Everfast Stainless Hosiery.**Mercantile Summary.**

McLEAN BROS., of Springhill, Compton Co.,
Que., have taken a contract from Mr. Dudley
to haul in 400,000 feet of spruce logs, to be
landed on cars and shipped to the United
States to be sawn.

We have already referred to the intention
of Mr. George Matthews, of Peterboro, to open
a pork packing establishment in Vancouver.
This he has now done, under the management
of Mr. George S. Matthews. For the first the
cured meats are to be sent through ready for
sale. A warehouse will be engaged and smoke
house constructed, after which the dressed
meat will be smoked here, and later, if the pigs
can be purchased in the vicinity of Vancouver,
all the work will be done in that city.

BUCKSKIN is a favorite material for gloves
and mittens in Canada and the United States,
but much of the comfort and durability of
such hand covering depends on proper tanning
of the skins. For twenty-six years past the
Ontario Glove Works at Brockville have paid
much attention to these skins, and turned
out excellent gloves. They buy South
American deer skins, which are said to
be the best of material for fine gloves, and
part of their supply is obtained in the shape
of deer, elk and antelope skins from the North-
west Territories, Manitoba and British Colum-
bia. Mr. Hall, of these works, tells us that
perhaps one-fifth of their whole output of
gloves and mitts is made from deerskins pro-
cured in Ontario, as far north as Sudbury
and Mattawa. He buys deerskins from
various parts of the States, notably Michigan
and Colorado, and tans them in Brockville.
These he buys in New York City, which is
perhaps the greatest market in the world for
deerskins.
