WHO PAYS THE DUTY?_ You or our foreign competitor

You pay. About that there is no room for doubt.

And it's more than likely you believe in the necessity of the tariff. But-of what earthly good is it if you pay the duty?

The foreigner laughs at duties imposed by our government as long as you are willing to cash up. Take beer, for instance.

is the purest and best beer brewed on this continent The formula and entire process of brewing "Salvador" is a secret and absolutely controlled, on this side of the Atlantic, by Reinhardts' of Toronto.

Beer, almost as good as "Salvador," is brewed by the big American can brewers and sold in the States at exactly the same price as "Salvador" in Canada.

But-when you order an American beer in Canada there's 34% extra to pay—the duty—plus extra freight charges.

Is it rational to pay that duty—when you can get a better beer at the normal price? "Salvador" beer is rich in flavor, sparkling and charged with invigorating properties.

HORSE SHOW ENTRIES. Lists Set to Close To-day With Secretary W. J. Stark.

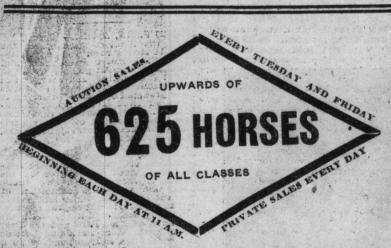

Uncommon interest is being taken in the forthcoming Canadian National Horse Show, owing to the fact that this is coronation year, and a number of horses which are going to cross the water to compete at the big international show at Clympia, London, will be exhibited here. Apart from that, however, the entries in quality, and number promise to exceed those of last year, which of itself was a record up to that time. A striking feature of the entries so far received is the number of new people who are coming into the game. Sir Henry Pellatt is taking exceptional interest, and has already made a large number of entries, including some extra fine horses recently bought on his behalf by Truman Lewess at the Serg and other prominent sales in New York, Sir Henry Pellatt promises to the competency of t
