position. For a time the situation was very threatening. When order was somewhat restored, John Dillon arose and declared that if he was ousted from the Board of Directors he would not appeal to the country, as Mr. Healy had threatened to do, but would still do his best for the company. The motion to remove Mr. Healy from the directorate was put to a vote and was carried by a small majority. When the result was announced Mr. Healy, in high dudgeon, quitted the room, followed by a dozen young priests.

ASPHALT OR VITRIFIED BRICK? Niagara Falls Corporation Desire an Im-

A deputation of Niagara Falls aldermen visited the City Engineer's Department yesterday morning. They were in search of information regarding vitrified brick pavements. Roadway Engineer Ellis took charge of the visitors, and gave them all

ment.

An agitation is in progress at the Falls among the property-owners along the famous river road from the Queen Victoria Park to the whirlpool to have it paved with asphalt or vitrified brick, instead of macadam, as the Government has decided to do. It is expected the Government will contribute a share, as the road belongs to it. The Niagara Falls Park and River Electric Read Company will also be asked to pay a portion,

POND'S EXTRACT COMPANY, 76 Fifth Avenue, New York. CAUTION.

POND'S EXTRACT has obtained an immense sale owing to its beneficent qualities, and like everything else well patronized has been often imitated. You are warned against purchasing for POND'S EXTRACT such articles as Concentrated or Double Distilled Extract of Witch Hazel, Extract of Hamamelis, etc. These are often offered as POND'S EXTRACT, or "the same thing." There is but ONE pure and uniform Extract, and that is POND'S EXTRACT, as is amply proven in its use by the best physicians of ALL schools and at principal

Hospitals of this Country and Europe. . These SUBSTITUTES are NOT POND'S EXTRACT, nor will they take its place. They do not possess the same or as favorable curative properties; if the same in appearance, taste or smell, are much weaker, easily turn sour, are often highly diluted with water, and are consequently higher in price than genuine POND'S EXTRACT. To buy cheaply, get the genuine.

POND'S EXTRACT is so strong and its virtues so great that it can be diluted two or three times its volume with water and retain its medicinal properties. Our Book of Directions (sent free on application) recommends its dilution for many complaints. Always call for and get POND'S EXTRACT put up in the bottle, and with the direction, label and trade-mark of the sole proprietors-the POND'S EXTRACT COMPANY.
