The Poor and Their Friends.

We are prone to think that the struggle for bread hardens the heart and dries up the fountain of sympathy and helpfulness in the human breast. When it is a question from day to day whether there shall be any bread at all, a refusal of alms to our more needy might be regarded almost in the light of a virtue. It would merit the approval of the social scientists who find the source of poverty mainly in improvidence. A poor woman who was employed to do the rough work about a house failed to make her appearand she reappeared, and was informed spill over.
