Rev. I. W. Porter, superintendent of Home Missions, gave an excellent address in the Baptist church in this town on Sunday evening last. He showed how rapidly evangelistic work is being carried forward in the missionary fields of Nova Scotia and P. E. Island, and made a strong plea for financial aid in carrying on this work. A collection amounting to nearly \$15.00 was taken up for this object. Mr. Porter is a zealous worker, and the benefit of his labors are becoming plainly manifest.

At a meeting of the Executive Committee of "The Nova Scotia Temperance Alliance" held at Halifax recently it was decided that a time had come for a forward movement against the entrenched liquor traffic of this province, and Professor E. W. Sawyer, of Wolfville, was appointed Provincial Organizer. It was also decided to have introduced at the next session of the Legislature a prohibition bill similar to the law in operation in Prince Edward Island. To do this work funds are required to the extent of \$3,000. The Alliance earnestly appeals to every church and Temperance Society and to all friends of temperance and political parity to unite in making this forward movement a success. Kindly send all contributions to the President, Rev. J. W. Aikens, Halifax; chairman of finance committee, Wm. Burdill, Yarmouth, or to the Secretary, S. C. Mulhall, Middleton.

A monster excursion to Truro has been planned by the Dominion Atlantic Railway for Monday 22nd October, and which will be patronized by members of the different Boards of Trade and Agricultural Societies throughout the Valley. The run will be made from Warrick over the Midland Division of 58 miles, the latest territorial acquisition of the D. A. R. It has been promoted with the view of establishing more intimate and cordial relations between the counties of the East and of the West. The Truro Board of Trade, managers of the Experimental Farm and the commissioners of Victoria Park will vie with each other in extending a hearty welcome to all visitors from Western Nova Scotia. There will be big picnics and bands in Victoria Park, and at the Agricultural Farm, and a general inspection of the farm and college. We are authorized to announce that excursion trains will afford ample accommodation and that the best of order will be maintained.

Our subscribers are settling their accounts for this year's paper in good style. It takes a long time, though, for a collector to get over the whole country and it would save a great deal of trouble if those in arrears would drop into the office when in town, or even send a post office order. You can deduct the cost of the money order from the amount due.

The Lawrenceton covered bridge is to undergo repairs at once.

J. D. Shaffner informs the Monitor that if he can get sufficient timber he will build a vessel here next summer.

The D. A. R. station has been receiving a new inside coat of paint, and it is rumored that in the spring a fine new up-to-date station will be built on the old site.

The apple crop is pretty well gathered in by this time. It is more satisfactory than had been anticipated. The quality of our fruit is fairly good, and the flavor better than it has been for many years.

A thanksgiving social will be held in the Baptist Church on Thursday (to-morrow) evening at 7.30 o'clock. An interesting programme is arranged. Admission 15 cents to help in paying of the church debt.

Our citizens have had a good supply of muskoxen for some weeks past. Several fine carcasses have been brought into town from the southern woods by our sturdy hunters. Partridges are somewhat scarce, only a few having been secured during the present season.

An agitation is on foot to change Bridgetown into summer resort by building an artificial lake. The project is to purchase the marsh north of the abattoir, and by enlarging the dam flood from 25 to 30 acres, and then build a summer hotel on the banks of the lake thus formed.

The Y. M. C. A. Debating Club is about commencing operations for the winter season. A good programme is being prepared, with suitable variety of entertainment, and we may reasonably expect some pleasant evenings among our local orators during the coming months.

A letter to O. T. Daniels from the provincial engineer, dated October 12th says: "I beg to say Mr. Stewart, the contractor, reports that he expects to have the bridge (Paradise) finished and ready for shipment inside of three weeks, and will have it erected immediately after it is delivered. We will pit in the cement bridge seats on the present stone abutments, but this can be done very quickly, and we did not want to do the work until the iron work was about ready."

Brooks, both of Bridgetown, and three sons Charles A. in Boston, and Harry and Ralph both at home. The Halifax Trip.

To the Editor of the Monitor. Sir,—As the winner of the free trip to the Dominion Exhibition offered by the Monitor, it gives me great pleasure to express my appreciation of it. The trip as advertised to include all expenses from the time of leaving home until returning was carried out most nobly. The city looking its best, the delightful weather, and the fair first class in every respect, so far as I am capable of judging, made the trip very enjoyable. Not forgetting to mention the kindness of E. W. Bowers, proprietor of the "Carleton House," who has the honor of conducting the only temperance hotel in the city of Halifax, and who is deserving of patronage from the travelling public. In closing I can only hope that the next time the Monitor offers a prize for it, as judging from this year it will be well worth working for. Thanking you most heartily, I am MRS. H. A. GARDNER. Granville Centre, Oct. 13th.

DIED

SMITH—At the residence of Nitson Darling, on the 9th inst., James Andrew, infant son of Leo Smith, Dalhousie.

HYMENEAL

A quiet but unusually pretty wedding took place on the morning of October 10th inst., at "The Bluff," Clementsport, the home of Mr. and Mrs. Albert Morton, when their daughter Pearl Josephine, was united in the holy bonds of matrimony to Dr. Arthur S. Burns. The ceremony was performed by Rev. I. Allan Corbett, of Bear River, an Acadia classmate of the groom. The bride was very attractive in a princess gown of white silk crepe de chene trimmed with allover lace and chiffon. She wore the conventional wedding veil, and carried a bouquet of white bridal roses. The groom, who is a son of Capt. Amos Burns, formerly of DeLong and Seaman, Boston, is an honor graduate of McGill Medical College in the class of 1903, and since graduation has successfully practised in Bridgewater. Dr. Burns removed to Bridgetown in September. The presents were numerous and costly, bespeaking the popularity of bride and groom and the affection of numerous friends.

Dr. and Mrs. Burns returned from their wedding trip on Monday.

INGRAHAM-KINLEY.

A very pretty home wedding took place at the Baptist parsonage at East Margaree, C. B., on the 4th inst. at 4 p. m., when Miss Mary T. Kinley, youngest daughter of Rev. B. B. Kinley, East Lorne, was united in marriage to Joseph A. Ingraham. The ceremony was performed by the bride's father, assisted by her brother, Rev. T. J. Kinley, pastor of the N. E. Margaree Baptist church. The bride wore a dainty costume of cream man's veiling, trimmed with lace. The parlor was beautifully decorated for the occasion with flowers and autumn leaves. Supper was served, after which the bridal pair drove to their home, "The Willows," North East Margaree.

INCLIS-PARKER.

An interesting event occurred at Belleisle on the 10th inst., at the home of Mr. and Mrs. Fletcher Parker, when their daughter Josephine Beatrice, was united in marriage to Alfred Heartz Inglis, of Papperville. Precisely at the hour of eight o'clock to the strains of Mendelssohn's wedding march, beautifully rendered by Miss Eticelle Eaton, the groom attended by J. Robie Parker, brother of the bride, took their places under an arch of evergreens and autumn leaves, followed by the bridesmaid, Miss Pearl Inglis, becomingly gowned in a dress of cream crepe de chene. The bride was given away by her father. She looked charming in a handsome dress of white silk organdie over white silk, with bridal veil and carrying a bouquet of asters.

The nuptials were performed by Rev. Mr. Langille, Rev. Dr. Jost assisting. After the ceremony the bridal party and guests repaired to the dining room where luncheon was served. The bride was the recipient of many valuable and useful presents. The future home of Mr. and Mrs. Inglis will be at Papperville where they will be at home to their friends tomorrow and Friday, both afternoon and evening.

"Paddy" Walker Arrested For the 566th Time

"Paddy" Walker, whose name is a by-word in police circles and who has been arrested on an average twice a month for the past fourteen years, was again behind the bars at the police station last night on the same familiar charge which always appears underneath his name—Drunkenness. "Paddy" has been arrested on three different occasions during the last ten days, and on Friday he was sent to jail to sober up. Yesterday morning he was released, and at 7.30 last night he was again conveyed to the station, making it is alleged, the 566th time in fifteen years. Walker generally gets off with a small fine, and sometimes he is sent to Rock head for ten days, but he is not released from that institution five hours before he is again in the toils. This man is not only a nuisance to the police but to the public at large, and it is high time he was sent where it would be impossible for him to get liquor.—Halifax Herald.
