

PREFACE  
CANADIAN CATALOGUING IN PUBLICATION DATA

Working Papers, the results of research work in progress in a series of seminars and conferences, are regarded by the Institute as of sufficient value to warrant their publication in limited numbers - usually only specialists in the field. Unlike the published series - working papers, the Canadian Navy: Options for the Future, is a published series.

(Working Paper: 41)

The opinions contained in the papers are those of the authors and do not necessarily represent those of the Institute. The Institute is not responsible for any errors or omissions in the text.

Captain (N) Robert H. Thomas was a member of the Department of National Defence to the Canadian Institute of International Law and was a member of the Institute. He examined the manuscript and made minor corrections. The Institute is not responsible for any errors or omissions in the text.
