Big Railway Accident in France.

Train Derailed, 25 Persons Killed--Cyclone Does Damage at St. Vincent--Floods Cause Many Deaths in Texas--King's Uncle Passes Away--Allies Recall Belgian Detachment From Ruhr District--Fishing Vessel Races Oct. 22nd.

DEATH OF MARQUIS OF MILFORD HAVEN.

LONDON, Sept. 11.—Admiral Louis Alexander Mountbatten, First Marquis of Milford Haven, died here to-day. He was 67 years old. The Marquis of Milford Haven was born in Graz, Austria, in 1854, son of Prince Alexander of Hesse, and grandson of Louis II, Grand Duke of Hesse. In 1884 he was married to his cousin, Queen Victoria's daughter. The official cause of death as announced in a bulletin, was heart failure, following a severe attack of influenza.

R. C. AS HALF WAY HOUSE.

VANCOUVER, Sept. 11.—British Columbia, as the venue of the next Imperial Conference, was advocated by Right Hon. Mr. Massey, Premier of New Zealand, in an address before the Canadian Club yesterday.

A TROPICAL STORM.

PORT OF SPAIN, Trinidad, Sept. 11.—A tropical storm of great violence, which struck Trinidad on Thursday, caused two deaths and did damage to shipping estimated at one hundred and fifty thousand dollars. Damage from the storm, which was travelling northwest, was principally confined to the harbor.

HEAVY MORTALITY THROUGH FLOODS.

SAN ANTONIO, Texas, Sept. 11.—Six are known to be dead, and property in the central portion of the city has been damaged to the extent of several million dollars, by a flood which swept through San Antonio last night. The damage by police and fire officials

of loss of life reaches as high as five hundred.

BELGIANS RECALLED.

BRUSSELS, Sept. 11.—A Belgian detachment sent into occupied Germany some time ago with a view to occupation of the Ruhr Basin, has been recalled with consent of the Allies.

VICTIMS OF FLOOD.

SAN ANTONIO, Texas, Sept. 11.—With the known death list standing at 47, with over 200 reported missing, the waters of the disastrous flood, which struck this city early on Saturday morning, were receding to-day. Wreckage in places was tangled to a depth of twenty feet. Property damage in the business district was estimated from \$5,000,000 to \$10,000,000.

CYCLONE DOES DAMAGE.

ST. VINCENT, Windward Islds., Sept. 11.—St. Vincent, Sea Island, cotton crop for 1921 was almost destroyed by the cyclone storm, which swept over the Windward Islands on Thursday. Sugar cane fields were laid flat and numerous coconut trees were uprooted or stripped. The jetty in Georgetown was completely demolished, the sea there having made even greater inroads than it did in the great hurricane of 1898.

BRIDGE TRAGEDY.

CHESTER, Pa., Sept. 11.—Twenty-four persons were drowned and five others escaped injury in the collapse, last night, of a bridge spanning Chester River, at Third Street, in the heart of the city's business district. A small wrought iron gusset plate, part of the support for a foot

path along the side of the structure, which had been half eaten by rust, gave under the weight of nearly a hundred persons, who were attracted to the spot by cries of a drowning boy and precipitated the victims into the river.

RAILWAY HORROR IN FRANCE.

LYONS, France, Sept. 11.—Twenty-five persons are reported to have been killed and sixty injured, when an express train, running from Strassburg to Lyons, was derailed last night near this city, while running at the rate of fifty miles an hour.

FILM FAVORITE CHARGED WITH MURDER.

SAN FRANCISCO, Sept. 11.—Roscoe "Fatty" Arbuckle, Motion Picture Actor, was booked on a charge of murder late last night, in connection with the death on Friday of Miss Virginia Rappe, a film actress, following a party in Arbuckle's suite, at a hotel here last Monday. Arbuckle was charged, according to Assistant District Attorney Milton Uren, under a section of the California code, providing that life taken in rape, or attempted rape, is considered murder.

A LULL NOT A TRUCE.

GREEK G. H. Q. IN ASIA MINOR, Sept. 11.—Hostilities between Greeks and Turks ceased on Tuesday for the first time after many weeks of operations. Both armies were taking a rest after arduous fighting since the beginning of the offensive.

GREEKS WITHDRAWING.

CONSTANTINOPLE, Sept. 11.—Despatches received on Thursday night indicated that the Greeks were withdrawing in Asia Minor, but that the Turks would be unable to follow them owing to their exhaustion. It was said that the Greek drive toward Angora had failed.

JAPANESE TO VISIT BRITAIN AND STATES.

TOKIO, Sept. 11.—Announcement of plans, by a number of prominent Japanese business men, to visit Great Britain and the United States in the near future is described by the Nichi Nichi Shimbun, as the embodiment of a plan of the commercial elements of the Empire to start extensive propaganda intended to make clear Japan's sincere attitude. The mission's idea is to give moral support in the form of a strong back ground to Japan's official delegation at the conference on the limitation of armaments in Washington.

FISHING VESSEL RACES.

GLoucester, Mass., Sept. 11.—Schooner Elizabeth Howard, owned by W. W. Howard of New York City, was a last minute United States entry to-day for the International Fishing Vessel races off Halifax, beginning October 22. The entry list, which closed late last night, already held the name of the schooner Mayflower, built by a Boston Syndicate as the other representative of the United States. The advisability of holding a series of elimination races to determine whether the Elizabeth Howard or the Mayflower will sail against the Canadian challenger, will be discussed at a meeting of the American Race Committee next Tuesday. The Elizabeth Howard, with a gross tonnage of 142, length 119.5 feet, width 25 feet, depth 11.4 feet, was built at East Booth, Bay Harbor, Maine, in 1916. She has been considerably used for freighting.

WEDNESDAY DECIDES.

LONDON, Sept. 11.—Premier Lloyd George's invitation to Eamon De Valera and his colleagues to confer as to a basis for a settlement of the Irish controversy must await action by the Irish Republican Parliament. That body will meet in secret session next Wednesday, at which time it is assumed the Premier's latest note to Dublin will be submitted and decision will be reached as to acceptance or rejection of the invitation.

Just Folks
 Fair Dealing.
 Believe in his promise until he breaks it.
 Believe him honest until he lies.
 Honor his name until he makes it.
 A symbol for conduct which men despise.
 Believe him fair till he deals unfairly.
 He has a right till he proves untrue.
 To be met by a man who will meet you squarely.
 He should be judged as he deals with you.
 Give him your faith until it is shaken.
 Trust him until he betrays your trust.
 Take his word as you'd have yours taken.
 Let your dealings with him be just.
 Give him credit for fair endeavor.
 Make him your friend till he proves untrue.
 He may be worthy your trust forever.
 Brand him not till he's false to you.

Codfish—Total of shipments to foreign markets this week from St. John's and Outports was 34,062 qtls. as follows: From Outports—By the schooner Norma B. Strong from Messrs. Shore and Labrador from Messrs. Job Bros., G. M. Barr, T. Tracey, T. Hollett, J. F. Murphy, Harvey & Co., Nfld. Labrador Export Co., Jas. Baird, Ltd., W. A. Munn, Bishop, Sons & Co., G. J. Carter, A. S. Rendell & Co., A. H. Murray, Labrador Fish & Oil Co., and A. E. Hickman Co., Ltd.

Cod Oil—For the first time this summer we believe the market shows appearance to indicate that there is more business in sight. At any rate we find new buyers coming into the market and that in a decidedly healthy condition. We heard of sales this week at \$80 per ton and hope that we may have still better news for next week.

Cod Liver Oil—There is no change in the market and not likely to be. Norway produced such a large quantity this spring that they have more than the markets require. Then again England is the largest consumer and as we are paid in English currency which is only worth about \$3.80 to one pound sterling, and Norway gets one pound it means that that have 25 per cent. advantage over us on this one matter of bank exchange which is a serious handicap for us.

Pork—The imports of pork this week by s.s. Sable I. amounted to 890 barrels. The market shows no important change at home or abroad and prices here are as follows: Mess \$31.50, Short-Cut \$31.00, Fat Back \$31.00, Morris Family \$37.50, Ham Butt \$39.00, Grocers' Family Mess Rib \$55.00 and Spare Ribs \$28.50 per barrel wholesale. The total imports to St. John's are, 14,000 roundly against 20,000 this date last year.

Beef—The imports this week were 900 barrels, not including the consignments by the S.S. "Rosalind." City dealers are placing their orders, feeling confident that the price is as low as it will be this year. The local prices are to-day as follows:—

Bos Plank, \$25.00; Family, \$25.00; Boneless, New York, \$21.25; Ditto Alderney, \$21.75. The total imports to St. John's are now 15,000 roundly against 18,500 last year.

Molasses—The schooner James O'Neil arrived from Barbados this week with 266 puncheons, 25 Hds. and 61 barrels of Molasses, Choice and Fancy for Messrs. W. A. Munn, Monroe Export Company and Baine Johnston & Company. The importations are very short and the small quantity remaining in Barbados is held at excessive prices. In the local market the wholesale quotations are; Fancy in puncheons 85 cents per gallon, Choice in puncheons 80 cents per gallon, in tierces 83 cents and in barrels 85 cents per gallon.

Sugar—The importations of White American Granulated Sugar this week totalled 400 barrels and 200 boxes. The total imported to St. John's since New Year is 44,175 hundredweight, as compared with 75,008 hundredweight to same date last year. The expectation of lower prices all the past four months was the main factor in this poor record. The local price to-day is \$12.00 per 100 pounds for White American Granulated sugar in the barrel. It is yet uncertain whether the bottom has been reached.

Potatoes—The local market is now being amply supplied with home-grown potatoes. The farmers are selling at the rate of \$1.50 a quarter barrel and \$3.00 a half and \$5.00 a full barrel. It is likely that the price will come down to \$4.00 a barrel by the middle of this month. Prince Edward Island has a large crop which will be offering at about this price in October.

Apples—Large shipments arrived to different city dealers, from Halifax by the S.S. "Rosalind" this week. Practically all Gravessteins of two grades No. 1 and Domestic. The number one's are selling at \$6.50 to \$7.00 lots and sizes barrels respectively and No. 2 (Domestic) at \$5.50 and \$6.00. Gravessteins will hold the market till November.

Oats—The market is unchanged here and no new quotations have been received from Canada this week. As the oat crop is good there does not seem to be any likelihood of any advance on to-day's quotations during the fall months at least. Prices to-day are \$3.80 to \$4.00 for Mixed; \$4.00 to \$4.20 for White per sack. No Black in the market.

Hay—There is no change in prices and the Canadian market conditions show more firmness according as the shortage reports are being realized from all over the Dominion. In the local market the \$50.00 limit of Aug. was passed this week, and while some dealers are asking \$55.00, others are satisfied to sell at \$52.00. We expect to hear of \$60.00 hay before the winter sets in.

The Story Teller.
 James Jarvis Jinks is in his glory, when he's relating anecdotes; all things remind him of a story, and men who listen lose their goats, for all the tales he tells are hoary, and blue mould on the surface floats. He surely sees when he's beginning a dreary yarn that Adam knew, that fellows quit their cheerful grinning, and look morose, distraught and blue; he ought to know that he is sinning by handing out a yarn or two. This Jinks has many kinds of merit, and well might rank with honored males, had he neglected to inherit his passion for bewhiskered tales; that graft—the people cannot bear it; all story bores should be in jails. It's strange how bores will keep on boring, when they must see they make men tired; the orator continues roaring till through the transom he is fired; the frenzied bard is bent on soaring when wood is most desired. Sometimes when I get busy talking I mark a hearer heave a sigh, or wipe the tears that come a-flooding around the corner of his eye; and then I know my conduct's shocking. I'm so ashamed I fain would die. Then I reform until, forgetful, I launch upon another spiel, and seeing some poor victim fretful, the currents of my soul congeal; I then proceed, remorseful, sweatful, to kick myself with my right heel.

Let us put a smile on your countenance. Try a bottle of Brick's Tasteless at Stafford's Drug Store. Price \$1.00; postage 20c. extra.—apr21t
