U. S. SECRETARY OF WAR HAS RESIGNED

Dickinson's Successor is Henry L. Stimson, the New York Lawyer, Who Recovered \$3,000,000 for State by Prosecution of the Sugar Trust.

WASHINGTON, May 12.—Secretary of War Dickinson has resigned. President Taft has appointed Henry L. Stimson, recently Republican candidate for governor of New York in his place.

Secretary Dickinson's resignation was dated April 28, and his action was due to pressure of his private business in Tennessee. The president's letter of acceptance, dated May 5, shows that in the meantime Mr. Dickinson had offered to sacrifice his private affairs if his leaving the cabinet during the Mexican troubles should embarrass the president. The correspondence is of the most cordial nature.

Jacob M. Dickinson is 60 years old and a lawyer. He was one of the counsel for the United States before the Alaska boundary tribunal, and is a past president of the American Bar Association. He has lived in homes in Nashville, Tenn., and he has served on the supreme court bench of that state. He had a law office in Chicago for years before he became secretary of war. He has large land interests.

The New Secretary. Stimson is a New York lawyer, formerly a partner of Senator Root. He is 45 years old. He served as the states attorney for southern New York, and as such initiated proceedings against the Standard Oil Company, and most of the railroads running into New York, convicting them of re-bating. He also prosecuted the Sugar Trust for defrauding the government and recovered \$3,000,000, besides sending many of the employees and some of the officials to jail. He also prosecuted C. W. Morse, the banker, who is now serving a fifteen-year sentence in Atlanta prison, and James Gordon Bennett, of the New York Herald, who had to pay \$50,000 fine for publishing indecent advertisements. Stimson was Col. Roosevelt's choice for Republican candidate in New York last fall for governor, but went down with his party, owing to dissensions in the Republican ranks and the opposition to Roosevelt's so-called new nationalism.

WORKMEN ON INTAKE GETTING \$35 A WEEK

Controllers Inclined to Think Pay Unduly Liberal—Against Hospital Removal.

The big pay of the laborers at work on the broken intake pipe was the subject of discussion at the delayed meeting of the board of control yesterday afternoon. Controllers Church and Hocken thought the men were getting a good deal more than they should be getting. The records of the payrolls show that a son of Engineer Fellows received the remuneration of \$47 odd dollars per week, the captain of a small boat employed. The regular pay of those men is \$3.50 per day.

Mayor Geary defended the large salaries, saying that the men were working overtime regularly. "These fellows are doing 20 hours work a day and 36 to 108 a week, regularly," he said. The controllers were not thoroughly satisfied, however, and the matter will be investigated.

RUSSIA DENIES RUMOR

ST. PETERSBURG, May 12.—An official denial of rumors that Russia and Japan are negotiating a common plan of action in the Far East is issued here tonight. The statement declares that one of the principal tasks of Russia in the Far East is for the maintenance of friendly relations with China.

STEAMERS COLLIDE

LONDON, May 12.—The steamer Cayo Panto (Br.) from London to Liverpool, and the steamer City of London, bound from London, collided in a fog off the North Foreland. Both steamers have returned to port.

ONT. VILLAGES ARE IN DANGER

Bush Fires Threaten Craighurst and Bala in Muskoka, and Levant on K. & P. Line.

CRAIGHURST, May 12.—(Special.)—Bush fires are raging furiously all around the Village of Craighurst, causing much alarm to the residents. Unless the high winds that prevail at the present time abate, and rain is forthcoming, the village is in danger of becoming wiped out. The fire is making rapid strides, fanned by high winds and the village is enveloped in smoke. A number of the male residents are turning out to fight the flames.

Approaching Bala. Bala, May 12.—Wm. Carr started a fire yesterday to clear the corner of a chopping. After dinner it was beyond his control and is now across the C. P. R. track. The fire is raging before a high wind eastward along Shanty Bay towards Bala. Buildings will be in danger if it crosses the swamp north of Robinson's farm. There is no provision of any kind for fighting it.

Levant Threatened. KINGSTON, May 12.—(Special.)—A big bush fire is raging at Levant, on the line of the Kingston and Pembroke Railway, sixty miles north of here. Major Graham was called upon to render assistance to-night. The mayor gave Fire Chief Armstrong permission to take the Craighurst fire engine and as much hose as he could spare. A special train was made up and left as soon as possible with men and equipment. The report from Levant states that the fire is about a quarter of a mile from the village. It is believed it will be checked in time to save the buildings in the village. There are less than a dozen houses at Levant.

A special from Levant says the engine of the Wilbur Iron Mines has been fighting bush fires for two days and nights, and that if the wind changes, a strike will be struck. Kingston firemen are at the scene checking fire as best they can.

BENJAMIN SINCLAIR DEAD

Resided in Deer Park for Thirty-one Years—All One Day.

After one day's illness from neuralgia which affected his heart, Benjamin Sinclair, for 31 years a resident of Deer Park, died suddenly last night at his residence, Delaware-st.

Mr. Sinclair, who was in his 72nd year, was in the grocery business until 11 years ago, when he retired. He resided in his position as treasurer of Deer Park Presbyterian Church, which he had held since the foundation of the church over 30 years ago.

ENGINEER WAS HERO OF STEAMSHIP COLLISION

Repaired Wireless and Made Call For Aid Possible—Mexican Refugees Among Passengers.

NORFOLK, Va., May 12.—The passengers and crew of the steamer Merida were landed here at 7 p.m. Perry E. Boulton, an expert engineer, was the real hero of the hour. It was largely through Boulton's assistance that the Farragut's wireless was repaired and Operator Leach's first call for aid, at 8 o'clock, was made possible. From the old Dominion liner Hamilton and the battleship Iowa, both 50 miles away, the Hamilton raced to save lives. The Hamilton won. Just a few minutes after 8 o'clock the Hamilton sighted the Admiral Farragut, and in half an hour had life boats out. Within two hours three hundred and twenty-nine passengers shifted from the Farragut to the Hamilton. The Merida's lights were extinguished ten minutes after the collision. Passengers were thrown from their beds in state rooms and bunks below. Ship's officers quieted women passengers, three or four of whom having infants in their arms rushed to deck in their night clothes.

Two score Mexican refugees were among the Merida's passengers, bound for the United States and Europe. One passenger is said to have been a Roman Catholic archbishop en route to Rome.

One woman said she lost \$1000 in gold deposited with the Merida purser, and half a car load of tropical birds, which she was importing. The secretary to the Italian legation in Mexico, and other banks at the port, were many other losses equally as great.

FEAR DUNDAS MAN HAS COMMITTED SUICIDE

Last Seen in Hamilton Store on Wednesday—Wife in Strained Circumstances.

HAMILTON, May 12.—(Special.)—The sudden disappearance on Wednesday of Hugh Martel, from his home in Dundas, has caused a sensation in that town. Martel left home for the day, and it is believed he has committed suicide. The latter theory is favored, as Martel was not in debt, so far as is known, and his domestic relations were apparently of the happiest. No reason, therefore, can be ascribed for his disappearance. It is feared that he has met with foul play or has committed suicide.

Martel is described as 35 years of age, 5 feet 10 inches in height, well built, dark, salt complexion, very dark hair and moustache. At the time of his disappearance he was wearing a brown serge suit and a black hat, and was carrying a grey waterproof coat. He is of French descent and was born in New Brunswick. He has lived in Dundas at different times for about eight years, but has worked in Hamilton, St. Catharines and the States within that period.

Housebreaking and theft is the charge against David Henry Ryan, who was taken in to-night by Sergeant Chapman. A youth living at 16 Railway-street, was arrested by Detective Savers this afternoon on a charge of theft.

A grouping of photographs taken on the island Monday when 25,000 people saw the opening game of the Eastern League in Toronto. They convey a splendid idea of the immense crowds there. Individual pictures are: The mayor throwing the first ball; the lacrosse season at the island; the opening of the new building at the corner stone of the new women's building at the exhibition; two views of reading camps in the more land; groups of members of Simpson-avenue Methodist Church; the boys' athletic association; the boys' scouts of All Saints' Church; Stanley Batters Cricket Club; a neck to neck election in England; the Golf Club; Hamilton scouts, who will take part in the contest.

WANTED U.S. EXPERTS ON ROUNDED CORNERS

Vice-President McNicoll of C.P.R. Disappointed Over Failure of Other Negotiations.

With \$2,000,000 or \$2,500,000 ready money to invest in and around Toronto it would be worth while for the city to make up and endeavor to effect a settlement of outstanding questions. This at least is the sentiment of the C.P.R. representatives, who have spent the last two days in Toronto looking over the local situation. David McNicoll, first vice-president and general manager of the C.P.R., when seen by the World last night, before leaving for Montreal, expressed himself clearly in regard to several matters in issue.

OTTAWA, May 12.—(Special.)—There was a business-like sitting of the house to-day and a number of government measures were under consideration.

Hon. W. S. Fielding introduced a bill to extend for one year the charter of the Canadian banks, which expires at the end of every ten years. This probably means that the general revision of the Bank Act will be deferred until next session of parliament.

PRELATE BURED WITH SOLEMN RITES

Large Gathering of Clergy and Laity Attend Obsequies of Archbishop McEvay at St. Michael's Cathedral—Bishop Fallon, in Powerful Tribute, Praises Laws.

Fergus Patrick McEvay, once Bishop of London, late Archbishop of Toronto, but over a priest of the holy church of Jesus Christ, farewell from all of us until we meet again with God in heaven.

With these words the Right Rev. Michael Fallon, Bishop of London, concluded an eloquent oration over the mortal remains of his grace Archbishop McEvay. It was a fitting tribute by a strong man to a strong man, and more appropriate because the one who spoke was the ecclesiastical superior of London to the one who had departed, who took up the cross he had laid down to assume a larger responsibility and was now completing the work he had left unfinished.

No more impressive scene has ever been witnessed within the stately walls of St. Michael's Cathedral than that of yesterday. The ornate decorations, sufficient in themselves to form a suitable altar for a grand funeral, were amplified by the funeral drapings; the gathering of the prelates around the casket, with the gorgeous colorings of the golden vestments, the sombre hue of the densely packed throng in the pews mingled with the white surplices of the sitting clergy in the centre of the nave; these, and the striking figure of the speaker in the pulpit, clothed in a simple black cassock with broad white bands, towering above and reaching over the vast throng, made a picture which those who saw will never forget. And in the closing moments of the service, when Bishop Fallon said, "Eternal rest come unto him. The Lord rest in peace, thou who art the Father, the soul and the souls of all the faithful departed, thru the mercy of God, rest in peace, there was a spiritual quickening of the archangel's voice. The soft chanting of the organ which followed and the sweet voices of the choir, as they chanted the responses of the requiem flooded the sanctuary with a melody of peace. Not a sobbing voice was heard. The service was a masterpiece of the see of London, and has so fittingly expressed what was in every heart. It has also succeeded in its object, to place before the eyes of the people the work which has been so abundantly endowed with his blessing and spirit."

Long before the hour of service the open ground around the cathedral was filled with people waiting for the doors to open to gain admission. Those who possessed tickets quietly and reverently filed in to their allotted places. There was a hush in the sanctuary while the rays of sunlight stole in thru the colored windows of the choir and interior. Shortly after 10 o'clock the procession of clergy arrived, the bishops and prelates, passing into the chancel and grouping themselves in order of precedence around the casket. The archbishop's throne was appropriately left vacant, while on the opposite side a canopy had been erected for his excellency Mr. Stagni, papal legate, who, robed in purple and gold, in a mitre of red velvet, conducted the high mass of the requiem.

The service was fully choral. The deacon of the mass was Rev. Father Thomas, the cantor, Mr. McEwen, Rev. Father Coyle, Holy Trinity Church, Toronto. The deacons of honor, who attended the apostolic delegate, were: Mr. McEwen, Mr. Moyna, Mr. Barrie, Rev. Dean Ross, St. Catharines; Rev. Dean Hand, Toronto.

The archbishops present were: Archbishop Bruchesi, Montreal; Archbishop Beign, Quebec; Archbishop McEvay, Toronto; and Archbishop Gauthier of Ottawa.

The bishops in attendance were: Bishop Dowling, Hamilton; Bishop Leleup, St. John's; Bishop O'Connell, Kingston; Bishop O'Connor, Peterboro; Bishop Peelan, Fall River; Bishop Hickey, Rochester.

Members of the monsignory who occupied seats in the chancel were: Mr. Sinnott, Ottawa, secretary to the apostolic delegate; Mr. McEwen, Toronto; Mr. Aylward, administrator of the London diocese, and Mr. Masterson, administrator of the Kingston diocese. Clerical representatives from American cities included Fathers Foley and Timan, of Chicago, and Father Van Antwerp of Detroit.

PUBLIC MEN ATTEND

Those in the first seats were: Premier Whitney, A. C. Macdonell, M.P., South Toronto; Edmund Bristol, M.P., Toronto; Hon. Mr. Reseau, M.L.A., minister of public works.
