

Simply say H.P. to your grocer—he will hand you a bottle of the most appetising sauce in the world.

But be sure you DO say H.P. because you want

H.P. SAUCE

The Adventure's Trip.

The s.s. Adventure, Capt. Jacob Kean, which arrived here at 1.30 p.m. yesterday, has 26,000 seals on board. The catch consists of 23,000 young and old seals and 3,000 old and young hoods. The Adventure struck the seals first on the 16th March, a few miles to the E.N.E. of the Funks, and after steaming along struck the northern patch, and that evening and night secured about 5,000 seals. On the 17th 8,000 were accounted for, and on the 19th over 9,000 were killed, with the Florizel not so far away and getting her share in the patch. Sunday, the 19th, the ship "burnt down," and Monday, the 20th, 2,000 more were taken. Next day the ship struck the old fat. About 500 were slaughtered and then the ship steamed away north, killing 1,000 belemnites in a few days. About 1,500 old hoods were secured shortly afterwards, and after that the ship steamed down to Grois Islands and saw the Bella-venture, but did not speak to her. The Erik when last seen hailed for 12,000 seals and on Monday last was picking up some hoods. The Adventure bore up for home Tuesday morning and had a good run to port. All are well on board.

Can't Search for Body.

Owing to the inclement weather which has prevailed since Monday no search could be made for the body of the boy, Vincent Murphy, who was drowned off the South Battery, Sunday afternoon. Just before the accident occurred Mr. Samuel Ebsary, of the South Side, with a couple of friends, was out in his motor boat, and in coming in through the Narrows saw the boys down near the shore, and the remark was passed on board that if the lads were not careful an accident would occur. Shortly after passing the Battery they heard the cries of those on shore, put their boat about and came at full speed to ward the scene. On nearing the place they saw the lad's cap floating in the water and little farther away saw his head appear over the surface. Those on the boat tried to grasp the boy but it was going so quickly that they missed him, and when they turned to come towards the spot where he was seen he had disappeared for the last time. Mr. Ebsary and his friends were greatly overcome in witnessing the poor little chap's sad fate.

Suffered Terrible Pains from His Kidneys.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body, and most people are troubled with some kind of kidney complaint, but do not suspect it.

There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Dr. Bovey's Herb Tablets.

They help the kidneys to flush of the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Mr. C. Jordan of Port Sandfield writes as follows:

It gives me pleasure to testify to the merits of Dr. Bovey's Herb Tablets. I suffered terribly from kidney disease for three years, which trouble I contracted from exposure while working at my trade which is carpentering. I was advised to try your medicine. I am thankful to say that I am now completely cured. I can truthfully recommend this medicine to all sufferers from this painful disease.

Thankfully yours,
C. JORDAN.

MINARD'S LINIMENT CURES DAN-DRUFF.

An Old-Time Project.

We have had sent to us a reprint of the Boston Sunday Herald of March 29th, 1863. It is a war number and its make-up and extent are much different from the fellow Sunday numbers of to-day. Moreover, in extent it no way rivals the 56 page papers of to-day, as its space is limited to four pages. There is in it a curious project for collecting European news from passing steamers at Cape Race, for these were of course the days before the laying of transatlantic cables. The extract runs as follows:—

"Another new scheme has just been broached in England, where somebody is apparently making a good thing out of English credulity. It is this: A certain individual has proposed to form a company, said company to build a large lightship, to be anchored off Cape Race, in the track of the European steamers. This lightship is to have a steamer for a tender and also a yacht. The object is to intercept the steamers as they come from Europe, obtain the latest markets and other commercial news for the benefit of speculators, and forward it by telegraph to private customers. The individual projecting this scheme has written a letter to Peter Cooper, Esq., President of the Newfoundland Telegraph, for permission to land a submarine telegraph cable at Cape Race for the purpose of relaying the lightship. The request is coupled with an implied threat that if not allowed so to do, they will land it at St. Pierre, Martinique, and thence to Cape Breton. The main object, of course, of all this is to circumvent the Associated Press from furnishing the whole commercial public simultaneously, as it has been doing for years, with the latest market and other news from Europe. The whole thing is the creation of Fred Gisborne, and doubtless he will succeed—in replenishing his depleted pockets."

Girls With Bad Complexion.

The skin should really be so soft and transparent that the blood in the vessels beneath can impart to it the pale, rosy tint which is the ideal "bloom of health." Often, however, the skin becomes coarse and rough, and its cells filled with various impurities, which should be thrown off. This results in those "muddy," sallow, complexion, spots, blackheads, etc. Girls who are troubled in this way will find Zam-Buk and Zam-Buk Soap perfect skin foods. Smear Zam-Buk lightly over the spots, the eruptions, the sallow patches, at night, and notice how quickly your appearance improves. Wash each day with Zam-Buk Soap (only 25c. per tablet). As the rich, refined, herbal essences sink deep into the tissue, the hard, scurfy-like patches are removed. The cuticle is softened. The cells beneath are stimulated to healthy operation. The pores resume their work properly, and a good complexion results.

The Quarantine Service

The launch Daisy was all last night out at the side of the Newfoundland acting as a service boat and as a guard to see that none would leave the ship. When required ashore those on the launch were signalled by a red lantern moved from the Customs boathouse door and easily seen by them from that vantage point. Head Const. Peet has charge of the boat at night, and with him are Messrs. Curry, A. Murray, M. Murray and Wm. Lewis. The men on board belonging to St. John's were sent out some creature comforts by their friends ashore last night and were glad to get them. Tuesday night and yesterday morning the men suffering from small pox were landed, some at the King's wharf and others at Woods' dock in Hoytestown, and they were taken away to the Hospital in the fever ambulance. The three ladies who were on the ship were released from quarantine yesterday, having been vaccinated, and the men who are to go to the Dundee store on the South Side will be sent there today. The place has been fitted up well, stores being placed in it, while sails were put around to break drafts and they have ample furniture and bedding for their needs. In the present cold and stormy weather the men who are at work on the launch have a duty to perform which entails much hardship, especially at night.

Received Bad Fall.

While Mr. Winstborough, of the Royal Storks, was proceeding down Prescott Street at 2 p.m. yesterday he slipped on the snow and fell heavily to the ground hurting his back severely. He proceeded to work but later had to return home and get the attention of a doctor.

ENGAGEMENT ANNOUNCED.—The engagement is announced of Miss E. Snow, of St. John's, to a gentleman who resides in England. Miss Snow is receiving the congratulations of her friends.

WALL PAPER!

You cannot have nice looking walls unless you use good quality paper. We want to sell you a paper that is good

Not Expensive but Attractive.

Good in coloring, design and body. The sort of paper its a pleasure to the workman to put on, and a pleasure to the property owner to see on the walls.

3 SPECIAL PRICES—10, 15 and 20 cents,

Job Lace Curtains!

You probably need Curtains, most people do in the Spring of the year and we have anticipated just such a demand.

Our Stock is unapproachable in point of variety and exclusiveness of design.

Prices are well assorted from \$1.40 to \$3.20.

MARSHALL BROTHERS.

Cochrane St. Church.

On Good Friday morning, at 11 o'clock, Rev. Fred R. Matthews, B.A., will preach, taking as his subject: Luke 22: 42—"The Prayer of Gethsemane." The choir will sing a "Meditation on the Passion of Jesus"—words by the Bishop of Exeter; music by Dr. Chas. Vincent. This setting portrays five scenes—the Garden, the Way of Sorrows, the Seven Words from the Cross, the Appeal, the Response. The collection will be in aid of the Sustentation Fund.

Rev. F. R. Matthews Invited to Wesley

Last night the Quarterly Official Board of Wesley Church unanimously decided to invite Rev. F. R. Matthews, B.A., to the pastorate of Wesley Circuit for the next term subject to the approval of the Conference.

Bruce Gone to Pieces.

Messages received by the Reid Nfld. Co. yesterday state that the Bruce is gone to pieces, and that she is totally submerged. Not much of value has been salvaged from her to-date. The water where she went ashore is shallow and it is thought that during the summer the machinery, brass, etc., will be secured.

Western Bank Fishery

The severe weather of the past two weeks has interfered a good deal with the operations of the Western Bank fishermen. Some of the fishermen have done poorly fishing on the grounds off Burgeo and Channel. The large schooners are now being got ready for Quero and the Grand Bank.

GRAND OLD MAN OF THE PRAIRIES.

DECLARES HE OWES HIS SPLENDID HEALTH TO DODD'S KIDNEY PILLS.

Suffered for twenty-five years from Rheumatism and Kidney Disease—three boxes of DODD'S KIDNEY PILLS made him a new man.

Swift Current, Sask., April 12. (Special)—Seventy-six years of age, but strong and healthy, Mr. J. P. Lackey of this place is one of the grand old men of the prairies. But Mr. Lackey has not always enjoyed his present health. "For twenty-five years," he says, "I suffered from Rheumatism, which I inherited. I was nervous. My limbs would swell and I had a severe pain across the back. I also had a heavy dragging sensation across the loins. I am a well man to-day and I attribute it all to three boxes of Dodd's Kidney Pills. My Rheumatism and Kidney Disease have entirely disappeared."

Mr. Lackey is showing his appreciation of Dodd's Kidney Pills by buying them and presenting them to his friends. He has joined the great army of those who have learned from their own experience that as a giver of new life to old and young Dodd's Kidney Pills stand without an equal.

Just received in splendid order—Fresh Frozen Herring, extra large and fat, 14c. doz.; Fresh Halibut, Fillet Fish, Finnan Haddie, GEO. KNOWLING.—ap12.51

- Navy Blue Serge Remnants—by the pound.

P. F. COLLINS.

The Mail Order Man.

Streets Running With Champagne.

Special to Evening Telegram. PARIS, To-Day.

The French Government is disturbed over the riots in the champagne district of Marne. Instructions have been issued to commanders of troops in disturbed regions to preserve order and save property. Dameric is a scene of desolation. The streets are literally running with dark masses of champagne mixed with mud, and within a stone's throw of the red banner floating over the City Hall stand the ruins of six houses of wine merchants demolished by the mob. At Reuilly in the department of Marne, the commanding officer of the district has concentrated several thousand troops and not only in this town but at other threatened points in the vicinity with the object of preventing further destruction of wine property. The troops are preparing to meet the advancing manifestants.

At Centenary Hall.

At the annual distribution of prizes and C. H. E. diplomas, held in Centenary Hall last night, the teachers and scholars were greeted by a large and enthusiastic audience. The Chairman, Hon. James Angel, played his part with satisfaction to all, and his references to the absence of Board members was appropriate, and it is hoped effective. Three special prizes, presented by T. A. Pippy, Esq., for Arithmetic to the first three rooms, were won by Harold Evans, first room; Cecil Martin, second room; Cyril Quick, third room.

Two special prizes were offered by Mrs. S. J. Tucker for Needlework, and were won by Edna Parsons, first place; Edna Butt, second place.

One special prize, a \$2 gold piece, was offered by Hon. Jas. Angel for general merit—Bella V. Parsons.

Two prizes, offered by Miss M. White for highest marks obtained in C. H. E. exams last year, were won by Gertrude Whiteway, Preliminary; Bella V. Parsons, Primary.

Miss L. Tucker, upon whose increasing efforts the success of the meeting so largely depended, presented Winnie Howes, one of her scholars with a special prize for good conduct.

The fifth and lowest room was not without a special recognition. Miss Cave, who is in charge of that department, gave the following prizes for—Good Conduct, Maud Rose; Tables, Bessie Rose; Spelling, Mary Noseworthy.

The teachers are grateful to Board members and others who so generously contributed money to purchase these prizes, and hope that Centenary Hall may thrive and become a seat of learning of which the West End may well be proud. Those in charge of the programme are to be congratulated upon having one that appealed to the audience as worthy of a larger admission fee—Com.

Died on the Ranger.

The young man, Jacob Preston, who died on the Ranger, Sunday, April 9th, caught a chill by falling in the water a few days previous. The Ranger put a flag in the rigging when the S. S. Adventure came in sight. Dr. Cron who was on the latter ship went on board and on examining the body told the captain that the deceased died from the effects of a chill. The Adventure's Marconi man was asked to send the news home and the Boathie picked up the message and this is how the report spread that one of the Adventure's crew had died. The ship's carpenter made a coffin and the body will be brought in for interment at Pool's Island. Deceased was only 23 years of age and was of a delicate constitution.

University Debate.

In the debate between Sackville University and Dalhousie College which took place a short time ago, the Dalhousie trio were declared winners by one point. The award of the judges, however, was qualified by the statement that Sackville had produced the best arguments, while Dalhousie had won on oratory. The leader of the Sackville trio was Mr. N. Guy, a Newfoundland, and Divinity student of the N. F. Conference.

Trade With Belgium.

The s.s. Spica, which arrived here Tuesday night from Ghent, in coming in off this coast had particularly stormy weather, and Monday had snow with thick fog later in the evening. Tuesday morning she had a blizzard with a mountainous sea running. One of the plates, it is thought, became started and a deal of water entered No. 3 hold. The hull will be examined to find the cause of the leak when the ship is discharged. The ship is a fine one, built at Frederickstadt 5 years ago and will go from here to Nova Scotia to load either lumber or plaster for the Southern States. The captain says that owing to the construction of a large canal the Ghent is now open to western commerce and will take a deal of trade from Antwerp. The business people of Ghent look forward to a great increase of trade between their city and Canadian and U. S. ports.

Evening Telegram Fashion Plates.

The Home Dressmaker should keep a Catalogue Scrap Book of our Pattern Cuts. These will be found very useful to refer to from time to time.

8906.—An EXCELLENT MODEL FOR THE YOUNG MISS.

Girls' Dress With Panel Front.
The frock representing a design that requires little trimming is always popular. The dress here shown may be made with a finish of brocade or stitching and a bit of lace or embroidery for the yoke facings. The fronts are outlined by a panel that is overlaid at the upper part to simulate a yoke. The panel forms part of the gored skirt in front. The sleeve has a deep cuff. Cashmere, challie, serge,ingham, chambray, dimity, linen or other materials now in vogue may be used for this design. The pattern is cut in 4 sizes: 8, 10, 12 and 14 years. It requires 3½ yards of 36 inch material for the 12 year size.
A pattern of this illustration mailed to any address on receipt of 10c. in silver or stamps.

Suitable materials for any of these patterns can be procured from AYRE & SONS, Ltd. Samples on request. Mention pattern number. Mail orders promptly attended to.

Please send the above-mentioned pattern as per directions given below.

Deliver Properly.

People residing on the higher levels complain of the very careless manner in which at least one of the postal delivery clerks leave their papers. The man who delivers on Cabot Street and neighbourhood has formed the habit of throwing the papers in doorways, rarely knocks or rings to find the owners and as a result boys finding the papers often take them from the doorways and tear them in pieces. This carelessness on the part of some postmen is most annoying and we believe that it is only necessary to bring the matter under the notice of the P. M. G. to have it instantly corrected.

Town Blown Away.

Special Evening Telegram. MUSKOGEE, Oklahoma, To-Day.
The town of Big Heart, Okla. has been blown away by a tornado, according to reports received here. All wires are down and details are unobtainable.
SCHOONERS DUE.—Several schooners are now due here from Bahia. They, no doubt, have had a hard time on the coast the past three days.

Uncle Walt THE POET PHILOSOPHER.

The good old game is under way, so let us watch the players play, without a grief or fear; oh, let us sit like brooding owls, and howl again the same old howls that we put up last year. We'll roast a player **BASEBALL** when he makes a series of disastrous breaks, and calls him name like "quince," and if himself he should redeem our ball him with a jocular scream, and say he is a prince. We'll have an idol every day, and swear he has no feet of clay; our plaudits will resound; we'll praise him till he muffs the ball, and then the same old names we'll call, and hoot him from the ground! And in these happy baseball days we'll resurrect each chestnut phrase, from out our pile of junk; we'll call men boneheads when they try in vain to stop a whizzing fly, and say their work is punk. We'll sit and chew the same old rags, and spring again the same old rags, and make again the same old rags; we'll use the same sarcastic strokes, and all the prehistoric jokes, and breathe the same old threats. I wish there would arise a man, a gifted, soulful baseball fan, a being real and true, who would up-on the bleachers sit, and throw some novel sort of fit, and yett out something new!
