor, and relieves the housewife of the vexation and  
worryment she necessarily suffers from the use of an in-  
ferior or unreliable leaven. It is, moreover, a fact that  
with the use of Fleischmann's Yeast, more loaves  
bread of the same weight can be produced from a given  
quantity of flour than can be produced with the use of  
any other kind of Yeast.

This is explained by the more thorough fermentation  
and expansion which the minute particles of flour  
undergo, thereby increasing the size of the mass and at  
the same time adding to the nutritive properties of the  
bread. This fact may be clearly and easily demonstrated  
by any who doubt that there is economy in using  
Fleischmann's Yeast.

If you have never used this Yeast give it a trial.  
Ask your Grocer for a "Fleischmann" Recipe  
Book.

### Price Of Wheat

Washington, Dec. 31.—Chairman Lever of the House Agricultural Committee announced tonight after a conference with Secretary Houston, that legislation to insure the maintenance of the Government wheat guarantee price for the 1919 crop was being drafted by the Department of Agriculture and that he would introduce it in Congress within a few days.

Mr. Lever said the legislation would authorize the President to continue operation of the Food Administration's grain corporation or create a new agency for buying, selling and storing the 1919 crop. A revolving fund of \$600,000,000 for the use of the corporation also would be provided.

"The Government" Mr. Lever said, "will take all of the 1919 crop and sell it at the world price whatever that may be." He added that the Government might lose a large sum by maintaining the price but that it was necessary to keep faith with the farmer.

While the world wheat reserve soon to be released was not now known, Mr. Lever said, Australia has a supply 300,000,000 bushels and Argentina, India and other countries probably have large stocks, the sale of which might affect the export demand and reduce prices.

### Local and Other Items

—It is officially computed that 41,000 persons died in Egypt outside of Cairo and Alexandria, as a result of the recent influenza epidemic.

The total exports of Canadian fish of the most popular varieties last year amounted to 335,000,000 pounds. This figure includes fresh frozen, salted, smoked and canned varieties.

—A two hundred per cent dividend was declared by the directors of the Fore Motor Company Detroit at their annual meeting December 31. The dividend represents a disbursement of \$4,000,000 among seven stock-holders.

According to London advices Britain's reconstruction committee will place timber orders in Canada aggregating \$50,000,000 through the Canadian Trade Commission. How, when and for how long the orders are to be placed will be announced by Canada's Trade Commission.

With four hundred dwellings and business houses partly submerged and the greatest part of the business section under water, Brownsville, Pa., experienced the worst flood since 1907. The Monongahela River at two o'clock on last Thursday afternoon was forty one feet above the flood stage. Hundreds of persons who fled to second floors of their homes when the water began to rise in the night were rescued in boats in the morning.

—The Dominion Government new steamers are to be put into commission for the development of the foreign trade of Canada. Three vessels of 8100 capacity will be ready this month and will be used wherever there is demand for space. The first vessel will sail for the West Indies and possibly touch at South American ports, with manufactured goods for that route. It is expected that Canada will get a large share of the West Indian and South American trade.

—There are 14,000 more British prisoners in Germany than the British records show, so that a number of men previously given up as dead or missing will return to their homes, it was stated the other day. The British had figured on 14,000, but the German records show that there remain in German hands 35,000 men of whom 15,000, through the failure of the Germans to report their capture and the man's failure to communicate with friends, had been listed as dead.

—Sir Robert Borden, Prime Minister of Canada, opening the new Catholic hut campaign at Waterloo Station London; said that the Canadian Government was actively engaged in finding employment for those who had lost it owing to the war. It was he said, absolutely necessary that an early opportunity should be given fighting men to resume civilian work. Sir Robert paid a tribute to the people of England especially the Catholic Women's League for all they had done for overseas soldiers.

The following cablegram was sent on New Year's Day by His Excellency the Governor-General to His Majesty the King: "I respectfully desire to convey to your Majesty the best wishes of the Government and people of Canada for the New Year." His Majesty replied as follows: "I am much gratified at the good wishes you have conveyed to me on behalf of the Government and people of Canada. In thanking them I welcome this occasion when our hearts are full of hope and expectation to assure them once more of my deep and abiding interest in their great country and of my wish for their ever increasing happiness and prosperity."

—It is probable that before the end of the present month more of the war time restrictions upon trade and business will have been removed. It is the policy of the Dominion Government to remove them just as rapidly as conditions will permit. Some have to be maintained by reason of restrictions still in force in the United States and Great Britain or by reason of the necessity of co-operation of Canadian officials with officials of those countries. It is thought that the operations of the Canadian Food Board and the War Trade Board will cease within the next two or three weeks.

### Local and Other Items

—The Belgian Minister of Justice announces that all foreigners of enemy origin, who had relations with the Germans during the war will be expelled from Belgium.

—Several children parading at Posen in honor of Ignace Paderewski were killed when the Germans fired upon them with machine guns. Five soft-nosed bullets entered the room where Paderewski sat but he was unharmed. He arrived with Col. Wade of the British Army.

Premier Lloyd George has called for the resignation of all members of the ministry. This is the usual routine after an election. The Times says Admiral Beatty is expected to come into the Admiralty as First Sea Lord. Following Admiral Wemyss who has requested different employment.

The many friends of Hon. C. C. Ballantyne, minister of Marine and Fisheries, have learned with regret that he has been stricken with appendicitis. He underwent a serious operation in Montreal on Thursday last. Recovery was slow at first, but later reports are more favorable.

Col. Theodore Roosevelt, former President of the United States died at Oyster Bay New York on the 6th inst. after a few days illness of inflammatory rheumatism. He was only 60 years of age and was a very ardent supporter of the Allies in the world's war in which two of his sons actively participated, one was killed and the other was wounded.

All Canada in London recently attended the opening by Premier Borden, at the Royal Academy, of the exhibition of Canadian war memorial pictures. The Premier said "I hope that the year may be crowned by such an alliance or concert of nations as will relieve humanity for all time from the burden of such sacrifices as have been heroically endured and sustained by the nations of Europe and Allied nations."

New Year's Day was quietly observed in this City. The weather, up to near three o'clock in the afternoon, was not very favorable, but it cleared up nicely and people began to move about. There was a goodly number of callers on His Honor the Lieutenant Governor at his residence. His Lordship the Bishop of Charlottetown had many callers at the Palace Apart from these callers was going on during the whole afternoon; perhaps not to such an extent as on some former years. The usual driving on the speedway on Great George street and Elm Avenue was indulged in and as usual some great exhibitions of speed were shown.

Sir Eric Geddes, First Lord of the Admiralty describes the men of the 20th. British Mine Layer Flotilla as some of the bravest and pluckiest of the British Navy. Sir Eric said that night after night British mine laying submarines had to proceed through the great German mine fields off Heligoland to discover the way through which German boats left and returned to bases. The British steamer then blocked these channels with mines. During the first six months of last year Sir Eric added, more than 100 German boats were caught in these trap mines. One of our mine barriers across the channel, below Ostend, trapped 17 German submarines in one month.

As on Christmas, the religious observance of the Feasts of the Circumcision and Epiphany were solemnly carried out in St. Dunstan's Cathedral. On both feasts Solemn High Mass celebrated by Rev. Father Hughes, assisted by Fathers McQuaid and Wm. V. McDonald as deacon and sub-deacon respectively. His Lordship the Bishop was the preacher on New Year's Day. In the course of his review of the events of the year 1918, he presented the vital Statistics of the Cathedral parish for the year just closed. The death rate was very high reaching 157; the births numbered 175 and the marriages 40. His Lordship concluded his discourse by extending best wishes for a happy prosperous and blessed New Year to all.

Rev. Father McQuaid was the preacher on the feast of the Epiphany. His theme was the manifestation of our Lord to the Gentiles as exemplified by the visit of magi.
