Additional returns to hand yesterday from various constituencies indicate a few changes in the general result. With every polling place heard from the figures show that Movat's majority over the entire Opposition is exactly the same as in the last House—26. The Conservatives have made one more gain, West Algoma, where James Connors is defeated by Savage, but Centre Grey, which was credited to Rorke, Conservatives, has gone Patron, which balances West Algoma.

As was generally anticipated Niagara returned a Liberal, Lougheed being again returned by a majority of 110. The Patrons have elected 17 members, instead of 14 as stated yesterday. Of the three additional two are Conservatives and one Liberal in their own language. The Conservative Patrons are Shore in East Middlesex, Uncle Dick Tice's old seat, and Sen in Haldimand. The return of the latter signifies the first Conservative vote for the Assembly in that constituency since Confederation, his successful opponent, Dr. Baxter, Ex-Speaker of the House, having represented the constituency ever since it was created. The Dr. is in a minority of 11.

The Liberal Patron gain in Centre Grey, where Gamay is elected by 16 majority over Rorke, straight Conservative.  
W. D. Balfour's majority in South Essex is 88.  
Speaker Ballantyne was defeated in South Perth by 23.  
The majority of A. F. Wood (Conservative) in North Hastings is but 10.  
The victory of the Conservatives in Parry Sound was most significant, Deasy being returned by a majority of 462. Consensus, former Liberal member, James Sharpe, who had a majority of 110 at the last general election.  
Hon. Mr. Harcourt's majority in Monck has been increased to 112.  
In North Lanark the majority of Preston (Conservative) is only 27, but the Conservatives redeemed both the Lanarks that is sufficient.

OTTAWA OPINION.  
Mr. Meredith Made a Grand Fight—Conservative Chances for the Dominion Not Diminished.  
OTTAWA, June 27.—The result in Ontario has been pretty well canvassed here to-day. All the members were intensely interested in the result. It is but a fair crystallization of the opinion of the Conservative members here to say that they think the result in Ontario has not damaged Conservative chances in the next Dominion election. There are some Conservatives who say that it has improved their chances. But such is their opinion.

Valuable Additions to the Meredith Leads.  
Mr. Howland, Mr. Smythe of Kingston and Mr. St. John are mentioned here as very satisfactory accessories to Mr. Meredith's fighting men. Mr. Smythe has lots of gain in him.  
Meredith's Retirement Rumored.  
One story current is that Mr. Meredith is anxious to retire from political life, and in connection with this the name of Mr. Whitney of Dundas is mentioned for the leadership. But no authority could be got for either statement.  
The general opinion of the Conservative members from Ontario is that Mr. Meredith made a grand fight against grand odds.  
Toronto Ties Them All.  
Toronto is highly praised by Conservatives from all the provinces for the admirable example set by the western metropolis. Mr. Cockburn was applauded as he took his seat to-night. "It is but the 2300 in South Toronto," said he, "and of the laud in St. John's Ward how they worked."  
Is the Mail Commence Out Straggled To?  
The editorial paragraph in the Mail which says, "Sir Oliver's only hope, in Toronto is in the election of a minority candidate. With a fair field and no favor Conservatism alone wins," indicates that that journal has determined to come out as a straight Conservative paper. Perhaps it is only a freak paragraph, or an accidental one, but it is more or less significant. At all events the congested newspaper situation in Toronto is considered here to be a source of danger to the Conservative party generally.

CARNOT'S SUCCESSOR.  
M. Casimir-Perier Elected President of France.  
Paris, June 27.—Casimir-Perier has been elected President of France to succeed the late Sadi Carnot, assassinated in Lyons. He was elected on the first ballot by 451 votes.  
Just before the result of the vote was read, M. Dejeante and Michelin attempted to deposit in the ballot box a demand for a revision of the constitution. The president, Chaulani-Lacour, refused to permit the papers to be put in the box on the ground that the act would be unconstitutional.  
While the members were filing out of the Chamber there were a few cries here and there of "Vive Social Revolution." The result was announced to the senators and deputies at 4.15 p.m. The Socialists varied the monotony of the wit by shouting "Vive Revolution." When Chaulani-Lacour entered and called upon the members to stand up, the Socialists and members of the left declared they would remain seated. The members of the centre stood up, whereas the Socialists hissed them and cried out, "Lacksy, lacksy." This was more than the members of the centre could stand and they took their seats. The announcement of Casimir-Perier's victory elicited ringing cheers.

British Comments on Perier's Election.  
LONDON, June 28.—The Standard says: The national assembly honored itself and the nation by electing the most worthy and respected political citizen that France possesses.  
The Chronicle says: The national assembly choice reflects as much credit on French politicians as do the simplicity of the operation upon French institutions.

Italian Politicians Pleased.  
ROME, June 28.—Politicians in Rome are pleased with the election of Casimir-Perier. They say that he is a man of a friendly disposition to Italy.  
Senator's Brother in the United States.  
STAVROPO, Conn., June 27.—Between 10 and 11 o'clock last night the attention of an officer was attracted to a group of Italians, who were on the depot platform. A member of the group told the officer that the man was named Santo, and was a brother of the assassin of President Carnot. Santo admitted this to be the truth. He left to embark for France. He has been here nearly a year.

Mr. and Mrs. Whyte left for a tour through the Western States.  
The bride and groom will sail on Saturday for Edinburgh and will spend a year traveling on the continent before they return to Toronto.

Mr. Henry Lye, the well-known liquidator of the Central Bank, was charged at the Police Court yesterday with breach of the Ontario Elections Act.  
He elected to be tried by a jury and the case was adjourned for a week.  
The allegation is that defendants departed returning Officer Watts' right to keep the numbered stub of the ballot paper. In the course of an altercation, it is alleged that Mr. Lye tore out of the stub the numbered stub which bore the corresponding number to his ballot paper.  
TWO RAILROADS TIED UP.  
By a strike of the switchmen on the Illinois and Michigan Central.  
CHICAGO, June 28.—The switch tenders and the crews of the switch engines on the Illinois Central Railway in this city struck at 12 o'clock last night by orders from the American Railway Union. This is the latest extension of the boycott of Pullman cars.  
Not a train on the Illinois Central Railway will leave Chicago this morning. The tie-up is complete.  
As a result of the first day of the boycott of the Pullman Palace Car Company by the American Railway Union there are over 500 employees of the different roads out of Chicago now on strike. Late to-night the switchmen on the Erie, Toledo and Northwestern also struck.  
Strikes will be declared within the next few days on the Fort Wayne, Erie, Toledo and Northwestern lines, the Chicago and Northwestern, Chicago and Alton and Santa Fe. The latter road was partially tied up today along the line on orders issued by the union officials, but the men in Chicago will not be ordered until to-morrow.

This book, which is sold by all book stores, is a very timely and important book. It is a character sketching. These two stories fill the book and are most interesting. A CHOICE OF ESTIMATES.

Secretary McEwen Reports on the Cost of the Electric Lighting Project.  
Ald. Stewart presided at the meeting of the sub-committee of the Fire and Light project.  
The joint sub-committee of the Fire and Light project, on the City Engineer's estimate re municipal electric lighting.  
The difference in Estimates.  
Here are the chief features of the report: Mr. Keating's estimated cost, \$310,200. Mr. McGowan's estimated cost, \$310,200. Mr. Keating's estimate of annual maintenance, \$108,304. Mr. McGowan's estimated annual maintenance, \$133,000.  
On the Secretary's estimate the average cost of each lamp would be \$108.85 per annum, as against \$75 for the Engineer's calculations.  
Very little discussion took place on the report.  
The sub-committee of citizens and aldermen had another conference at the City Hall yesterday respecting a civic grant for the preliminary expenses of a proposed international convention to open the deepening of waterways.  
At the previous meeting the projectors of this convention asked for \$500. No action was taken pending a detailed statement of how the money would be spent.

STILL ANOTHER SUICIDE.

MRS. FRED YEWMAN DROWNS HERSELF AT THE HUMBER.  
Left Home as Cheerful as Usual Tuesday—Her Body Found Floating in the Lake Yesterday; the Cause for the Act—The Fifth Case of the Kind since June 1.  
Mrs. Louise Yewman, aged 50, wife of Frederick Yewman, who conducts a boot and shoe store at 125 Davenport-road, committed suicide by drowning on Tuesday afternoon in Humber Bay. The body was found by Esplanade Constable Williams yesterday morning a short distance from the Sunnyside Bathhouse while searching the bay for the bodies of the two young men, Parsons and Skeels, who were drowned on Sunday last.  
Mrs. Yewman, who was the mother of 11 children, lived on the most cordial relations with her family, and the only explanation of her rash act that can be given is that, while suffering from mental derangement, the result of a amnesia sustained many years ago and from which she suffered periodically in hot weather ever since, she deliberately ended her life.

PRUSSIC ACID THE CAUSE.  
The coroner's jury find that Mrs. Blackledge died from Prussic Acid administered by herself while laboring under temporary aberration. We hope that the proper authorities will take measures to ascertain where the poison was bought, by whom and for what purpose.  
The above was the verdict returned by the coroner's jury at the inquest held by Dr. Johnson yesterday afternoon on the body of Mrs. Blackledge. Particulars of the elopement of the deceased's husband and sister have already been given in the World.  
The Evidence.  
James Palmer, father of the deceased, described the attention paid by Blackledge to the girl with whom he eloped. Witness spoke of the ill effects of the elopement on Mrs. Blackledge.  
Dr. Cresser, who made the post-mortem, testified to finding traces of prussic acid in the stomach.  
William Palmer, brother of the deceased, said on Tuesday he saw her reading the label on a bottle and asked her where she got it. She replied that the lady up stairs gave it to her. He asked her to give it to him, but she would not.  
Found Writing on the Floor.  
Shortly after 4 o'clock Mrs. Blackledge's sister, Willie, who lives in the same house as Mrs. Blackledge, testified to finding the poison in a closet in the yard and giving it to Mrs. Blackledge, who after reading the label, said, "I'm happy to-day that he did not give it to me."  
IN FOR IT.  
The Periphrastic Province Is To Have Even Greater Heat.  
So say the sages, and those who have not yet provided for the torrid heat of the season which is almost with us had better listen to the sage advice.  
There the overheated citizen may choose from some dozens of styles in light-weight straw hats. They are better than for us the head.  
The people have discovered that the purchase of a hat from the best dealer in the city does not imply the payment of the highest price, and in consequence of the very low prices to which Dussart's summer stock has been reduced there is a great rush to the famous establishment at King and Yonge, and to the branch at 254 Yonge-street, which is open until 10 o'clock evening.

MORE ON THE LORDS.

The Cabinet Will Consider the Resolutions Passed at Leeds.  
LONDON, June 27.—In a speech at Rotherham this evening John Morley, Chief Secretary for Ireland, said that the plan for reform proposed by the anti-Lords Committee in Leeds embodied the perfectly reasonable demand of an assembly of every representative of the strongest forces in the Liberal party. The Cabinet would give all consideration which the gravity of such a demand required.  
The Queen's Royal Program for the National Holiday.  
Those who are wise will take advantage of the National Holiday to spend the days from Friday to Tuesday at the Queen's Hotel, Niagara-on-the-Lake, where the air is delightfully cool and there is every form of summer recreation. On Saturday evening there will be the weekly hop party on Monday Dominion Day dance (on Sunday there will be a special concert). On Wednesday there will be a Fourth of July party. The mandolin orchestra will perform on the piazza every afternoon and Sunday. Evening may be enjoyed in advance. H. Wilton's, Lessex. 246.
