Over Thirty Thousand Dollars worth more Goods sold this Spring than last, and there will be more in the future, for we are determined to keep prices down in spite of increase in the tariff. Every one remarks the great business doing at THE LION. Of course it must be so,—our stock is larger than any six stocks in Guelph, and our prices so much lower, and the people find out these things, and go where they get the best value for their money.

We have received a specialty this week of over one thousand dollars worth of Double Ballou's Kid Gloves direct from French makers, that we will sell at one dollar a pair; elsewhere you pay from \$1.25 to \$1.50 for the same.

Also, French Silks in all the newest shades in plain, striped, and shot, at \$1, worth \$1.50 a yard.

From British Columbia.

Mr. Robert Dickie, son of Mr. John Dickie of Puslinch, writing from Lake Lahach Valley, on the east side of the Cascade Mountains in British Columbia, says that that locality is better adapted to the rearing of cattle than for agricultural pursuits; as the land has to be irrigated before a crop can be produced. This necessity arises from the fact that the moisture from the Pacific Ocean condenses, and falls before reaching the summit of the Cascade Mountains, and consequently never reaches the valley beyond.

Butter and beef are the chief production of this region, the former selling at 50 cts. per lb.; but the latter at only 3 cts. per lb on the fort.

Barley and oats, with a few vegetables, are the principal agricultural productions, and these are raised in no greater quantities than are required for home consumption.

In winter the cattle are not housed (except the calves) and are fed with hay, which grows in natural meadows. These meadows are flooded with water until near the end of June. They resemble our swamps, but the hay is of much better quality than that produced here on low uncultivated grounds.

In the valleys below Lake Lahach valley, the cattle receive no attendance during winter, but subsist on a plant called sage-weed, which grows from one to two feet high; but a severe winter causes many of them to die.

Stock has decreased in value fully one half within the last two years.

As to how he likes the country, Mr. Dickie says that nothing could induce him to settle permanently in it; as farming in the farming districts scarcely pays the trouble of taking the produce to market.

No doubt when travelling facilities are improved, railway and communication established, agricultural interests will not be at such a discount.—Com.

DISTRICT APPOINTMENTS.—The following are the appointments of Ministers of the M. E. Church for Huron District: Meaford, J. H. Hilt; Thornbury, J. F. Durkee; Creemore, R. Carson; Garafraxa, J. Bell; Orangeville, G. Clarke; Melancthon, W. F. Ferris; Eugenia, A. Conner; Invermay, J. W. Sanderson; Hanover, A. L. Tharston; Kincardine, W. M. Pomeroy; Tecumseh, J. W. Moore; Listowel, to be supplied; Mt. Forest, F. M. Smith and J. X. Moran; Eramosa, J. Lynch; Rev. R. Sanderson, Presiding Elder.

Breakfast.—Epps's Cocoa.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoas, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills."—*Observe the name*—Gazette. Made simply with boiling water or milk. Each packet is labelled—*James Epps & Co., Homoeopathic Chemists, London.*"
