A TOAST.

Two important discoveries! The discovery of America by Colum bus, and Dr. Pierce's Golden Medical Discovery; the one opening up to mankind a new continent, the caler a fountain of health, which is indespensible to the full enjoyanent of life and its blessings. In response to the anniversation of tens of thousands of grateful patients, who have been relieved of thronic aliments through its instrumentality. These voices are limited to me one locality, but from every city, village, and hamlet in our broad domain, as well as from other climes, and in the strange utterances of foreign tongues, like the nonlused murmur of many waters, come unfergred and hearty commendations. It is in combination with the Pleasant Purgative Pellets, the great depurator of the age. Under its benign notion cruptions disappear, excessive waste is checked, the nexues are strengthened, and health, long tamished from the system, resumes the religa and re-catablehed her roceate throne upon the cheek. All who have thoroughly tosted its virtues in the disapses for which it is recommended unite in pronouncing it the agreed Medical Discovery of the age. \$50 to \$10,000 HAS been invested in Sto.k P. ivileges and paid 900 per PROFIT.

CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of estimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever in-troduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe

cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation. thus removing the cause of
