To the Ratepayers of Ward Two and Citizens of Campbellton in general:

Ladies and Gentlemen:—
To the Editor of the Campbellton Graphic.

Dear Sir:—
I wish you would be good enough to allow me space in the Graphic, to express my hearty thanks to both ladies and gentlemen who gave me a vote on the 20th inst. I wish I was able to explain in short, appreciation of the friendly vote that was cast for me, especially by the non-Catholic population of my ward. The result was a complete success. When we consider the three cornered fight I had to pole two votes to my opponents' one to equalize them, and both of them being well organized with Railway Brotherhood and Labor organization back of them, along with the Ladies organizations, and both good, popular, enterprising young men, I would be ungrateful indeed if I did not thank my friends for doing what they did, especially to my non-Catholic friends who cut off a vote from their own friends to give me one.

Now if you are good enough to allow me space it might be well to show the good I have done to the Town by being game when I knew it was impossible to get elected on a three cornered fight. Anyone must have noticed that the crossings were clean the 19th and the 20th. Perhaps it would be well to watch the sale of the Fire Station Bonds, which could not be sold a few weeks ago, but were turned down as worthless. And I believe my neighbors Messrs. LeGallais, Davidson, Ferguson & Dorian were promised a gravel side walk three feet wide. The public should know that I offered three years in succession to build that walk from them to the corner, at my own expense, but was always refused because it might enhance the value of my property.

Nevertheless I will never forget my personal friends who gave me their votes against all odds, knowing full well that I could not win when the very people who nominated me at the eleventh hour did not even think it worth while to come and vote. There were enough of my own people within reach of the pole that did not vote, who could have done so, and elected me. THAT ladies and gentlemen is the REAL victory I won. I proved publicly that there is no bigotry in Campbellton, that I have as many friends in one class as another, that Campbellton is the Town to live in, providing we take an interest, that if some wide awake men were in the Council we would not be short of some two hundred dwellings and \$70.00 to \$80.000 laying in the Banks for building purposes, that all that is lacking is a little interest in our public affairs, and the very ones that are running the Town are not trying to build houses for the people. For my part I have gone the limit, borrowed all I could at a very high rate of interest, and cannot do any more.

Thanking all those that were interested enough to vote for me,
I remain, yours respectfully,
P. M. SHANNON.

Suits, Dresses, Coats, Blouses, Dress Goods, Laces, Etc.

NEVER before in the history of the trade has it been so hard to procure goods. Even the cheapest materials, such as Grey Cottons, Gingham and Prints, are practically off the market.

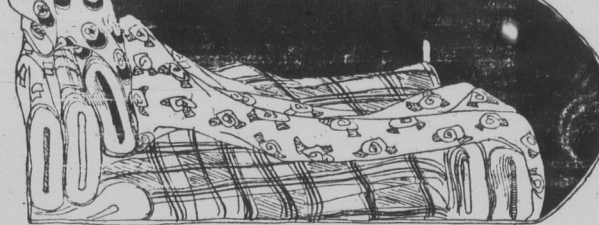

The following extract from a letter from one of the largest manufacturers in Canada explains itself—

"Owing to the tremendous demand being made upon us, it will be impossible to execute orders for the coming Fall Season in their entirety. It is our intention to treat our customers in a fair and equitable manner and each will receive their fair proportion, etc."

Anticipating this, we placed very heavy orders early in the season. Our stock is nearly twice the regular size, and we have no hesitation in saying that in a great many cases we cannot replace our stock from the wholesale at our regular retail prices.

Dress Goods.

We notice that a good many are making up their own Suits and Dresses and effecting a saving thereby.

WATSON WAS HOMELY, BUT A WINNER.

Los Angeles, April 13.—"Walter Andrew Watson," who has been known to the police and sheriff's office here as Richard Hurt, is slowly recovering to-day at the County Hospital from self-inflicted wounds in his neck and wrists, made in two attempts at suicide.

Hurt is guarded by two deputy sheriffs and a hospital interne. It is hoped he will be sufficiently recovered

soon to be questioned about the letters, memoranda and articles found in his effects, which indicates, the officers say, that he has married twenty-seven women, of whom five are missing.

Deputy sheriffs are engaged in sorting the documents, which task, they said, will occupy several days. Scores of receipts, wills, marriage licenses and business instruments were found, in all of which feminine names appeared. No formal charge has yet

been placed against the man. It is said one will be filed to-day or tomorrow.

An automobile and a camping outfit owned by "Watson" were found yesterday at Santa Monica. The officers believe the man has a room somewhere in Los Angeles, where they will find further documents and personal property. They are now searching for such a place.

A dozen wedding rings and numerous articles of feminine jewelry were

found in Watson's effect. His description, as officially shown by the sheriff's records, states: "Age 42; five feet seven inches; weight 185 pounds; blue eyes; brown hair, shallow complexion, smooth shaven, stoop shoulders, small scar on left cheek; walks on heels, left eye out of line, homely, English descent; wears one and one-half carat diamond ring on left hand; carries watch in outside upper coat pocket."
