

PUBERTY

At this time the administration of a proper remedy can go a long way toward establishing normal functioning of the reproductive system of girls approaching maturity. Hayden's Viburnum Compound exerts a beneficial influence upon the nervous and reproductive system, and if administered just prior to the initial catamenia, its anti-spasmodic and tonic action will be found of particular advantage.

HAYDEN'S is the standard Viburnum Compound by which all others would measure. Samples and literature on request.

When you prescribe Hayden's Viburnum Compound, see that the genuine and not a substitute is taken, if you want definite results.
