SCOTCH WILL
CELEBRATE BIG EVENT

Great Preparation Being Made for Burns Night

The Caledonia Dance Committee who have conducted the Saturday night dances in the Barber Block so successfully last season and this one, had arranged to celebrate Hogmanay and Burns' night there. The Hogmanay dance came off last Monday night and was pronounced the success of the season. However, the committee's intentions in regard to this hall for Jan. 25th have been frustrated, but they have secured Prof. Mason's hall, Alexander Block for that night, and also the best Scotch talent to render the best songs. The celebration will be on the same lines as the Burns' Ten Tenorance Clubs in Scotland, and a most enjoyable evening is assured all who attend.

Not Attracted by Money

(Continued From Page 1.)

He knew a man who used to take three glasses a day, but he did not know he was a drunkard till he tried to give up these three glasses and could not.

"What is a man who does not believe in the Bible? Why doesn't he? Because it shows his sins in every verse of it. Shame on the one that treats his mother's Bible as some of us do. If I visited your house and you gave me some meat, I would eat the meat and leave the bones. Some of you only get the bones of the Bible. I go after the meat of the Bible and you should do the same.

Men should die before taking a dishonest dollar.

Since he had been in the city he could honestly say he had not heard an oath on its streets. He thought that if he could keep his mouth from any of the men present. Every profane oath was a link in the chain to bind a man to the corner of Hell. If you mother's God, Hell is the reward. If you here who have mothers far away, were to send her tomorrow a wire that said, "what a happy home it would make when that wire was received."

BAR KEEPERS OF NO USE TO ANY PERSON

The Devil Would Use Them to To Wipe His Feet on.

At the evening service at the Central Methodist Church the Rev. Mr. Hunter conducted the service with Mr. Kerby, the severe cold which Mr. Crossley contracted last week kept him away from service.

Mr. Hunter said that this was the first time in five years they had not been able to conduct services together, and they had only missed about twenty times in twenty years.

"Some one," said Mr. Hunter, "went into a store here and said Mr. Crossley kept a wife and fine house with several servants in St. Thomas, Ont. That was a lie. The poor fellow never had a wife, no fine house, let alone servants to wait upon him."

During his sermon Mr. Hunter said that too much money was an evil. He pitied the man who looked out to only making money and forgetting his God. What use was it to make \$1,000,000 on this earth if he lost his soul in doing it. Money was only good when used for right purposes.

He was sorry to see boys frequent pool rooms. Employers beware of those who visited these places every evening. "If I employed people who visited these pool rooms I would not keep them 24 hours."

Bar rooms were of no use to a man, and the bar keepers were the worst men on earth. I would not wipe my feet on them. Even the devil would have no use for them for such.

Women should dress according to their station in life, and by doing this they would not be noticeable.

He did not admire people or women who went to the dancing rooms. They would not make the best wives. We should be thoughtful on this earth.

A wife asked her husband if he would buy \$25 worth of flowers to put on her funeral when she died. What he replied that he would, she said, "then bring me home some flowers today, instead of when I am dead." That was right said Mr. Hunter. What was the use of flowers when she was dead. He should remember her when living.

BIG INDUSTRY FOR CALGARY

Ald. Watson Returns from very Successful Trip to the East

Ald. Watson returned to the city on Saturday after a few weeks' absence in the east, most of the time being spent in Winnipeg, Milwaukee and Cleveland.

The object of his visit east was to ascertain the value of native clay in the construction of firebrick, and to order a large plant for the manufacture of the same which will be located in Calgary.

Mr. Watson made further investigation and finds that we have in Calgary the raw material for the manufacture of first class vitrified paving block. He says that it will not be very long before this is manufactured in this city.

High River Man In the Soo Wreck

High River Times, W. B. Thorne returned to High River on Monday morning. Chatting to the Times man he explained his experience in that awful Soo wreck. He left Wayne, Ill. on the 18th of Dec., and poked along till he got home. "Have you ever read that story about the Slow Train Through Arkansas?" asked Mr. Thorne. "Well that's exactly my experience. Why, the railroads are so busy that they cannot begin to keep up to their work. They have handle and more railroads are required to move the enormous amount of freight which is accumulating on the line." Mr. Thorne was certainly a pleased man when he set foot on High River soil after his long and exciting ride.

Conservatives of Vancouver Protest

Vancouver, Jan. 5—Friday night the split in the Vancouver section of the Conservative party was declared to be healed. Newspapers of the party came out this morning declaring all troubles settled.

By noon today, however, the fight in the Tory camp was being as fiercely waged as ever. Anti-machine champions, led by Sir Charles Hibbert Tupper, George H. Cowan, K. C., and John B. Williamson, president of the Canadian Club are now hurling defiance against the McBride element.

With every hurt the chances grow better for the Liberal candidates winning the city from the "solid five" Tories who represented it in the last assembly.

In an interview this afternoon, Cowan, one of the strongest of the best element of Conservatives in the city said:

"Party organization should be for the purpose of expounding party principles and should not be used as a machine to advance petty ambitions of certain individuals. It should be an instrument for good in the hands of the party, not a tool for mischief in the hands of ward heebers and designing men. The party should be master of the organization, not the slave. He is a poor party man and a poor citizen who will not strike at the wrong whenever he sees it and the time to strike is always opportune."

Sir Charles Hibbert Tupper expressed himself as entirely in sympathy with a movement to protest against the preponderance of the Conservative party.
