

hope that it may not be long before circumstances will warrant us in opening similar schools to that of Actonvale in other places.

Your Committee has also taken up the work of establishing day schools wherever a good opening is found, and we take pleasure in reporting three such schools. The first, in connection with the West End French Mission, is now held in the Salle Evangelique, on Delisle Street.

Our second school is found in the basement of the French Methodist Church.

At the St. Théodore Mission is a Dissident school, which is aided financially by our Society.

It is hoped that a system of scholarships in the Institute may be arranged for competition in the day-schools as a further means of binding them together.

We enter upon the new year with brighter prospects and stronger hopes than ever. Our object is not to assail Romanism or yet to proselytize, but simply to educate our fellow-countrywomen on the basis of an open Bible for all, in the furtherance of which we earnestly desire the prayers of each member of the Woman's Missionary Society.
