#### Health and Comfort in the Home.

Many a chill can be avoided by the wise use of heating with ever-ready gas stoves. An inset gas fire can easily be installed in any ordinary coal grate, and will provide the necessary warmth at any time.  
Gas Fires make no work. There is no coal to carry up stairs, and no ashes to be cleared away. They are ideal for use in daintily appointed rooms. There is no smoke or dust. They also ventilate the room. Enquiries solicited.
