

FERGUSON FAILS TO DECIDE DATE OF BY-ELECTIONS

Declares Only Minor Matters Came Before Brief Session This Morning.

CALLERS ARE MANY

Special to The Advertiser.

Toronto, July 17.—"No decision has been reached this morning as to when by-elections will be held," answered Premier Ferguson when asked today, following a cabinet meeting, as to whether the date had been fixed for the holding of contests required by law for the newly-sworn-in ministers of the crown, who are salaried.

"Only a brief sort of formal meeting was held this morning," answered the premier. "No important public business was taken up, but we may know by tomorrow what the date will be."

Looking in robust health after his rest, following the exacting turmoil of the recent election campaign, the newly-sworn-in premier appeared in good spirits and ready for the innumerable demands that await the chief executive. Dressed in a gray suit of fine texture and wearing the victor's expression of triumph, the new premier seemed to take on the mantle of greatness with the quiet air of one who has grown old in experience. He smiled graciously when welcoming the press and passed a harmless jest for the cameraman.

All Meet Ferguson.

Shortly after 9:30 the members of Premier Ferguson's official family began to gather in the east wing of the Parliament Buildings, where prime ministers and cabinets have been coming and going for many years. A short meeting was held in the cabinet council room, and then the deputy ministers and chief officials of the government all gathered in by request and met the premier and the new ministers.

"This is the first time I have seen this done in my sixteen or eighteen years," said one of the deputies. "Whether it was ever done before, I don't know, but it is a very pleasant way to start out."

When the Drury government took office, the ministers went around and met the various deputies and chief officials in their offices.

Office Troubles Begin.

Scarcely had the felicitations been exchanged when the troubles of office began. As the new cabinet members came out, those seeking appointments for deputations and other matters began to go in, pressing as far as the outer office with hats in their hands, where polite secretaries protect their chiefs from being besieged with a mad rush.

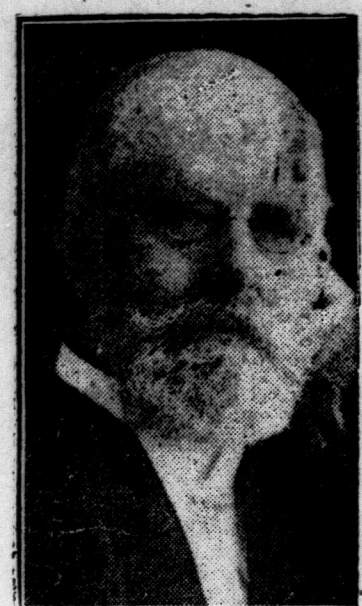

A blotter is already beginning to blacken its face with names and dates for future interviews with the prime minister on "the most important matters" of course, every minister is, for those who are seeking an interview.

All the new ministers were present, and also the hon. the justice of the peace, Sir Adam Beck, was as cheery as a boy who had won a pocket full of marbles.

The political weather has changed, and it is said he feels very much better for it. Following the cabinet meeting, the new chiefs of departments went to their various offices and began to acquaint themselves with the work which awaits their attention.

TUT-ANKH-AMEN

—the fox trot is the latest that Luxor Valley discoveries have brought about. Ladies' dresses and shoes—even men's apparel and lots of other fads and fancies have been named after the old boy, but to top it all, here's a hit that is likely to last in popularity almost as long as Tut himself. It's played by the S. S. Levittan Orchestra and is now obtainable on Victor Record No. 19078A at Gerhard Heintzman, Limited, 222 Dundas street.—Adv.

SIR WILLIAM MULOCK, chief justice of the exchequer court of Ontario, is appointed chief justice of the newly-established second divisional court.

ARRANGE JOINT UNION DISCUSSION

Methodist Committee Gathers In Toronto Before General Meeting.

CONSIDER REVISIONS

Canadian Press Despatch.

Toronto, July 17.—Representative ministers and laymen of the Methodist Church in Canada forming the union committee of that denomination met yesterday in preparation for a joint meeting to discuss church union to be held tomorrow afternoon with representatives of the Methodist, Presbyterian and Congregational Churches in attendance. The Methodist committee appointed a legal sub-committee on church union to consist of Hon. N. W. Russell, K.C.; Alfred W. Briggs, K.C.; Dr. S. D. Chown, general superintendent of the Methodist Church; and Rev. Dr. T. Albert Moore.

Most of the work of the committee consisted in going into details of the draft bill on union and the proposed revisions and amendments recently suggested by the Presbyterian General Assembly and the Congregational Union of Canada. Sir Joseph Flavelle offered to pay one-half of the expenses of the members of the union committee, but it was thought unlikely his offer would be accepted, as expenses for the meetings regarding union were provided by the Methodist general conference. The Methodist committee will meet again tomorrow morning, when further discussion of the amendments suggested by the various denominations will again be held, so that the members will be conversant with all the points at the general meeting in the afternoon.

Stolen Cigars Cost Man Life

Special to The Advertiser.

Detroit, Mich., July 16.—A stolen box of cigars, the value of which did not exceed \$5, cost George Wallace his life today. Fleeting with the box under his arm, the thief repeatedly disregarded the warnings of Patrolman Chester Cox to stop. As the policeman slowed down preparatory to pulling his revolver, Wallace, believing he had time to make his escape, turned and laughed. An instant later as Wallace again started to run the officer's pistol cracked once. Wallace fell with a bullet in his back between the shoulders.

BELIEVES WEST IS NOW ASSURED BOUNTIFUL CROP

Manitoba Free Press Claims Favorable Weather All That Is Necessary.

CRITICAL TIME PAST

Canadian Press Despatch.

Winnipeg, July 17.—Summing up the general crop situation in Western Canada in its fourth crop report of the season, the Manitoba Free Press says that it would appear that the excellent crop promise throughout the season has been maintained during the past three weeks, and with favorable weather from this on the west will be assured of a bountiful crop, far above the average.

Been Critical Ones.

The three weeks that have elapsed, the newspaper points out, have been critical ones, as it is generally during this period that Western Canada's crop is either assured or damaged. There has been some damage from storms, hail, drought, rust or insects. There has been some damage, more especially from hail, but while many districts in Saskatchewan and Alberta report hail damage of more or less extent, the total does not appear heavy, as it was generally confined to a small area, with only a partial loss in the majority of cases.

"The general verdict of the correspondents would appear to be that the outlook in so far as the wheat, oats and barley crops are concerned is the best since 1915, while the rye crop generally is only fair and somewhat disappointing in many districts," the Free Press states.

"With an odd exception, it is undoubtedly true that practically the whole of the west has now received sufficient moisture to carry the crops to maturity, and in a few districts there has been an excess which has caused a slight damage to grains, especially of low lands. Several districts report slight rust, but it does not seem to have reached beyond the lead and is not developing. With favorable weather for the next two weeks, it would not appear that the damage from rust will be in any way serious."

Find Evidence of Fly.

"Twenty-three points, nine in Manitoba, ten in Saskatchewan and four in Alberta, report having found evidence of the western stem saw fly working some in wheat and some in rye. The damage to date, however, is very small, but may increase to some extent, as it is rather early for this pest.

"Winter rye is now being harvested in a few districts and will be general about July 24. The indications are that this crop will be quite up to the average, as generally it is only reported as fair and in some districts it is being cut for green feed."

"There has not been the slightest damage from frost at any point in the west."

HAS NOT BEEN INSTRUCTED AS TO NEW LAW ON RACING

Crown Attorney J. C. Elliott has not yet received any instructions regarding the prohibition of the publication of racing odds in the newspapers of the province. Mr. Elliott told The Advertiser today that, while he expected he would be notified anytime, as yet he knew nothing of the matter except what appeared in the papers. "Until such time as he was better informed, he did not know what steps would be taken by the local authorities to enforce the recent act or the banishment of racing publications from sale in the city."

MEMBERSHIP BADGES FOR THE LONDON OLD BOYS' ASSOCIATION are now available at the city clerk's office. Mr. Baker reported at noon today that he will give badges to all upon presentation of tickets being sold by members of the local association.

ADD MANY SIGNATURES TO PETITIONS ASKING FOR SUNDAY SWIMMING

CONTINUED FROM PAGE ONE.

There was a world-wide kick by the self-styled ambassadors of God about the street cars running on Sunday, but we got them, and we shall have Sunday bathing, too. There is nothing I enjoy so much as a dip in the lake or protected river on a hot Sunday. It makes one feel good all over, and all who bathe in the open speak to each other, thereby making all bathing places social centers.

Now, Mr. Editor, I contend, that if the preachers, instead of knocking everything the citizens want and need, would themselves go down to the lake and bathing places, don their suits and go in on a hot Sunday afternoon, everybody would call them good fellows and would go to hear them preach at night after the daily plunge, but there can be no use telling people to wash and be clean when they have shut off the only facility some people have of doing so. Too much stress has been placed upon the children having all week to use the pool, but no consideration whatever has been given the grown-ups—the young men and women who work from 8 to 5 and 6 p.m., six days a week, and have no time for recreation and swimming.

Why not leave out all school children on Sunday and let the workers have the pool? Let the pool be open next Sunday and show yourselves to be men.

If London is to be a summer resort, let the pool be open all year, heated to 70 degrees. Let's have a dam and boats, and a decent river to boat on, as it used to be when we had real men running this city. Mayor Wenigke seems to be a good man, but needs more good men to back him.
