MUTT AND JEFF—Jeff, Old Dear, Is Jolly Well Right at That

SHE HAD SUFFERED
FOR ELEVEN YEARSOnly Weighed 100 Pounds—
Elijah Mitchell Praises
Tanlac for Restoring
Wife's Health.

"As long as I live I will praise Tanlac for what it has done for my wife," said Elijah Mitchell, Oyster Pond, Jeddore, Canada, recently. Continuing, Mr. Mitchell said:

"For the past eleven years my wife has been in extremely poor health. Everything she ate disagreed with her, and she suffered terribly with indigestion. She would eat only a few things after every meal and complained of a heavy feeling just like her food had formed into a lump, and she would have the worst sort of cramping pains. She was bothered with constipation so bad she had to always be taking some sort of laxative and at times suffered with intense headaches. She was so nervous the least little noise out of the ordinary would completely upset her, and she would tremble all over and become weak after the least little excitement, and was so restless at night she could not get a wink of sleep. She had fallen off from 140 to 100 pounds, and was in such a weak condition and so badly run down she was about as near a physical wreck as anyone ever gets to be and live. She would very often have to give up entirely and go to bed, and at one time was confined to her bed for four months.

"She had taken many different medicines, but none of them seemed to do her a particle of good. Well, I had been reading so much in the Halifax newspaper of the good Tanlac was doing others that I got her some, and while she was only taken five bottles, it is simply remarkable how it has built her up.

"She is gaining in weight and strength every day, and looks like a different person, and she says she feels better in every way than she has in years. She can eat anything she wants, and never suffers any bad after effects, her nerves are getting in fine condition, and she can sleep as peacefully as a child all night long. She never complains of a pain of any kind any more, and has not had a headache since she started taking Tanlac. I was badly worried over her condition, and I cannot tell you how thankful we both are for the good Tanlac has done her."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

Win Over Welland!
And Then Where?

Juniors' Trip Upwards May Strike in Any Direction After Tonight's Game—Making Sure of the First, However.

There are a bunch of possibilities in store for the juniors if they succeed in annexing the Welland group tonight. Where do they go next? Nobody knows just yet, but there are several possible trips, and the most likely seems to be a trip to Toronto again, but this time to play and not watch a game. U. T. S. juniors or possibly the ringed crew from Parkdale would be their dish if the Toronto trip materializes—tasty or otherwise.

For tonight, however, their main job will be to make sure of a ticket for any further trips into the O. H. A. Welland team are not by any means easy picking. In Mike Maloney at centre, a diminutive, but pesky, little hockey artist, the fans will see a player who takes them all, big or little. Victor on the defence is good, too, and furnishes trouble at all times. The Welland crew have a goalkeeper, too, they fancy as one of the best, minding nets in the O. H. A., whom they could not use last game, but who may be in tonight's pastime.

The locals had a good fast workout last night and went to it with all sorts of pep. They are going out tonight to get a lead good and early in the game, so they can set their minds to rest for the rest of the evening. Burgess' condition is much better, and he may possibly come on for a short period. Pring, however, has been playing a great brand of hockey the last two games, and that end will be looked after all right.

Brock McAuley, Brishbin of Harriston and Guidi of Owen Sound Undefeated.

OWEN SOUND, Ont., Feb. 12.—With the first round in all competitions, and the second in the Taylor and Pringle trophies, Brishbin of Harriston, Brock McAuley of Southampton and Guidi of Owen Sound are still eligible for the three trophies. Every other rink has been trimmed at least once, but the members of these three rinks have yet to taste defeat. The schedule is pretty well narrowed down and the end is in sight, but it is not likely to be reached before some time tomorrow, even though play will go on all night. Though the weather has been mild ever since the "spiral" the ice is holding up well and prospects are that it will improve. Following are the scores:

A part of Detroit curlers were entertained by the London Thistles last night at the Piccadilly Street Club after a series of games were played in the morning and afternoon, both of which were victories for the local skips.

After the Scots dined their guests, a program furnished by the London Juvenile Scottish dancers and pipers concluded a pleasant evening's entertainment.

Junior Club Explains
Higher Cost of Hockey
The Junior management find it necessary to raise the general admission from 35 cents to 50 for tonight's game. This is not done on account of the game being a semi-final fixture, but to overcome the heavy expense in bringing the Welland team here. The splendid support of the local fans is fully appreciated, and were the rink larger and more seats available this would not be necessary.

K. OF C'S. OF GUELPH WILL

GUELPH, Feb. 12.—Arrangements have been completed with the fast St. Michael's junior team of Toronto to play in Guelph on Saturday night against an all-star Knights of Columbus team. The St. Mike's team were runners-up in the Junior O. H. A. group at Toronto, having been beaten for the honors by the U. T. S. on Monday last by 5 to 3. The line-up for the locals in Saturday night's match will be—Bill Higby, Hamilton, Little, Ferchamilton, Jones, Runstetter, Craven, Foster and Drohan.

Western U. Beats Y Five in
Their First O. B. A. Clash

34.19 Score Arrived At Over Hard Aggressive Game—
Y Team Still Minus Valuable Players—Owls and
Thistles Were Beaten.

Western U. accomplished the defeat of the Y. O. B. A. Intermediates at the Y. Fm last night by a score of 34 to 19. The half-time score was 16 to 10 in favor of the collegians, and up to that time the going was unusually even, despite the score.

The Y. team, though minus the services of their two best men, gave the Varsity a hard game for the whole session, and later on in the season, with both teams up to the mark, the two would furnish a hard game of basketball. McCreoch was the high scorer of the game with 12 points, and Tommy Macfarlane of the Thistles was right after him with nine. Both teams passed well, but Varsity were deadly after their shooting.

The line-ups:
Western U. R. G. Gillies
Cline L. G. Maccari
Wainwright C. Jackson
McGeoch R. F. Douglas
Referee—J. Lightfoot.

TRY MAGNESIA FOR
STOMACH TROUBLE
It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepper, cayenne, soda, ginger, and many various digestive aids and you know these things will not cure your trouble. In some cases do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphate of magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphate of magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisulphate of magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the bisulphate of magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.
