Expose of Chicago Municipal Tax Funds.

Former Manager of Masonic Temple Makes a Clear Breast of the Whole Affair.

Chicago, Nov. 19. - Capt. Edward Williams, former manager of the Masonic Temple, who returned to the city yesterday after having been three weeks in hiding, following his conviction in the Masonic Temple tax scandal, took the stand this morning as a witness for the state in the trial of President James H. Gormley for

conspiracy. He testified that he had entered into an arrangement with Luke Wheeler and a man named Storm, presuming them to represent the county treasurer's office, to secure a receipts in full for the temple taxes amounting to \$26,770 17 for \$20,000, and that he had done so with the full knowledge and consent of President Germley and of Director Rush, of the Masonic Fraternity Temple Association, then its

secretary and treasurer.
"I said to Gormley," asserted Williams, "the country treasurer's office had offered to give me a receipts in full for the taxes for \$20,000. Gormley asked if I had said anything to Dr. Rush. I said 'No,' but told him if he wished me to do so. I would see him. He said, 'You better speak to Dr.

Did Not Rise Till End of Trip-Most Severe Test Yet Made.

New York, Nov. 19.-With eleven men in its hold, the Holland submarine torpedo boat Adder went through the most severe test of all its trials in Peconic Bay. It traveled under water fifteen miles without coming to the surface. It also fired a torpedo, which struck an imaginary ship square amidships. It was officially designated as a three hour submerged trial, and the boat and crew went through it with flying colors.

The crew gave a demonstration of excellent training, for when the Adder touched the bottom while going at seven knots speed there was no confusion whatever. One of the amidship tanks was quickly blown out and two men were ordered aft. The boat responded immediately. Its bow rose and the vessel shot to the surface in a few seconds. It remained up only hours. The speed for the first two two minutes, then, diving again with hours was 7.1 knots.

Commissioner Castle was interviewed to Mr. Sifton, asking that the lights instead of being removed on Nov. 25. Mr. Sifton has replied, assuring me that the lighthouses will be kept up until Dec. 12. He has communicated with the insurance men, placing the always close their lake business within two or three days of the closing of navigation, and generally insure up to December. They are asking them to insure so long as the lights are left on the route. If the insurance men agree to alter their plans and place insurance until the new date of the closing of navigation, it will mean a great deal to the farmers of the west.

## THRILLING STORY OF PRISON LIFE

Roland B. Molineux Gives His Experience.

LIFE IN SING SING DEATH HOUSE

Dreary Months in His Cell Lightened by Odd Games of Checkers and Chess.

New York, Nov. 19 .- Roland B. Molineux has told the story of his experience while a prisoner in the Tombs awaiting trial and while in the death house in Sing Sing awaiting execution. It is a grim story of suffering and patience that has no parallel in fact or fiction.

"It is impossible to give any idea of the suffering, the agony, one has to endure in such a place," said Molineux. "I hope to be able to blot it all out

of my mind-the awful experiences of the four years past. Is it not almost enough to make one lose faith in mankind? The death house was the worst of It was on Thursday afternoon

good a woman as ever breathed." said he. "She has been maligned cruelly. Don't Be a Rubber On Washing Day.

It is the obstinate dirt that lodges in the pores of the fabrics, and simply won't come out with common soap that makes rubbing necessary. That's the particular kind of dirt

**HUDSON'S DRY SOAP** 

is after-obstinate dirt. It does what ordinary soap cannot do-follows the dirt right into the warp and weft of the goods, disloges it, leaves the garment sweet and clean uninjured, and all with little or no rubbing. The steeping over-night does the work.

The use of **HUDSON'S DRY SOAP** means cleaner clothes, less wear and no tears, and less frequent washing. It means this to you.
