The Genuine Singer Machines are celebrated for being more simple to operate, less liable to get out of order, do bottor and a greater range of work, break less needles, and more durable than any other.

The celibrity of the Genuine Singer Machines, and the reputation which they have acquired over all others, for superiority, has led certain manufacturers of Sewing Machines. in Canada, to make a begus imitation of the Singer No. 2 Machines, and which are palmed off upon the public for Singer Machines, but in value, when compared with the Genuine Singer Imperial, No. 2 Machines, stand in about the same position as begus coin does to genuine gold.

Look out for impostors, and dealers in begus machines, who will not only tell you the bogus are quite epual to the Genuine, but superior, and that it is your duty to huy Home Manufacturers. But if you want a Machine that will prove truly reliable, and really worth what you pay for it, buy the Genuine Singer, Letter A Machine is the best Machine made for family use.

The Genuine Singer, Imperial No. 2, is the best Machine made for tailoring.

The Genuine Singer, No. 3, is the best Machine made for tailoring.

JOHN PARK begs to call the attention of the trade to the Whiskies manufactured at the above establishment, which for strength, pority, and flavor are unequalled by anything made in this country. They are well known and in great demand throughout the whole of Canada, being shipped in sarge quantites to Liverpool, and Lou-don, England, where they are much approved.

Grocers, Wine Merchants and Dealers generally, should lose no time in giving them a trial. There are many instances of storekeepers doubling their rate in a very short time by introducing these celebrated whiskies.

The trade can only be supplied through meat the epot, where all orders will be promptly attended to.
