

CATARH.—If your head, nose and throat are filled with a burdensome mass of mucus, either dry or moist, thin or thick, white or yellow, and your eyes swollen and heavy, your head feeling unusually large, with a constant dull heavy pain all through it, resulting from Catarrh, use Dr. J. Briggs' Alligator. The mucus will be immediately discharged from the head, nose and throat, the eyes brighten, and sparkle with delight; the head feels natural again, all pain has fled, and life once more desirable. Sold by druggists and country merchants generally. Dr. J. Briggs & Co., proprietors, 208 Broadway, N. Y., and No. 6 King Street, West, Toronto. Sold by E. Harvey & Co., Guelph.

Guelph Markets.
MERCURY OFFICE, GUELPH.
 June 15, 1869.

Dullness is still the report both here and elsewhere. There is but little activity in the city markets, although the receipts appear to be larger than they were at this time last year. Toronto pays 95c. for fall and 92c. for spring wheat; Montreal from 5c. to 5c. higher. The supply of grain on the Guelph market is very light. This forenoon not more than half-a-dozen loads of wheat were offered. The price has been steady during the last two or three days, and stands same as the time of our last weekly report. Oats, peas and barley are unchanged, perhaps for the simple reason that there is scarcely any coming in. What the figures would be if there was a fair supply of these grains cannot be conjectured. Hay is not so high as it was last week, probably in consequence of the inferiority of the quality offered; the demand, however, is active. Butter and eggs are steady, the tendency, if there is any, being downwards for the first mentioned article, although it is somewhat scarce. Wool is at present the chief staple of the market. Since the commencement of the season, about two weeks ago, some 80,000 lbs. have been brought in. One day saw 16,000 lbs. changed hands. The price is not so high by two cents as it was a week ago, still, considering the enormous quantity which has been offered (which is believed to be about half of what will find its way to this market) and the prices paid in other places, it is a wonder that the figure is not much lower. There is little or no difference between our wool quotations and those of the cities, and several produce dealers who would buy if they saw a fair prospect ahead, refuse to touch it at present rates.

IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blood is well known to all medical men; when it becomes reduced from any cause whatever, the whole system suffers, the weakest point being first attacked, and a feeling of languor, lassitude and "all-goneness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using

PERUVIAN SYRUP.

a protected solution of the protoxide of iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a deficiency of iron in the blood, without restoring to the system is like trying to repair a building when the foundation is gone.

An eminent divine says: "I have been using the Peruvian Syrup for some time past—it gives me new vigor, buoyancy of spirit, elasticity of muscle."

Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, chemists and others, will be sent free to any address.

The genuine has **PERUVIAN SYRUP** blown in the glass. Sold by all druggists.

The large and increasing sales of these PERFECTED GLASSES is a sure proof of their superiority. We were satisfied that they would be appreciated here as elsewhere and that the reality of the advantages offered to wearers of our beautiful lenses, viz: the ease and comfort, the assured and readily ascertained improvement of the sight, and the brilliant assistance they give in all cases, were in themselves so apparent on trial, that the result could not be otherwise than it is, in the almost general adoption of our Celebrated Perfected Spectacles by the residents of this locality. With a full knowledge of the value of the assertion, we claim that they are the most perfect optical aids ever manufactured.
