A MEDICAL fuser says that kissing should be done through screens. But it would be just like a lot of people to get forgetful and leave their screens at home.

STRATHROY has banished the children's play wagon from the sidewalks. A good move in these days when many children are not taught to respect the rights of grown-ups.

"FAMILIARITY breeds contempt" says the old copy book heading. How true. Last fall people were sadly shocked on hearing of several thousands being killed in the war. To-day we hear with utmost calmness reports of tens of thousands being slain.

A WRITER to the Sarnia Observer says that the Northern Navigation Company's boats carry the German colors on their stacks. If such is the case it will pay the company to make a change without delay. The travelling public are sensitive this year, and the few who will travel by boat do not want any reminders of the Lusitania staring them in the face.

THOS. A. LAMB, son of Mr. Wm. Lamb, Watford, who joined the 95th Regina regiment some time ago for active service, left with part of the 2nd contingent for England on Saturday last. Tom is a graduate of the Guide-Advocate and makes the second printer from this office to go to the front to make "pi" of the Kaiser's army.

DIVISIONAL militia orders recently issued announce that provisional lieutenants H. A. Trainor and G. G. Garvey have been confirmed in their rank as supernumerary lieutenants in the 27th regiment.

THE G.T.R. will in future pay their employees in cash instead of the old cheque system, owing to the necessity of putting a two-cent war stamp on the cheques. It is estimated that the war stamp would cost the company \$200,000 per year by fixing them to the salary cheques.

A LETTER from Hon. T. C. Casgrain, Postmaster General, states that the question of having the westbound train passing through Watford at 12.13 stop here has been taken up with the G.T.R. officials and they have declined to stop this train here, and the Department cannot compel them to do so. However, mail will be dispatched by the train in question from London, taken on to Sarnia and returned on train due in Watford at 3.05 p.m., which is as satisfactory an arrangement as can be made under the new time-table.

THERE seems to be unnecessary delay in the delivery of mail matter on some rural mail routes. Subscribers to this paper on the Alvinston routes claim that some weeks they do not get their copy of the Guide-Advocate until Saturday, and occasionally Monday. For their benefit we wish to state that all newspapers leave this office on Thursday afternoon.

The Alvinston papers have always gone on the 2.55 train, and were in Sarnia one hour later. A complaint to the Postoffice Inspector is threatened by some of our subscribers.

SATURDAY'S Sarnia Observer says:—"While driving out the plank road last evening in a Ford automobile, Mr. and Mrs. Wm. Sedwick and party had a most unpleasant experience. When near the railway crossing something went wrong with the steering gear and the automobile headed for the ditch. The occupants were thrown out and Mrs. Hill, mother of Mrs. Sedwick, suffered a fractured rib and some severe bruises. Her injuries were attended by Dr. Logie. The other four people in the car escaped with minor injuries. The car was damaged somewhat, but was brought to the city under its own power."

AN exchange says:—A good story is told of a local sport who, while fishing one day recently, was seized by a fit of coughing during which he lost a set of false teeth. A few days afterwards he was informed that another sport had had the good fortune to catch a large black bass, which on being opened was found to contain a set of teeth. It was taken for granted at once that they were the first sport's teeth, and he at once beat it to secure them. His disappointment can be better imagined than described on being informed that the teeth found in the bass belonged to the fish and were not false.

F. O. McIlveen and C. Howden own a Studebaker auto.

J. H. HUMM C. P. R. agent, ticketed Miss Seymour of Arkona, to Edmonton, last week.

A CUT of Corp. G. H. Brown, of the Princess Pats, and of the 1st issue, failed to arrive from the engravers before time of going to press. His sister, Miss Muriel Brown, received word from him Wednesday night stating that he had been under X-rays, that the piece of shell had been extracted from his chest, and he was progressing nicely. Corp. Brown was wounded in the terrible battle early in May, when 273 men and 19 officers went into action but only 106 men and 3 officers survived the awful fight.

THE men of the Methodist church gave a supper and entertainment on Thursday evening. The basement of the church was tastefully decorated and the long tables filled with delicious edibles of all kinds. No women were visible save when the kitchen door was inadvertently swung too far open. Each waiter wore a white apron and a regulation chef's cap. After the supper all adjourned to the auditorium, where the program was given by men. The choir chairs were filled with men. Most of the selections were patriotic. Solos, duets, quartets and patriotic choruses, with an occasional recitation, constituted the unique performance. The net proceeds amounted to \$35, which sum is to be used in the purchase of new music for the choir.

AT the annual Convention of Western University on Friday evening, at which there was graduated the largest Arts class that has ever gone out from the institution, some important announcements of progress were made. Hill of Minneapolis, who is regarded as one of the greatest authorities in matters of public health on the continent, has been secured as head of the Institute of Public Health, to take up his duties immediately. Steps have also been taken looking towards a new medical building, which it is anticipated will be erected during the coming year. Thirty-two degrees were conferred by President Braithwaite in Arts and Medicine, many scholarships and prizes were awarded and the address to the graduating class was made by Rev. D. C. MacGregor.

THERE was a meeting of the East Lambton Orange Lodge in 505 lodge room, which was attended by representatives of most of the Lambton lodges and several from Middlesex. Among those present were brethren from Sarnia, Petrolia, Oil Springs, Wainstead, Lovelock, Wyoming, Forest, Arkona, Jura, Kettle Point, Adelaide Village, Glencoe, Brigden and Strathroy. All these and others have decided to join in the big celebration to be held in Watford on July 12th which is expected to be one of the biggest demonstrations ever held in county. The meeting was presided over by County Grand Master Wm. Cully. The question of train service for the celebration was considered and will be fully arranged. Following are some of

the speakers for the twelfth: Rev. D. A. Moyr, of Petrolia; Rev. J. C. Reid, of Sarnia; Bro. J. E. Armstrong, M.P.; Rev. Bro. W. H. Graham, of Sarnia; Bro. Stapleford, of Watford, and Bro. R. J. McCormick. Colonel Kenward, reeve of Watford, will have charge of the day's proceedings.

Copy of a letter received by the secretary of the Women's Patriotic League from the secretary of the Red Cross Society, London:—"Your three boxes arrived in good condition. We thank you so much for all this splendid work. To-day we shipped a great quantity of supplies, both for Red Cross and war contingent. The Red Cross, you know, is for the sick and wounded, while the war contingent is for soldiers in the camps and trenches. We divided your supplies between the two and they are already on their way to the front. I think your League is doing splendid work. This war is all so strange and terrible. We are not used to it. As Canadians we have lived so peacefully, with plenty of everything. I often think that those European countries, so thickly populated, with seemingly a mad rush for life, do not consider war so badly as the Canadians. Sir Adam Beck, who has just returned from the front, says the fields are being tilled and people do not seem to worry, even in hearing of the guns, only a few miles distant, and in Belgium the German soldiers are destroying the new crops as they grow. What next winter will bring forth no one knows, but this much we do know, that it will be much harder than last winter, and we must give, give if we have our own loaf. Kindly thank the friends and keep on in the much needed work."
