Celebrated Norwegian Jigger.

Fishermen should use these Jiggers and rig them with swivels same style as in Norway, then the Jigger acts like a minnow and when spinning attracts the fish, so that instead of jiggering they really snap the Jigger and in this manner you never fail to catch them. Ordinary leads can be used, but the Norwegian style seems more simple and easily made. Our fishermen should try this great Norwegian fish killer.

MINARD'S LINIMENT CURES GART IN COWS.

**Meeting of Citizens' Committee.**

A meeting of the Citizens' Committee was held in the Board of Trade Rooms last night. Hon. J. Harris presided and those present were: Messrs. F. W. Bradshaw, Geo. F. Power, Geo. Shea, Hon. J. Harvey, Inspector O'Brien, Jas. P. Blackwood, F. W. Angel, F. Wadden, Dr. Macpherson, J. Devine, J. Barter, Dr. Brehm, E. M. Jackman and S. G. Collier. City Engineer Ryan was also present and was interviewed on the question of water supply; present conditions and the proposed improvements were lengthily discussed. Mr. Ryan presented some valuable information on the matter and will report further at the meeting to take place on next Thursday night.

**M.C.L.L. Debate.**

The last debate for the season was held at the M. C. L. I. Rooms last night and was largely attended. The question for debate was: "Whether has the State or the Church Contributed the More to the Happiness of the People of Newfoundland?" The supporters of the State were Messrs. J. W. Nichols, W. Drover and E. Taylor, whilst the Church was supported by Messrs. J. C. Puddister, W. Clarke and E. Edgecombe. The discussion was an interesting one, and at the close the vote resulted in a large majority for the Church.

The annual meeting will take place on Thursday next. The Institute has had a very successful year, the debates being very interesting and the attendance regular.

**W.C.T.U.**

The W. C. T. U. held its fortnightly meeting at the Seamen's Institute last evening, 1st V. P., Mrs. Miller, in the chair. Mrs. Jos. Pippy conducted a devotional half hour at the opening. It was announced that Mr. W. H. Jones would give a lecture on "Picturesque Devonshire."

Reports showed that the monthly service conducted at the Penitentiary was productive of much good and that four of the inmates had signed the pledge.

**THE GREATER QUESTION.**

At this season of the year for Farmers with up-to-date ideas is, what are the best means to use to get the best returns from the land.

Fertilizers must be used liberally if large returns are looked for. There are several good chemical fertilizers which may be recommended, but Sulphate of Ammonia has been proved to give the best returns, and is the most valuable and economical source of Nitrogen for agricultural purposes.

For vegetables, grass, and all leafy crops, about one and a half cwt. per acre is the best quantity to use, and this should be applied when the plant is making its growth, as well as before sowing the seed.

If a liquid manure is preferred, a 1/2 oz. of Sulphate to one gallon of water should be used, and applied once a week for a month. This quantity should not be exceeded.

It is a good plan to reduce the Sulphate to a fine powder, and mix with four or more times its own bulk, for the purpose of diluting the manure, which is very powerful.

For potatoes the following mixture is strongly recommended:—

- 40 lbs. Superphosphate.
- 25 lbs. Fine bone meal.
- 10 lbs. Carbonate of Magnesia.
- 15 lbs. Sulphate of Potash.
- 21 lbs. SULPHATE OF AMMONIA.

1 cwt. Apply at the rate of 10 to 11 lbs. to 43 square yards.

The use of Carbonate of Magnesia in conjunction with Sulphate of Ammonia, is of great importance in potato culture.

For turnips use the following:—

- 65 lbs. Superphosphate.
- 13 lbs. Fine bone meal.
- 13 lbs. Sulphate of Potash.
- 20 lbs. Sulphate of Ammonia.

1 cwt. Apply at the rate of 10 to 11 lbs. to square yards.

Sulphate of Ammonia of excellent quality is now made by the St. John's Gas Light Company, and may be obtained on very reasonable terms.

Full particulars may be obtained at the Gas Works, or at the Board of Trade Building. Ask for special booklet on the use of Sulphate, it will be found of great value in securing the heaviest crops.

**How a cut led to 4 years of suffering**

Mr. J. E. Arsenaull, a Justice of the Peace and station master at Wellington, on the P.E.I. Ry., says: "Four years ago I fell on the front of my leg. I thought this would heal, but instead it developed into a bad ulcer, and later into a form of eczema which spread very rapidly and also started on the other leg. Both legs became so swollen and sore that I could only go about my work by having them bandaged."

**How Zam-Buk cured.**

"This was my condition when I got my first box of Zam-Buk. Greatly to my delight that first box gave me relief. I continued to apply it to the sores, and day by day they got better. I can see that at last I had got hold of something which would cure me, and in the end it did."

"It is now over a year since Zam-Buk worked a cure in my case, and there has been no return of the eczema."

Purely herbal in composition, Zam-Buk is a sure cure for all skin diseases, cold sores, chapped hands, ulcers, blood-poisoning, varicose sores, piles, ring worm, inflamed patches, cuts, burns and bruises. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for 50c.

**Wedding Bells.**

HILL—ASHBOURNE.

A pretty wedding was solemnized at Trinity Methodist Church yesterday, March the 18th, at 3.30 p.m., the Rev. Dr. Hincks officiating, while the organ was presided over by Miss Twohey. The contracting parties were Miss Janie Hill, daughter of Rev. Jabez Hill, of this city, and Mr. William Ashbourne, of Newfoundland. The bride was attired in a travelling suit of Copenhagen blue, with hat to match. After the ceremony a dainty epat was partaken of at the home of the groom's sister, Mrs. Screevins, 92 Ossington Avenue, after which the happy couple left for New York from whence they will proceed to North Carolina, and other points in the States, continuing their honeymoon until the latter part of June, when they will return to their future residence in Newfoundland. The bride was the recipient of many handsome gifts, chief of which was the gift from the groom, consisting of a lovely set of mink furs and a beautiful Persian lamb coat.—Toronto Daily Star, March 20th.

**4 Baby's Face.**

How nice baby's skin is now; not a red mark or abrasion anywhere to be seen.

"Yes, I was noticing. His face used to be so spotty that I often wondered if it were possible to do anything for him. How did you manage to cure the trouble?"

"Simply enough after all. A few applications of that wonderful new infant Zylex, and the steady use since of Zylex Soap was all that was needed, that made the little chap light."

Zylex (50c.) and Zylex Soap (25c.) can be had from your druggist. mar16.

**Billiard Tourneys.**

At the B. I. S. Rooms last night Mr. P. Tobin (Spot) defeated Mr. W. J. Higgins (Plain) by 24 points. Spot side is 74 in the lead so far.

A match at the T. A. Rooms between W. Kelly (Spot) and E. Garl (Plain) resulted in a win for the former by 62. Spot side are over 100 a head, with only six more games to be played.

In the Star tournament M. Whelan (Spot) won over J. Jackman (Plain) by 31. Plains are now 64 ahead of their opponents.

**Passing of Christian Brother.**

A cablegram from Rev. Bro. Conway, of Ireland, was received yesterday by Rev. W. C. Ryan, Superior of the Mount St. Francis Order of Christian Brothers here, informing the latter that his brother, who was also a Christian Brother, had passed away the previous day, death being almost sudden. Sincere sympathy is extended to Rev. Bro. Ryan in his bereavement by his numerous friends in the city.

**Allan Line Service Opens.**

The Allan Line service will be resumed on Wednesday next, April 1st, when the first steamer will leave Glasgow for Liverpool and sailing from the latter port for St. John's on April 4th. It is not definitely decided what steamer will make the first trip but it is likely it will be the Mongolian.
