Keep a Record of Your Securities

For the convenience of those desiring to keep a record of their securities we have prepared a concise and convenient SECURITY RECORD form for entering the name of the securities, date of purchase, amount, purchase price, annual income, time of interest or dividend payment, maturity, etc. Such a record is almost indispensable to security holders.

The close of the year is a good time to see that your holdings are all properly entered, or your list brought up to date. Go over your securities carefully. There may be some maturing at an early date which could, with considerable profit, be exchanged for long term securities. In this connection we shall be glad to make suggestions.

Copy of the SECURITY RECORD

form will be gladly sent on request.

The form is prepared with spaces for

entering 25 items, 75 items or 125
