

Canada's Foreign Postal Rate.

LATEST INTELLIGENCE.

The following notice to postmasters has been sent out by the Government: Postmasters are informed that the proposed reduction in the postage rate from Canada to Great Britain and other parts of the Empire to 3 cents per ounce has been suspended, pending a conference with the Imperial and Colonial authorities in regard to the subject of Inter-Imperial postage, and in the meantime the old letter rate of 5 cents per $\frac{1}{2}$ ounce continues in force. It is hoped that the postmasters will do all in their power to cause this to be generally understood, so that letters may not be sent forward short-paid and so subjected to collection of double the deficient postage on delivery.
