BROWN BROS & Co.

GENTLEMEN—I wish to speak with approval of Simson's Liniment. Having my knee fractured and the cords almost destroyed by a kick from a horse, and after applications not proving successful to reduce the pain and soreness I used two bottles of the Liniment, which at every application took effect, and now, after six weeks being laid up, I am able to walk as well as ever. I have also used the Liniment with great success in taking the soreness from corns in horses after removing them.

Mining Regulations

TO GOVERN THE DISPOSAL OF MINERAL LANDS OTHER THAN COAL LANDS.

These Regulations apply to all Dominion Lands containing deposit of minerals of economic value, except coal.

QUARTZ MINING.

Area of location is limited to forty acres, except in the case of iron, when one hundred and sixty acres are allowed.

Claimants must stake out the location, and within ninety days afterwards make an entry for it with the local Land Agent, paying a fee of five dollars, and shall then have one year or, with the sanction of the Minister of the Interior, two years within which to purchase location at five dollars per acre, cash. He must also expend within each year at least five hundred dollars in development.

No person shall hold more than one location on the same vein or lode.

Applicant must also when he pays for his location deposit fifty dollars with the Land Agent to pay for the survey, and the returns of such survey must be accepted by the Surveyor-General before the issue of patent.

Should an iron location prove to contain a deposit of valuable mineral other than iron the area shall be restricted to forty acres.

Provision is made for the manner in which land may be acquired for reduction and other works required for developing the mine.

PLACER MINING.

The Regulations for Quartz Mining apply to Placer Mining wherever possible.

The nature and size of Placer Mining claims are provided for in the Regulations and the rights and duties of miners fully set forth.

The Regulations govern the mode of acquiring, constructing and operating Belcher Flumes, Drainage of Mines, and Ditches.

The General Provisions of the Regulations define how disputes shall be heard and determined leave of absence granted, &c., &c.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy Minister of the Interior
