

**GREATEST  
ANTI-SEPTIC  
REMEDY  
OF THE AGE.**

**Why Does it Cure ?**

Because it stops the fermentation going on in the body without injuring or killing the patient.

**BY DOING THIS IT MUST CURE !**

No fermentation or decay, hence no sickness can take place without Microbes, Air, Temperature and Moisture, Nature's Destroying Element.

To preserve healthy bodies or cure diseased ones, we must stop the fermentation going on in them by saturating the system with an anti-septic that will not injure the patient.

"Radam's Microbe Killer" is the only remedy known to the world that can be safely used for this purpose, and was never known to fail.

Investigate at once, do not let prejudice have sway.
